Knox Resolution Putting Senate On Record Against League in Treaty Reported Today

AMENDED BY SEN. LODGE

Drop Section For U. S. To Help Whenever Peace of Europe Is Threatened

Filibuster To Block Passage of Resolution in the Senate, Threatened

WASHINGTON, June 12.—Senator Knox's resolution to put the senate on record against accepting the League of Nations in the terms of peace treaty was reported today, in an amended form by the senate foreign relations committee. The committee struck out the section of the resolution which would declare it a policy of the American government that whenever the peace of Europe became again threatened the United States would co-operate to remove such a menace.

A resolution reserving the right of the American congress, to determine the justice of the obligations imposed upon this country under the much-discussed section 10 of the League of Nations covenant, was meanwhile introduced today by Senator Sterling, republican, South Dakota.

The motion to amend the Knox measure was made by Chairman Lodge

MORE WITNESSES TESTIFY IN SKEELS CASE

LAWRENCE, June 12.—While witnesses for the state were continuing their testimony today at the trial of Mrs. Bessie M. (Skeels) Lundgren, who is charged with the murder of her patient, Miss Florence N. Gay, the body of Miss Gay was removed from its burial place in Andover at the request of the defense for an autopsy. Medical men representing both the state and the defense will receive portions of the body tonight, and it is expected that microscopic and other examinations will continue for a week.

Mrs. Edith M. Luce, a cousin of Miss Gay, who was called by the prosecution yesterday and identified several articles found in Mrs. Skeels' room as property which she had seen in the Gay home, continued her testimony today. Several other articles, including wearing apparel and Civil war relics, were shown and identified. Much of the clothing, she said, had belonged to Abbot academy students who roomed at the Gay house.

Under cross-examination, the witness was questioned closely about individual articles.

PREPARED FOR BORDER ATTACK

Federal Garrison at Juarez Ready To Meet Advancing Rebel Force

Many Citizens Fleed Across River to El Paso—Clash Is Expected

JUAREZ, June 12.—With the advance guard of General Angeles' rebel force reported only 16 miles east of Juarez, the federal garrison here was prepared for an attack early today. Five hundred federal cavalrymen were sent east last night, and all officers of the garrison in the city were ready for immediate duty.

Shortly after midnight, American customs officials reported having heard a few scattered shots, but whether these were signals of outposts or mere accidental discharges, could not be ascertained.

Many civilians have moved across the river to El Paso, Tex., and most of those remaining appear to have provided themselves with firearms.

WELCOME HOME PARADE ON THE FOURTH

To further plans for Lowell's reception to her returned soldiers and sailors on the Fourth of July, Mayor Thompson called a number of the city's military men into conference with him at his office this morning for an informal discussion of the matter. Present besides the mayor were Capt. John C. Leggat, Capt. W. C. MacBratney and Lieut. Arthur F. Woodley. This discussion centered around the proposed parade to be held on the holiday and it was decided to put the matter up to the city's returned soldiers at their meeting at the state armory tomorrow evening.

Several names were broached for the position of chief marshal, but a final choice will not be announced until after tomorrow evening's meeting. It is planned to have not only the returned soldiers and sailors take part in the parade, but also other military organizations and every social and fraternal body in the city. Every band that Lowell has will be engaged and in addition a number from out of town will be hired.

COL. HOUSE LEAVES PARIS ON WAY TO LONDON

PARIS, June 12.—Although Col. E. M. House of the American peace delegation will go to England tonight, he is authoritatively denied that he is to visit Ireland to investigate the Sinn Féin situation as reported.

In anticipation of his departure for London, Col. House had a long conference with President Wilson last evening, going over the general situation.

LOWELL SOLDIER DUE IN BOSTON SOON

Among the Lowell men due to arrive on the transport Calamarens in Boston next Saturday from St. Nazaire is Private Herbert H. Humphries of 70 Smith street, this city, a member of Co. B, 501st Engineers. Several other Lowell men are also due to arrive on this vessel as the units it is carrying were a part of the 76th Division and trained at Camp Devens.

PLOT TO FOMENT A REVOLUTION

Five Men Under Arrest at Hutchinson, Kansas, on Serious Charge

Believed To Be Members of I.W.W.—Other Arrests Are Expected

KANSAS CITY, Mo., June 12.—Five men are under arrest today at Hutchinson, Kas., on a charge of fomenting revolution. It is believed by the federal authorities that they are members of the Industrial Workers of the World.

Other arrests are expected, as the federal authorities believe many organizers of the I.W.W. are at work in the grain belt of Kansas.

LEAGUE LEADERS IN LOWELL TODAY

A large crowd greeted the League-leadering Lewiston team at Spaulding park this afternoon when it lined up to meet the Lowell club in the first of a two-game series. Fred Parent has his outfit traveling at top speed, his principal asset being a good string of pitchers working in regular turn.

Many of the fans were out to give Bob Clark, the pitching first baseman of the local team, the once over. He was Hayden's selection for the afternoon and looked good enough in his warming up to give a reputation of his performance against Portland last Saturday. The lineup:

LOWELL LEWISTON
Baker ss.....Parent
Bekstein 1b.....Stark
Lynch 2b.....Kincaid
Wenker 3b.....Drolette
Devon ab.....Kest
Cline rf.....Murphy
Bosson cf.....Beaudoin

GERMANS EXPECT ALLIED ADVANCE

Despatch From Coblenz Tells of German Withdrawals Along the Rhine

Menace of Bolshevism in Central Europe Causes Concern in Conference Circles

(By the Associated Press)
There is an evident impression in Paris that the allied reply to the German counter proposals which probably will be ready late Saturday night, will refuse the German request for important alterations in the terms of peace. The Germans will be given five days in which to make up their minds as to their course, thus final action by them on the treaty may be expected on or about June 18.

Not to Lighten Burden

While the Council of Four probably will explain the provisions of the treaty and may grant some minor concessions, it appears that there are to be no changes which will materially lighten the burden placed on the enemy by the treaty presented on May 7.

German Expect Advance

A despatch from Coblenz tells of the Germans withdrawing all material from territories east of the allied bridgeheads and says that armed German forces also have retired a considerable distance east of the ground held by

15 PER CENT INCREASE

Police Officers Request This in Petition to Mayor This Morning

A delegation representing members of the local police department called on Mayor Perry D. Thompson at the latter's office this morning to present a request for a 15 per cent. increase in wages. This action follows the virtual rejection of their petition for one day off in eight by members of the municipal council.

Members of the department now receive \$4 per day and the increase, if granted, would give them \$4.60 per day. The mayor assured them that the matter would be taken up at next Tuesday's meeting of the municipal council.

The request from the police department for an increase comes right on the heels of a similar request from members of the Municipal Employees and City Teamsters' unions presented yesterday. If the council sees fit to grant these increases, it is probable that a supplementary budget will have to be adopted this year as was done a year ago when various employees received an increase in wages.

MERRY WIDOWS ON HOWARD'S TRAIL

As early as 5:30 this morning Mayor Perry D. Thompson was roused from balmy slumber to answer the queries of an unknown widow who wanted further information about the Howard Hunter person described in yesterday's editions of The Sun as looking for a widow lady between 30 and 40 who was not too fat and who had one child.

Howard, who is looking for a bride and has promised the mayor a gold nugget if he wants, Bright and early were Lowell's widows on the job this morning. The 320 person said she had one child, a boy of 10, and thought she could meet the requirements of Idaho Howard. The mayor referred her to his city hall office where they could talk the matter over. As soon as he reached his office there were more calls from enterprising widows and he had just the meals canceled by Howard in his matrimonial dream of bliss. No decision has been reached yet.

Wire Officials Declare Nation-Wide Strike a Failure--Union Heads Claim Victory

GAS EXPLOSION BREAKS GLASS

Uncapped Pipe Causes Considerable Damage in West Centralville

Windows Shattered and Room Burned in Early Morning Accident

Gas escaping from an uncapped pipe in the ceiling of the parlor of the home of Wilfred Bouthiette, 71 Carolyn street, Centralville, caused an explosion and fire at 8:20 o'clock this morning which resulted in the breaking of glass in four windows of the room, the smashing of five windows in a building some 20 yards away, the lowering of the floor of the parlor two inches and considerable other damage. No one was injured.

The building in which the explosion occurred is of popular construction. It has been erected only six years and consists of a small variety store which is joined to a two-story cottage by a narrow passage, the whole forming the shape of an H. The gas pipe causing the leak runs from the upper story of the cottage to the foreground of the parlor, extending only to the ceiling where it is supposed to be capped.

AUTOMOBILE DAY IN POLICE COURT

Autoists' attention! Are you sounding your horn, bell, siren or other noise making device at the intersection of cross streets in your rambles throughout the city?

If not, you had better watch out. The police have decided to enforce this ordinance to the limit from now on, and as a result of their activities seven men were arraigned before Judge Pickman in police court today on this charge.

Six of the defendants pleaded guilty and were assessed \$2 each. The names given were Henry Pelletier, Arthur Walton, Fred Dorson, John Runk, John Kacuskis and William Ramsay. The other man, Michael Higgins, entered a plea of guilty and his case was continued until Tuesday. Ramsay was stopped yesterday by Lieut. Connors and Sergt. Maguire at Smith and Westford streets, while the other offenders were halted for failing to sound signals at Gorham and Union streets by Sergt. McManmon and Patrolman Shapiro.

Charles Kunhardt and Samuel Katze were called on continuance on the charge of violation of the motor vehicle law. Katze was fined \$7, and Kunhardt ordered discharged.

For operating an automobile without a license John Anderson paid a fine of \$10.

Harry Savoy and Mary Johnson, who gave Haverhill as their home, were called on continuance on a statutory charge, both having pleaded guilty yesterday. With a promise of immediate marriage, the cases were placed on file.

The principals who figured most prominently in the fracas on the North common last Wednesday night, Alexander Spero and Anastasio Anastasio, were called on continuance and a further continuance granted for one week. The pair are charged with assault upon a police officer.

ATTENTION

Will those persons, who through false and misleading advertisements, were enticed into another theatre, other than the Lowell Opera House, expecting to see the year's super film production MICKY, and consequently were deceived, please send their names and addresses to the Manager of the MICKY Company, the Lowell Opera House, City.

HAGEN WINS GOLF TITLE

Oakland Hills Professional Defeats Mike Brady in Play Off of Double Tie

Hagen Led by One Stroke in 18 Holes—He Was Around in 77, Brady in 78

NEWTON, June 12.—Walter Hagen of Oakland Hills today won the national golf championship. Playing off a tie with M. J. Brady of Oakley, Hagen led his rival by one stroke in 18 holes. He was around in 77, Brady in 78.

Besides the championship, the winner receives \$500 and a gold medal. The loser will take \$250.

A slight breeze was stirring when the players teed off at the first hole. A large gallery watched the play.

The play by holes follows:

First hole, 337 yards, par 4; Brady

Hagen 5

Hagen sliced his tee shot into the woods and his second was just over

PURCHASES CLOTHES FOR BELGIAN ARMY

"The Belgian government will continue to buy clothing for its armies from American industries for at least two more years," said Lieut. Marcel Salve of the Belgian commission for the purchase of war supplies this morning. "We have been buying garments from this country for the past four years and I feel sure that it will be at least two more years before we are in a position to manufacture our own products."

Lieut. Salve recently came to Lowell as a member of the Belgian commission for the purchase of war supplies. This commission was composed of five members, all army officers, one of whom looked after the purchase of food, another the care of the buying of automobiles and trucks, while the third member purchased ammunition. The fourth member of the commission saw that financial aid was given Belgium, while Lieut. Salve saw to the purchase of clothing. Three members of the commission have returned to their country and it is expected that another will leave in a week or two. Lieut. Salve will be the only man to remain.

The headquarters of the commission was in the office of the consul general of Belgium in New York.

Lieut. Salve left Lowell this noon for Boston and from there will go to Worcester, where other large contracts will be given in the clothing line. The distinguished officer expects to return to this city in a fortnight and it may be that at that time that he will be in a position to place more contracts with Lowell mills. The Lowell products and very much interested in the wide variety of goods produced here.

German Government Will Not Resign

WEIMAR, Wednesday, June 11. (By the Associated Press.)—"We are still in office and we will stick, because it is our duty to save the German people," Gustav Noske, the minister of defense, declared at the meeting today of the majority socialist party.

Konenkamp Says New York Broker Operators, 3500 Strong, To Join in Strike

Railroad Telegraphers Ordered Not To Handle Messages After Saturday

CHICAGO, June 12.—In the face of statements by officials of the commercial telegraph companies, that the nation-wide strike of operators had failed, S. J. Konenkamp, international president of the Commercial Telegraphers union, announced that assurance had been given that the New York broker operators, some 3500 strong, would join the strike.

CHICAGO, June 12.—Both sides concerned in the country-wide strike of members of the Commercial Telegraphers union, continued to make four

IN APPRECIATION OF LOWELL POLICE

In appreciation of the services of Lowell policemen during the recent industrial unrest in Lawrence, Alderman Peter Carr of that city, who is director of public safety, has sent the following letter to Mayor Perry D. Thompson:

Dear Sir:—I take this means of extending to you and to your city heartfelt and grateful appreciation of the citizens of Lawrence and, especially, of that of the department of public safety for the kind co-operation and assistance given to us during the industrial disturbance through which we have just passed, by loaning to us the services of your police officers.

This service was a tremendous help and of great value to our community as manifested by the work accomplished and the excellent results made and maintained by the officers from your city who, at all times, proved themselves to be gentlemen, capable of conducting themselves in a proper manner and also efficient officers.

While Lawrence apparently was made the centre of activities wherein to launch the movement for Bolshevik propaganda and upon Lawrence were centered the eyes of the whole world, it was not alone her fight but that of the entire commonwealth and it was the assistance rendered along this line of state-wide co-operation that succeeded in putting down this rise of irresponsible radicals and suppressing the furtherance of their project.

Thanking you once more for your co-operation, I can assure you that at any future time the city of Lawrence can be of help to the city of Lowell, a ready and willing response will be forthcoming. Gratefully and appreciatively yours, I remain,

Very respectfully,

PETER CARR,

Alderman, Director of Public Safety.

LABOR AGAINST THE DRY LAW

American Federation Calls on President Wilson and Congress To Act

Gompers Explains His Stand—Body Votes To Join Big Demonstration

ATLANTIC CITY, N. J., June 12.—A resolution expressing organized labor's disapproval of wartime prohibition and strongly urging that 23 per cent beer be exempted from the provisions of the 18th amendment to the constitution and from the wartime prohibition measure which goes into effect July 1, was adopted yesterday by the reconstruction convention of the American Federation of Labor.

A bitter fight was waged on the proposal by dry elements who based their arguments on the benefits they said had been found through prohibition, but it was carried by an overwhelming vote of 28,475 to 4,005, voting proportional to the membership of the unions represented.

The resolution will be sent to President Wilson and congress, and the executive council of the federation is directed to "do everything in its power to preserve to the people of the United States their freedom, liberty and democracy."

Intended to Deprive Workers

At the outset the resolution cites the provisions of President Wilson's executive order stopping the brewing of beer on Dec. 1, 1918; the provisions of the war emergency bill, establishing wartime prohibition and the 18th amendment. It then continues:

"Whereas, all the foregoing is principally intended to deprive the workers of America of the means to secure legally a glass of beer after a day's work, and

"Whereas, all the restrictive and summary legislation has the effect of destroying part of the American labor movement, and is seriously crippling many international organizations, affiliated with the American Federation of Labor, therefore, be it

"Resolved, that the American Federation of Labor in convention assembled in Atlantic City expresses its disapproval of wartime prohibition and that a strong protest from the delegates to this convention be forwarded to the government at Washington, setting forth in a most emphatic manner the opinion of the delegates to this convention that the present mild beer of 23 per cent alcohol by weight should be exempted from the provisions of the 18th amendment to the constitution and also from the provisions of the war prohibition measure; and be it further

"Resolved, that the executive council of the American Federation of Labor be and is hereby instructed to convey these expressions through a committee to the president of the United States and to the congress and to do everything in its power to preserve to the people of the United States their freedom, liberty and democracy."

Chicago Vets "No"

Nearly all the big labor organizations of the country voted for the resolution, only a few voting negatively or splitting their vote. The blacksmiths, spinners, stereotypers, and delegates of the Teachers' Federation of America all voted against it.

The boiler-makers and iron ship-builders, the longshoremen, and the typographical organizations split their vote. Aside from Seattle, Chicago was the only one of the big city labor organizations that voted "No."

In the list of state federations, Florida, Missouri, Kansas and Virginia voted against it. Kansas City, Kas., voted against, but Kansas City, Mo., voted for. The railway clerks' delegation refused to vote at all, giving no reason; while the delegation from the Illinois State Federation of Labor declined to vote because they announced their organization had taken no stand on the matter.

Gompers Replies to Criticism

So spirited did the debate become that Chairman Gompers became involved in it. Mr. Gompers said that as his name had been drawn into the discussion by delegates who criticized him for having written magazine articles on the subject of prohibition he felt called upon to speak. He explained that he had written articles "as an American and a good citizen."

"From the time of the signing of the Declaration of Independence and the conception of the constitution of the United States," he said, "the prohibition question is the first that has ever actually involved denial of the right of people to do things."

"Now for the first time in my life I have apprehension for the future of my country. Don't misunderstand me. I have always favored temperance. My own contention is that organized labor has done more than any other agency in the world to further temperance, because it has brought about higher wages and shorter hours."

Soup Measure Favors Bolshevism

"Persons who are weak indulge in

booze. Others find in it a solace from crushing industry and overwork. I have no intention of discussing the merits or the demerits of booze. But I do say this. It has been scientifically demonstrated that 23 per cent beverages are not intoxicating."

"What is going to happen if the habits of a people are suddenly changed overnight? Look at Russia. Since vodka was suppressed entirely it is a fact that there have been more cases of alcoholism in the hospitals than ever before in the history of that country."

"I am not prepared to say that prohibition of alcohol and Bolshevism are cause and effect. But you will find when later resolutions are introduced that the proposition that comes from Seattle is one that favors Bolshevism for the United States."

Mr. Gompers went on to say that the resolution was not a prohibition question. "It is a proposition to determine whether we think it fair to allow us to lead our lives as we desire," he said.

James A. Duncan, chairman of the Central Labor council of Seattle, criticized the resolutions committee for reporting the resolution and said:

"The experience in Washington has shown that with prohibition the workers are better clothed, better housed and have better conditions than ever before." It was Mr. Duncan who mentioned Mr. Gompers' magazine articles.

To Make Washington Demonstration

A resolution providing that the convention should suspend its session Saturday so the delegates might go to Washington to participate in the great demonstration to be held in front of the capitol as a protest against wartime prohibition was adopted almost unanimously.

A delegate from the Central Labor union at Washington denied charges that brewers were footing the bill, declaring the expense was being borne by brewery workers.

The Mooney case came up when Mrs. Rena Mooney, wife of the convicted man, was given permission to address the convention. She discussed evidence which she said tended to prove the innocence of her husband of any connection with the San Francisco explosions. Numerous delegates last night attended a "discussion on the Mooney case" in a local hall at which Dan Murphy, president of the California State Federation of Labor; Edgar Hurley, member of the California state legislature, and Anton Johannessen of Chicago were among the speakers.

WANT TREATY RATIFIED

Resolution in Favor of League of Nations Adopted at Conference

The North Middlesex Congregational conference of Unitarian and Christian churches held its June meeting yesterday at First Congregational parish church, Westford.

One of the most important pieces of business transacted yesterday at the conference was the adoption of a resolution in favor of the League of Nations and urging the senate to ratify the treaty when it is submitted to that body for ratification.

J. Randolph Coolidge of Boston delivered an address at the afternoon session on "What the Church Means to Us." Mr. Coolidge's address was devoted to a brief discussion of the League of Nations and particularly to the noted King's chapel, Boston, and the place it occupies in the religious life of the community. He had a good word to say for the recently formed Laymen's league and said it was the duty of churchmen not only to give it financial support but to back it up by attending its meetings.

The morning session of the conference was opened with Thomas H. Elliott as chairman and after prayer had been offered by Rev. C. B. Ames, the business of the conference was started. The secretary of the conference, Rev. George C. Wright read the minutes of the last meeting. Rev. Edward Cummings spoke at the forenoon session on the League of Nations. The forenoon service closed with a devotional service led by Rev. Frank B. Crandall of Ayer. A box luncheon was served at noon. Music for the conference was furnished by Miss Etta Thompson of Lowell, vocalist and Mrs. M. L. Bryant of Lowell, organist.

The next session of the conference will be held at Ayer probably, in October.

FIRST PRESBYTERIAN CHURCH

The Christian Endeavor society of the First Presbyterian church presented an excellent entertainment program in the church vestry last evening before a large audience. A monologue by David Robson and readings by Miss Macartney were followed by a happy little skit, "Mazegry Makes Good," which was played by a dozen or more members of the society. Among those taking part were: Janet Bell, Mrs. E. Sutherland, Jennie MacFadyen, Bessie Scott, Violet Bell, Bessie MacFadyen, Evelyn Roberts, Jessie McDonald, Alexina Burns, James Chalmers, Douglas Burns, George Weir, David Robson, John Watters, Douglas Campbell and Esther Gray.

Healthy Bowels

Nine-tenths of human sickness, from infancy to old age, comes from stomach or bowels being out of order.

Headaches, tired feeling, nervous depression, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness and many other signs of sickness stop, if you treat the stomach and bowels right and get them into working order.

The prescription, known as Dr. True's Elixir, has done wonders for sick people, men, women and children, because it is the one remedy that you can rely on to get things right in the stomach and bowels.

Sold by all druggists, big or little, everywhere. Druggists, as a rule, are very honest. They do not try to substitute something else for their value. Many druggists use it in their own families.—Adv.

SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only logical and practical way to remove hair is to attack it under the skin. DeMiracle, the original hair-removing liquid, does this by absorption. Only genuine DeMiracle has a money-back guarantee in each package. At retail counters in 50¢, \$1 and \$2 sizes, or by mail from us in plain wrapper on receipt of price. FREE book mailed in plain sealed envelope on request. DeMiracle, 120th St. and Park Ave., New York

VACCINATION LAWS

Still in Full Force Despite
Contrary Statement

Both local and state health laws demand that children shall be vaccinated before being admitted to public schools and there has been no repeal or rescinding of such laws, according to Dr. Charles E. Simpson, district state health officer, despite a published statement earlier in the week by the Medical Liberty league, formerly the Anti-Vaccination league to the effect that there is no law requiring the vaccination of children now.

Dr. Simpson says that the statement has caused the school physicians and nurses here in Lowell considerable trouble as people who are opposed to vaccination tell them that there is no law compelling such procedure. The statement of the league in question is so worded as to avoid direct denial that there are such laws, but it creates the impression that the laws have been repealed.

"These laws have not been changed," Dr. Simpson says, "and they are still on the books."

Quoting Chapter 14, Section 5, of the manual of health laws of the state, the doctor says: "A child who has not been vaccinated shall not be admitted to a public school except on presentation of a certificate granted for a cause stated therein and signed by a regular practicing physician that he is not a fit subject for vaccination."

Rule No. 1 of the local board of health's rules and regulations having to do with vaccination says: Every parent or guardian having legal custody and control of a minor child shall cause and procure such minor to be promptly and effectively vaccinated that such minor may not be liable to take smallpox."

DEATHS

BRUNETTE—Romeo Brunette, aged 31 years, died last night at Worcester. The body was removed to the home of the father, Philip Brunette, 20 Dutton street, by Undertakers Amodeo, Archambault & Sons. Besides his father he leaves two sisters, Mrs. Emma Brunette and Miss Eva Brunette.

FUNERALS

CHAMPAGNE—The funeral of Edmond Champagne took place this morning from his home, 63 Tremont street. High mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Armand Baron, O.M.I. The bearers were: Nazaire, Octave, Eusebe and Philias Champagne, Alfred Perreault and Evariste Bellemare. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Bolduc, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

GENEST—The funeral of Leon Genest took place this morning from the home of his parents, Mr. and Mrs. Arthur Genest, 475 Varnum avenue. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Rosario Jalbert, O.M.I., assisted by Rev. Joseph Bolduc, O.M.I. The choir sang the "Miserere." The bearers were the following classmates of the deceased: George Normandin, Laurent Perin, Philippe, Henri and Arthur Gauthier and Oscar Sawyer. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Bolduc, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

ADIE—The funeral of James A. Adie took place this morning from his home, 39 Cedar street. High mass of requiem was celebrated at St. Peter's church at 9 o'clock by Rev. Fr. Linehan, O.M.I. The choir sang the "Miserere." The bearers were: Thomas Cottingham, John Rourke, John Mack and Dennis Sullivan. Burial was in St. Patrick's cemetery in the family lot, where the committal prayers were read by Rev. Fr. Linehan. Funeral arrangements were in charge of Undertaker J. F. Rogers.

IN MEMORIAM
In memory of Martin O'Dea, who died June 10, 1919, at his home, fully in the arms of his wife and children.
MRS. N. B. O'DEA and Family.

FUNERAL NOTICES

MOLAN—The funeral of Joseph P. Molan will take place Saturday morning at 9 o'clock from his home, 633 Chelmsford street. A funeral mass will be said at St. Margaret's church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James P. O'Donnell & Sons.

CALLAHAN—The funeral of Charles Callahan will take place Saturday morning at 9 o'clock from his home, 117 Durant street. Solemn high mass of requiem at St. Michael's church at 10 o'clock. Interment will be in St. Patrick's cemetery in charge of Funeral Director James W. McKenna.

MINOR ACCIDENT

Mrs. Rose Dupuis, 28 West L street, and her 6-year-old son, Raymond, were struck by an automobile driven by Rodolph Boucher in Merrimack street last evening, and received minor injuries. Mr. Boucher took the woman and her son to their home after the accident.

A valuable horse hitched to a delivery wagon and owned by a man named Sweeney, dropped dead at the corner of Butler avenue and Gorham street this morning, the cause of death being blind staggers.

Amended by Lodge

Continued

and had the support of Senator Knox and all other republican members except Senator McCumber of North Dakota. No other amendments were adopted. The vote to favorably report stood 5 to 7.

"Look" Investigation Ends

WASHINGTON, June 12.—With the investigation of how treaty copies reached New York brought to a standstill almost as soon as it started, the senate today again turned its attention to the more direct issues involved in the League of Nations fight.

The foreign relations committee took up the resolution of Senator Knox, republican, of Pennsylvania, proposing that the senate declare in definite terms its stand regarding the league covenant. The general prediction was that the resolution would be reported to the senate during the day. Action must go over under the rules, however, until tomorrow when Senator Knox expects to begin an effort to bring it to a vote.

Threatened Filibuster
Protracted opposition is expected and there have been suggestions that opponents of the resolution, should they find they cannot beat it, may attempt to prevent a vote until after the signing of the peace treaty at Paris. The resolution, if adopted, virtually would serve notice that the senate is not prepared to acquiesce at present in a treaty going beyond the settlement of immediate issues of the war.

Wilson Not to Reply
Considerable comment has been aroused by the delay in receiving a reply from President Wilson to the resolution adopted nearly a week ago asking for the complete text of the treaty. The general prediction has been that the president would refuse the request, but some senators now are inclined to believe he will not reply at all. He is not required to do so.

Both Sides Confident

Continued

captains' union of America today expressed satisfaction over the first day's results.

Officials of the Western Union and Postal Telegraph companies said that the strike, which is only 24 hours old, was "practically at an end," while S. J. Koenekamp, international president of the Telegraphers' union, declared that between 18,000 and 20,000 operators throughout the country had quit work yesterday, in response to his call for a strike, and that before the day is over several thousand more would walk out.

Reports from various parts of the country showed that the Postal generally had lost more men than the Western Union, though officials of both companies said there was only slight delay in handling business. In this city it was asserted by union officials that 600 men had struck, but company officers said the number was much less, the Western Union stating that only 180 employees here, only 13 had joined the strike.

In the Pacific coast cities, Western Union officials claimed that their business was "practically unaffected" by the strike, but the Postal company officials admitted that they were somewhat crippled.

Say Few Men on Strike

NEW YORK, June 12.—General offices of the Western Union Telegraph company, reported today that traffic was running smoothly on its lines throughout the country in face of the strike of operators called by the Commercial Telegraphers' union. No figures were available to show whether there had been an increase or decrease from the number of men absent from work yesterday, which was declared to have been only 155 out of a total of 40,000 employees.

The Postal Telegraph Co. reported fewer men out than yesterday throughout the country and traffic being moved without interruption.

Union officials here, while admitting that their figures were not official, estimated that approximately 1100 operators were on strike in New York.

Hagen Wins Title

Continued

the brook. Brady went down the middle and approached 30 feet from the pin. Hagen's third left him a four foot putt, which he missed. Brady's putt fell three feet short but he sank on the next shot.

Second hole, 239 yards, par 4; Brady, 6; Hagen, 4. Brady put his drive into the woods and was stymied by trees for his second. He played safe. Hagen was on in two, overran his putt but sank his fourth. Brady hashed his third and was on in four, but took two more strokes for the hole.

Third hole, 375 yards, par 4; Brady, 4; Hagen, 4. Hagen drove Brady by 30 yards. Both hit fine second to the green. Brady narrowly missed holing out in three.

Fourth hole, 393 yards, par 4; Brady, 6; Hagen, 6. Hagen drove into the

rough and his second topped a bunker beside the green. Brady's second was trapped, but he was well out on the third. Hagen's third ran over the green into a trap. His fourth was just on, and he took six. Brady's fourth hit the cup, but would not sink.

Fifth hole, 558 yards, par 5; Brady, 5; Hagen, 5. Both hit well into the wind and were on in three. Their long putts overran and each took five.

Sixth hole, 150 yards, par 3; Brady, 4; Hagen, 2.

Hagen hit a pretty mashie to four feet of the pin and holed out in two. Brady's tie shot was 15 feet from the hole. He overran his putt and missed a short third.

Seventh hole, 391 yards, par 4; Brady, 4; Hagen, 4. Hagen outlived Brady by 15 yards. Both shot their irons on the green. They ran long putts close and got easy fours.

Eighth hole, 203 yards, par 3; Brady, 4; Hagen, 4. Hagen drove to the far edge and fell short. The local player's chip shot stopped three feet above the pin, while Hagen overran his putt by two feet. Each missed and took four.

Ninth hole, 239 yards, par 4; Brady, 5; Hagen, 4. Brady hooked into a sand trap and was well out, but short of the hilltop green. He pitched on and took two putts. Hagen was on in two and down in two putts.

Tenth hole, 191 yards, par 3; Brady, 6; Hagen, 5. Both drives were down the middle. Hagen's next was not well hit. His mashie was on. Brady hit a fine wood, but his third was too strong and his putt weak. He was down in 5 to Hagen's 5.

Eleventh hole, 442 yards, par 5; Brady, 3; Hagen, 4; Brady hit a long second to the green and sank his long second to the green and sank his putt for a three. Hagen required four.

Twelfth hole, 355 yards, par 4; Brady, 3; Hagen, 4. Both drove down the middle and were on in two. Brady sank a long putt for a three. Hagen took two putts. Hagen's act in picking up a cigar stub on the 12th green developed a situation which became involved with his claim that Brady had broken the rules by removing an obstruction on the ninth green.

The match was stopped for a time while the officials examined the ground and considered the protest. They announced that neither player would be penalized.

Thirteenth hole, 130 yards, par 3; each took a four.

Fourteenth hole, 550 yards, par 5; Brady, 4; Hagen, 5. Both were on with regulation drives, brassies and approaches. Brady sank his third long putt for a four and narrowed Hagen's lead to one stroke when the latter required two putts.

Fifteenth hole, 311 yards, par 4; Brady, 4; Hagen, 4. Brady hooked into the rough and played for over the green. Hagen's approach was seven feet from the pin. Brady recovered to within seven feet from the pin. Hagen putted first and missed, then Brady sank.

Sixteenth hole, 400 yards, par 4; Brady, 5; Hagen, 4. Hagen's second just reached the green. Brady put his mashie into a trap at the right and his out was short. Hagen's putt was too strong and off him five feet away. Brady nearly sank his putt but was down from the edge in five. Hagen made a four.

Seventeenth hole, 255 yards, par 4; Brady, 4; Hagen, 5. Hagen sliced into the woods and Brady hooked to the rough. Both played over into traps. Brady's third was dead. Hagen had a long putt and took five. Brady was down in 4.

Eighteenth hole, 400 yards, par 4; Hagen, 4; Brady, 4. Hagen topped his tee shot, but the ball rolled just beyond the rough. Brady was down the middle. Hagen and Brady were both short in two. Hagen's chip left him a two foot putt. Brady laid his head. Hagen then sank his putt for the championship.

Brady's union of America today expressed satisfaction over the first day's results.

Officials of the Western Union and Postal Telegraph companies said that the strike, which is only 24 hours old, was "practically at an end," while S. J. Koenekamp, international president of the Telegraphers' union, declared that between 18,000 and 20,000 operators throughout the country had quit work yesterday, in response to his call for a strike, and that before the day is over several thousand more would walk out.

Reports from various parts of the country showed that the Postal generally had lost more men than the Western Union, though officials of both companies said there was only slight delay in handling business.

In this city it was asserted by union officials that 600 men had struck, but company officers said the number was much less, the Western Union stating that only 180 employees here, only 13 had joined the strike.

In the Pacific coast cities, Western Union officials claimed that their business was "practically unaffected" by the strike, but the Postal company officials admitted that they were somewhat crippled.

Helped When
On Verge of
A Breakdown

Bridgeport Resident Grateful for Relief Secured by Treatment With Blood Builder

Cases of walking sickness are known to everyone. The victims include those who keep on working from day to day when it seems as though a breakdown is inevitable. They complain of nervousness, sleeplessness, exhaustion, indigestion and sometimes heart fluttering and the pains of rheumatism, sciatica or neuralgia. For such there is hope in the tonic treatment recommended by Mrs. William Walker of No. 116 Cedar street, Bridgeport, Conn. She says:

"By gradual stages my condition became so bad that I was on the verge of a nervous breakdown. My stomach caused me great distress, especially from gas, and when I tried to gain rest through sleep I tossed about and generally arose more tired than when I went to bed. My appetite was poor and at times I was unable to do my work. There were aches all over my body and dizzy spells invariably came on when I stooped over."

"I had read a great deal about Dr. Williams' Pink Pills and decided to try the remedy. There was a change for the better in a short time and gradually my strength came back. My stomach was so much better that I could eat a hearty meal without distress and I slept well. The dizzy spells have entirely disappeared, my nerves have gained strength and I feel fine. I owe my present condition to Dr. Williams' Pink Pills."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet "Diseases of the Nervous System."—Adv.

Frenchmen Replace Italian Officers

PARIS, June 12.—Information reached peace conference circles today that the Italian officers serving with the Czech-Slovak army had been replaced by Frenchmen.

To Repeal Daylight Saving Law

WASHINGTON, June 12.—A rider repealing the daylight saving law, effective when the clocks are turned back in October, was added to the agricultural appropriation bill today by the senate agriculture committee. The vote was unanimous.

Supreme Court Sets New Record

WASHINGTON, June 12.—A new record in the disposition of cases was established by the supreme court for the term which closed last Monday, 660 cases having been disposed of during that period, according to a report made public today by Clerk James D. Maher.

Germans Expect Advance

Continued

the allies on the east bank of the Rhine. That there is a disposition on the part of the German civilian population to be prepared for an allied advance into Germany is indicated.

Menace of Bolshevism

The menace of Bolshevism in central Europe has again assumed proportions which cause concern in peace conference circles. The success of the Hungarian soviet army against the Czech-Slovaks, the military reverses suffered by the Kolchak forces in southern Russia and the danger of Austria passing under Bolshevik control, have brought matters to a state where there is no disposition in official circles to minimize the danger.

Poland Hemmed In

Poland, hemmed in by Bolshevism on the east and south and hard pressed by the Germans on the west, is said also to be potentially threatened from the direction of Austria.

Allies to Back Up Demand

Advices from Paris indicate that the peace conference has decided to back up the demand made upon Bela Kun by M. Clemenceau, president of the conference, who wired the Hungarian soviet government's foreign minister to cease hostilities against the Czech-Slovaks.

Control of Economic Affairs

The formation of a centralized organization for the control of international economic affairs during the period of reconstruction after the war is being considered by the Council of Four. There appeared to be some divergence of opinion relative to the details of the plan, but it seems probable that survey of the needs of European nations relative to raw materials and credits will soon be taken, so that there may be a definite idea of the necessities of the situation which must be passed through before the world may be said to have returned to a peace basis.

PREPARE FOR
EVENTUALITIES

COBLENZ, Wednesday, June 11.—(By the Associated Press.)—The movement of war material by the Germans from territory beyond the occupied areas continues, according to German newspapers. The beginning of this withdrawal was made several weeks ago, when there was a hitch in peace negotiations. The withdrawal of troops from various sectors opposite the allies' bridgeheads also is reported.

Several days ago the removal of material from the Frankfurt area began. The most of this material is going in the direction of Cassel, but there are no indications that it is being unloaded there, that city being on a line over which the Americans would advance should the allies be ordered to move further into Germany. Beyond the

Coblenz bridgehead, much war material has been withdrawn for a distance of more than 60 miles. In the Ruhr district, the military retirement is virtually complete.

According to German papers, industrial plants, banks and stores are making preparations for eventualities in case allied forces move eastward. It is reported that schools have postponed examinations which were scheduled for this week.

TURKISH PEACE
DELEGATES ARRIVE

PARIS, June 12.—The Turkish peace delegation which reached Toulon yesterday, arrived at the Lyons station here at 3.45 o'clock this morning. The party was accompanied by a French naval lieutenant and a captain from the staff of Gen. Franchet d'Esperey, the allied commander in the near east. There was no official reception given on the delegation at the station. The party remained in its car, which was sent to Vaucluse, in the suburbs.

Gas Explosions

Continued

posed to be capped. In some manner or other the cap was forced on this morning and the escaping gas was ignited by the flame burning in a chandelier in another part of the room.

The noise of the explosion could be heard for a radius of half a mile and was accompanied by the sound of breaking glass. Mrs. Bouthillier was first awakened and came downstairs to the parlor. The room was a sheet of flame and she cried "fire." Immediately behind her was her son, Andrew, aged 15, who had presence of mind enough to rush to the cellar, groping his way in the darkness, turn off the gas. The flame immediately died down, but not before they had thoroughly scorched much of the woodwork in the parlor as well as several pieces of furniture. Hose 12 of the fire department is located very near the Bouthillier home but its assistance was not needed.

The parlor in which the damage was done had been remodeled and enlarged only recently and had not yet been occupied by the family. The wood work and furnishings were brand new. The impact of the explosion not only shattered the four windows of the room but also the glass panel of the door leading to the street. Five windows of the tenement occupied by the family of Jean-Baptiste Davoi just beyond were also shattered.

Fortunately, the presence of mind of young Andrew prevented what might have been a serious fire. There were five people in the building at the time of the explosion, Mr. and Mrs. Bouthillier, Andrew, and another brother and sister. None of them was injured, but all received a thorough fright. The only cause which they can assign for the accident is the loosening of the cap on the gas pipe.

Two Lowell Members of
Pershing's Band Return

CAMP DEVENS, June 12.—Official word was received here yesterday afternoon that the remaining units of the 76th Division are to arrive back at Camp Devens on Saturday. The transport Calamarek, which has been diverted to Boston from New York, is bringing 111 officers and 2205 enlisted men. Among them are the 301st Engineers complete, with 50 officers and 1469 men; the 301st Sanitary Train, including the 301st, 302d and 303d Field Hospital Companies and the 301st, 302d and 303d Ambulance Companies. Sales Commissary Unit 17, St. Nazaire Casual Detachment 41 and Casual Company 1127, which is composed of United States Marines.

The engineer area will be cleaned out by the time they get here, and, according to Maj. Meis of the demobilization group, each company will move right into the barracks it occupied before it left for overseas.

Twenty-three more Yankee Division men arrived here yesterday. They were taken from the YD to serve directly under Gen. Pershing as members of his band.

Practically all of these men have played with some famous band, either with Sousa, Pryor or Creatore. And when it is remembered that Pershing's band contained only 110 musicians, it is not far from the truth that the entire A.E. F. was taken from the entire A.E. F. the fact that almost a fourth of the entire organization came from the 76th Division, the compliment to that division is all the more marked.

Lowell Boys in Band

The men arrived yesterday afternoon from Poland barracks and they will probably be discharged today. They are: Asst. Band Leader Kenneth H. Gale, of Barre, Vt.; Sergt. Buckler Wilfred J. Manning of Boston, Band Sergts. Albert J. Massey and J. B. Riseman, both of Boston; Corps. Perley A. Baxter of Worcester; William H. Casey of Lawrence and Amos H. Governor of Hingham; musician first class Jacob R. Kules of Boston, private first class Thomas F. Mahoney of Lawrence, Arthur E. McGlone of Natick, Harold W. Shaw of Lowell and William E. Tolson of West Newton; buglers Peter V. Costello of South Boston, Thomas A. Hamilton of Clinton, John R. Mee of West Roxbury, Thomas V. Pruey of Roxbury and James P. Shea of Boston and Privates Bartlett W. Eldridge of Revere, Humphrey Greer of Charlestown, Robert J. Leith of Lowell, M. D. McLean of Plymouth, Julius A. Rice of Boston and Thomas H. Tolson of West Newton. With the exception of Gale, Casey and Mahoney, they are all Yankee Division men. The greater part of the YD men were taken from Col. Logan's 101st Infantry Band.

Approximately 500 men arrived in camp yesterday for discharge. Among them were two officers and 220 men from the 326th Infantry.

It was reported yesterday that the investigation into the forgery case at the camp finance office has been completed.

STOPS PAIN
For CRAMPS, COLIC, and DYSENTERY
Radway's Ready Relief
Dose one-half teaspoonful in a half tumbler of water. To be used instant relief. Price 25c. 50c. 1.00.

FAMO DISSOLVES DANDRUFF SCALE AND DESTROYS BACILLI

After the first application of Famo, you should not have a flake of dandruff. If the case is stubborn, a little may remain, but not for long. The germs will be dead and dying—the new growth begins. Your hair will be like the hair of healthy children; your scalp like a baby's scalp. All itching will be gone.

Famo Will Win Fight
If it is falling out, your hair is fighting for its life. Famo will win that fight by killing the bacilli which kill the hair. Dandruff is a disease which scientists call Schorrhea. It is freed from the bondage of that disease by Famo, the hair leaps into luxuriant new growth.

Healthy, Beautiful Hair
It is, you repeat, like renewing the youth of the scalp—giving back to your hair its early strength and beauty. Famo will keep the head continually clean—the hair fresh, full of life, soft, smooth and glossy. Your hair ever had a natural tendency to wave, Famo will bring back the waviness and intensity of it.

FAMO
Stops Schorrhea—Grows Healthy Hair

pleated and that charges may be preferred.
Two department of justice men from Boston, and another reported to be from Hartford, Conn., have been operating in camp for several days and yesterday it was reported that they are working on a case in which the spreading of Bolshevik propaganda is concerned. It was also intimated that their activities might have something to do with the recent bomb plot investigation. The camp intelligence office refused to discuss the work of these department of justice men.

Calamarek Due Today
BOSTON, June 12.—The transport Calamarek will arrive off Boston light at 11 a. m. tomorrow, according to a message from her commander, received here today. She brings from Brest 221 officers and men, including units of the 301st Engineers, the 301st Sanitary Train and the 152d Infantry.

WALSH ADMITS LEAGUE BINDS TO WAR

WASHINGTON, June 12.—In an address in the senate yesterday in which he attacked the resolution submitted by Senator Knox of Pennsylvania, to separate the League of Nations from the treaty of peace, Senator Walsh of Montana, asserted that the League of Nations covenant did not violate the constitution of the United States.

"Yesterday," said Senator Walsh, a resolution was presented by the junior senator from Pennsylvania, formerly attorney-general of the United States, and later secretary of state, in which the league was denounced, and the demand was made that the covenant be separated from the other provisions of the treaty.

"Much eloquence has been expended in denunciation of this feature of the league, but it is the soul and spirit of the covenant. Cut it out and the heart is cut out of the only plan which statesmanship of the world has been able to devise, or has ever been able to offer for the preservation of the peace of the world, as a substitute for the system which has again exhibited itself to an agonized world as a colossal and yet miserable failure, but to which some senators still exhibit a fatuous attachment. It is true, beyond doubt, that Article X obligates us to make war. But we have not hesitated heretofore to assume a like obligation."

Senator Walsh quoted from the treaty with the republic of Panama, under which the United States guarantees to maintain the independence of that republic and the treaty of 1846 with the republic of New Granada, in which the United States made similar guarantees.

He called attention to the fact that among those voting to ratify the treaty with Panama were the following, who are still members of the senate: Senators Lodge, McCumber, Nelson, Penrose, Simmons, Smoot and Warren, Wester, Benton, Calhoun and Clayton, he said, were members of the senate and supported the treaty of 1846.

"What is the Monroe doctrine?" asked Senator Walsh "but a voluntary obligation assumed by the United States to respect and preserve as against external aggression, the republics of South and Central America?"

Before taking your train home from Boston get The Sun at either newsstand in the North station.

SEC. BAKER PRESIDES

Meeting of Executive Committee of National Consumers' League

NEW YORK, June 12.—Newton D. Baker, secretary of war, presided at a meeting of the executive committee of the National Consumers' League here today. Representative William Kent, a member of the tariff board, delivered an address on the "proposed federal legislation affecting the meat packing industry." There also was an address by Mrs. Eleanor Barton, member of the executive committee of the British women's co-operative guild.

375,000 TROOPS TO RETURN THIS MONTH

PARIS, June 12.—Gen. Pershing has advised that he proposes to transport 375,000 men homeward during the month of June. This breaks all previous records for moving troops overseas and exceeds the number Great Britain moved across the channel in any month.

EX-CONGRESSMAN TAWNEY DEAD

WINONA, Minn., June 12.—James A. Tawney, formerly for 18 years member of congress from the First Minnesota district and one time chairman of the appropriations committee, died today at Excelsior Springs, Mo. He had been in ill health for several months. Three weeks ago he went to Excelsior Springs for treatment. He was 64 years old.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come:

THE STRAND
Have you seen the Dance of the Seven Veils? If you haven't, don't miss the remaining opportunities. It's graceful, daring, sensational and truly artistic. See Thea Bara, super-screen siren, in her bluest and best characterization. It's by far the most sensational and artistic interpretation in which she has appeared and will surely make its impression on all. The production is said to represent an investment well over one million dollars.

D. E. KEITH THEATRE
Almost sharing the honors of the week's bill with Ivan Bankoff & Co. at the E. F. Keith theatre, is dainty Sybil Vane, a singer of extraordinary gifts, and one whose talent has been specially remarked upon wherever she has appeared. She is equally at home in the lighter numbers and in the grand operas, and her singing of the famous waltz song from "Traviata" is a deliciously done bit. Ivan Bankoff and his partner do quite the best dancing seen on a local stage in many years. It is so unusual that an audience is just forced to the point of applause again and again during the progress of the act. Another likeable hit is the farce given by Mr. and Mrs. Mel-Burne. Other acts on the bill are: Don O'Neil, funny man; Errol's Whirling Sensation; Grace and Eddie Parks and Joe and Agnes Riley. This is the closing week of the present season, and a bill of unusual strength is offered.

LAKEVIEW PARK
Happy crowds at Lakeview this week have had a load of fun. Why not you? Dancing every afternoon and evening. You know and novelty night tomorrow night. Free band concerts Sunday.

MATRIMONIAL

Mr. William John Kearns and Miss Lily E. Tucker were married last evening, the ceremony being performed at the home of the bride's parents, Mr. and Mrs. J. G. Tucker, 98 Orleans street, by Rev. J. M. Craig, pastor of the Hillside Congregational church. The best man was Mr. Thomas Kearns, a brother of the bridegroom, while the bridesmaid was Miss Esther Tucker, a sister of the bride. Mr. and Mrs. Kearns will make their home at 13 Lapine road.

Leonard-Brennan
Mr. Edward Leonard and Miss Kathleen E. Brennan were married yesterday afternoon at the Immaculate Conception rectory, the ceremony being performed at 5.30 o'clock by the pastor, Rev. Lawrence F. Tighe, O.M.I. The bride wore white crepe de chine and carried bridal roses. She was attended by Miss Rose A. Leonard, a sister of the bridegroom, who was attired in pink crepe de chine and carried pink roses. The best man was a cousin of the bridegroom, Mr. Frank McCaffra of Greenfield, N. H. At the close of the ceremony a reception was held at the home of the bride. Guests were present from New York, New Jersey, Boston, Lawrence and Greenfield, N. H. A buffet luncheon was served by Caterer M. A. Lyden. The couple left later on an extended honeymoon trip to New York and New Jersey and upon their return will make their home in this city.

Matthews-Grant
Mr. Elmer Clark Matthews, of Hudson, Mass., and Miss Elsie May Grant, of this city, were married last evening at 6 o'clock at the home of the bride, 382 East Merrimack street, the officiating clergyman being Rev. A. C. Archibald of the First Baptist church. The bride wore georgette crepe over

New, Positive Treatment To Remove Hair or Fuzz

(Beauty Notes)
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.—Adv.

Arabs In Inter-Allied Games

PARIS, Wednesday, June 11.—Arabs from Hedaz, with camels and Arabian horses, are to be among the participants in the inter-allied games in the Pershing stadium. Some of them already have arrived. Their part in the program will be camel racing and Arabian horsemanship.

Forty-eight winners in the elimination contests held by the Czechoslovakian army are on their way here and are expected to arrive on Friday. Among them are Frislensky, heavyweight wrestling champion, and Varlav, champion cross-country runner. Boxing and wrestling teams which will represent Australia in the games reached Paris last night. The men are already in training.

Lieut. Harry Davis, winner of the golf championship tournament at the Panama-Pacific exposition in San Francisco, has been selected temporary captain of the American golfing squad from which will be selected a team to represent the United States.

Big Cruise of Combined American Fleets

WASHINGTON, June 12.—An extensive cruise of the combined Atlantic and Pacific fleets is planned for this fall and winter, Secretary Daniels said today that the itinerary had not been completed but that the fleet would visit several South American ports. No decision as to whether Europe will be included has been reached.

The cruise is planned, the secretary said, as a reward for the men of the navy for their arduous services in the war. Shore leave will be given at every opportunity and everything possible will be done to make the trip a "play time" for both officers and men.

Reenriffs now coming into the navy, it was said, may arrange to participate.

Capt. McCauley Awaits Orders From Wilson

BREAST, June 12.—Captain Edward McCauley, Jr., of the United States transport George Washington, and Commander F. V. McNair of the destroyer Woolsey, have not yet received instructions concerning their sailing for Antwerp to meet President Wilson. Th Woolsey, together with the destroyer force that marked the path of the NC-4 in her transatlantic flight, have been designated to convoy the president's ship homeward.

Discuss Boundary Questions

PARIS, Wednesday, June 11.—(By the Associated Press)—Dr. Karl Kramarz, premier of Czechoslovakia and M. Bratiano, prime minister of Rumania, were heard today by the council of foreign ministers relative to the boundaries in which their respective countries are interested.

\$750,000,000 for Railroads

WASHINGTON, June 12.—Favorable report on the house bill appropriating \$750,000,000 for the railroad administration was obtained today by the senate appropriation committee. The committee was in session less than 20 minutes.

Chairman Warren was requested to have the senate dispose of the bill as speedily as possible.

SHOPPING ON CIRCUS DAY

Monday is circus day. Circus day has always stood in the minds of merchants as a big shopping day. The fact ought to be as true this year as ever and more so.

Lowell must be an important city. The Barnum & Bailey-Tingling Brothers show makes only four day State cities, Boston, Lowell, Pittsburg and Worcester.

With good weather Monday morning, without doubt 15,000 women alone, will be on our down town streets Monday forenoon waiting to see the greatest of all circus parades. The live merchants can make this a great shopping day. Something like 4 p. m., Dec. 21st. Advertisers and splurge extra in your ad copy for Saturday. Get the benefit of our extra circulation on that day. We can put your ad and your extra circulation to take advantage of big circus day bargains, in exhortation to take advantage of big circus day bargains, in over 25,000 Lowell homes Saturday evening. You know that when the call of the parade has passed the women will want to make a shopping tour before they go home. Get your share of it.

We make no particular mention of 10,000 people crowding into Lowell from outside the city circus day. You can reach them with our paper. Get your share of their trade. Advertising is what will do it. This may be a good tip. To work it to the limit and get the best results from these circus day shoppers, send in your ad copy early for the Saturday issue of

THE SUN

Lowell's Greatest Newspaper

G.O.P. STATESMANSHIP

We who are living in the present day, if we are spared long lives, can look back on the month of June in 1919, as a time when probably the most contemptible and despicable statesmanship was exhibited in the United States senate that was ever exhibited in all the long history of that august body.

The Boston Post, represented in Washington by Mr. Robert Norton, its political editor, said in its news story yesterday:

"Without regard to the merit of the League of Nations covenant there never was a more sorry exhibition of high-handed partisanship in the history of the United States senate than that exhibited by the senate during the past few days in the controversy over the publication of the peace treaty."

Let us not be blind to the degree of meanness and political trickery to which the men in this Lodge-Born group have descended in the campaign they are trying to carry on at the present time.

As Americans, we are constantly telling ourselves that the Germans started this world war and America's men, money, food and ships in combination, ended it. But that wasn't the end of the entire matter. In this country, we have had enough of this war business. We do not want any more war. So our president, with all the prestige of our nation, of his high position, and with the constitutional authority that an overwhelming majority gave him, is in Paris endeavoring, in conjunction with representatives of other nations, to draw up a document that will prevent future wars. Nations may have territory, natural resources, industries, arts and sciences and the best of government, but what can it amount to in the aggregate unless peace prevails?

President Wilson is in France trying to secure peace for the world. No nation wants world peace more than the United States. But the outlook to secure world peace at present progresses in too satisfactory a manner to please our republican leaders with their ravenous appetite for power and patronage.

They do not want Mr. Wilson to attain the distinguished honor of being the greatest and most successful fighter for world peace the world ever knew. In fact, world peace or the sense of future security for this country isn't the aim of the republican party at the present time.

That party is as busy as an octopus trying on shoes, preparing the way for a H. Johnson, a Dr. Wood, an Idaho Barn or a gabble mouthed Sherman to squeeze himself into the White House.

The women of this country may pass on the alleged fitness of the above choice coterie as White House tenants. The great majority of women will not be persuaded that President Wilson seeks aught else than to make the service flag an antiquity.

The old horse Partisanship is being lovingly groomed by the bell wethers among the republicans. In the end, it may prove that the race was for motor cars and they didn't know the difference until the winners were announced.

KNOX'S GAME

Senator Knox again comes to the front in opposition to the League of Nations. His attitude now is to defeat the covenant altogether, which would also defeat the peace treaty. He has presented resolu-

tions in the senate, the purport of which is to serve notice on the peace conference that the treaty alone, exclusive of the league covenant, will be ratified in the senate.

This is distinctly a step in favor of Germany and calculated to prolong the declaration of peace. It is what the republicans have been threatening all along and the beginning of a battle which may have serious consequences in delaying a return to normal conditions.

Thus instead of taking up the work of reconstruction, the republicans set out to block the peace of nations and to defeat the purpose of those who are endeavoring to organize the nations against future wars.

Thus the republican party is showing its usual disregard of public business when political contests are in sight. A lack of real issues and of any definite business policy leaves the party stranded upon the rocks of partisanship on which it is likely to be wrecked as a result of its disregard of the real interests of the people.

FIRST AID IN MILLS

With the splendid first aid equipment being installed at the local mills, a great step toward has been taken towards ideal conditions for the operatives. The time is still well remembered by many operatives when the working day was ten hours long and when in most of the mills only canal water was available for drinking purposes. Now, the very latest devices for drink and sanitation are provided and many a hospital would be glad to have an operating room as good as the first aid rooms provided by several of the big mills.

Such vast improvements have been made in the working conditions in textile factories of this state that the prejudice formerly held by the employees against the mill officials should give place to respect and esteem. A bond of mutual friendship and good will should exist now between employer and employee that was impossible in the past. It is only the socialists who assail the mill men as the enemies of the working people.

FOR GOOD ROADS

All over this country today, there is a demand for more roads and better roads. States, counties and cities are appropriating large amounts for new roads. The federal government has made a large appropriation to be expended in co-operation with the various states for roads from ocean to ocean.

In order to make the most of this national campaign of road building, it is necessary for each state, city and town to do its share.

And this brings up the question as to when work will be started on the first street boulevard.

As first street is still a disgrace to our city, it is hoped the new road will be constructed with as little delay as possible.

For a long time there has been much debating as to whether women should wear their hair "Dutch cut." Some persons maintained only Greenwich village female Bolsheviks wore their hair cut this way, which was untrue and incorrect. Many nurses have adopted the style—or had. Now comes the example of the new wife of America's "one man army," Sergl. York, and her pictures show she has favored the Dutch cut. Of course, this example from the wild Tennessee

mountains may help the movement along.

Mr. McAdoo, in a Boy Scout talk, says one of the best things about the movement is its non-partisan character. He says that the tendency is for the Boy Scout movement to graduate its boys into becoming voters who will be independent of party yokes. He concludes that the more independent voters the country has, the safer it will be. We need not expect republicans to echo "Amen!" At the present time, they are working partisanship with no regard to the 8 hour law.

The Lynn Item advises, in speaking of the case in its own city, that the street department should employ a man to go around and sweep up broken glass in the streets. The advice is not far-reaching enough. Better still to have a municipal ordinance making it punishable to throw broken glass into the street. Lynn and many other cities ought to have just such a law. Laws punishing the careless ought to be made in order that their carelessness shall not be suffered by the careful.

They say that Richard Croker, stopping over in New York on the way from Florida to his estate in Ireland, is willing to talk about nearly everything but politics. Very unfortunate. We suppose he knows more about politics than any other subject and is he not slightly unjust in refusing to discuss the subject for which his aptitude brought him his estates in Florida and Ireland? Or, shall we say, he is shrewd as ever?

The answer as to why some of this crowd of anarchists prefer to throw bombs in the United States after the war is ended, rather than to have thrown bombs in northern France at the Germans while the war was on, is that it took the maximum of courage to be a bomb thrower in the war. A game that exacts courage has long been regarded as unfit for an anarchist, who is running according to the usual rule.

Villa has always lacked three essentials of a successful head of a nation, culture, finesse and respectability. In letting in Angelis as his new partner, it is possible he believes he has acquired these three essentials. There is certainly a grave muddle in Mexico and it would be interesting to know what the new star, Angelis, thinks of his American cousins. If he had chosen better company, we up here might think better of him.

Nothing has ever been said against the character of the Shakers. In a world of mischief makers they stand like Caesar's wife, above suspicion, and as people strictly intent on minding their own business. Further proof that their plan of celibacy will have failed is perhaps denoted by the observation of Elder Shepard of the Lebanon community, who says he believes that at the end of 50 years, Shakerism will have passed out of existence because recruits are not being added.

A New Yorker has suggested that a victory monument 50 or 100 feet high, made of solid gold, should be erected. That man's record should be looked up. Cases have not been rare where visitors to New York lost the gold out of their teeth and, in some cases, their false hair. A gold monument would disappear in a night.

We saw a picture of a Los Angeles high school girl the other day, named Miss Hazel McConnell, who may gain nation wide fame temporarily as Mary Pickford's double. We are still struck by Mary because, of course, she is "America's sweetheart," but to be just and honest, we think she ought to feel honored and complimented that she is Miss McConnell's double.

It may not be wise to dismiss the Texas governor's complaint about impending Mexican trouble by saying, "Oh, his name is Hobby and that's his stunt." We must remember that Mexico is a nearer neighbor to the Texans than she is to New England.

None of us, no matter how provident, is apparently free from debt. Even if all your own personal bills are paid, the indebtedness of our nation is such that every man and woman might personally be held responsible for \$260 worth of it.

If twelve rounds are more righteous than a fight to a finish, why doesn't some statesman suggest using that principle in future wars?

A premier's lot is hard. He must convince his own people that the peace terms will ruin Germany, and must convince Germany that they won't really hurt her.

SEEN AND HEARD

And we haven't been trout fishing yet.

Hope the lady paragon who was wishing for east wind got all she wanted within the last few days.

Often wonder what has become of the old fellow who used to wear overshoes instead of slippers around the house.

We are not half as humorous as our forefathers. If they could have seen one of the spider boys coming down street with the little belt coat, tight pants and the hat pulled down over the ears like the old-time Hebrew comedian they would have had the laugh of their lives. We meet those fellows every day and somehow or other it never occurs to us to laugh, or to even crack a smile. Can't see the fun in things like the old folks could.

Somebody signing himself or herself "Constant Reader" writes thusly: "To settle an argument, will you please inform me if the south pole is as cold as the north pole and if the man who discovered the south pole had to travel over ice fields like the guy who discovered the North pole?"

Addressing ourselves to "Constant Reader," we beg to speak as follows: We can give you finger-tip information about the peddlers of blue ribbon winners and the sires and grand-sires of famous trotters and pacers, but we ain't so good on geography. We have submitted your query to the meteorology editor. Gee whiz, he's a bear on all that stuff and he says it's just as cold at the south pole as it is at the north pole. You just ought to hear the big words he uses when he discusses the Arctic and Antarctic regions. He says the fellow who discovered the south pole had to travel over fields of ice, and it's just grand to hear the way he explains it.

Could Probably Go

"She seems a timid, flower-like girl."

"Well,"

"Do you think her mother would allow her to go to the theatre without a chaperon?"

"Why, I think so, my boy. She drove a supply wagon in France during the war."—Louisville Courier-Journal.

What They Left Him

It was on a chilly morning at Camp Grant that one soldier arose to find his outer garments missing.

"Has anyone seen my blanket?" he asked in a shivery tone.

He was informed they had not.

"Anyone see my t-t-t-trousers?"

No one had.

"Well, anyway, I-g-got a n-n-nice warm pair of s-s-s-suspenders," he said.—Raleigh Times.

The Mirror Curtain

Latest wrinkle in theatre curtains is a mirror drop. Best way to interest humans, is to get them interested in themselves, hence the mirror curtain idea. Hunch is to keep the audience interested during the intermissions.

Old model theatre curtains representing a gold-framed picture of a spacious shiny ballroom, with tons of red velvet drapes ready to fall and smooth the dancers, gents in silk socks and white ties bowing to fan shuffling dames, caused the audience to yawn after the first act. The new mirror curtain will keep the audience busy during the intermission hunting their dial reflections, and give them an idea what they look like from the left side of the footlights. Everybody can be an actor in the audience then. Trick mirror curtains would make intermissions the best part of the show. Gents won't have any excuse to go out between the acts after July 1, so the mirror curtain is making an opportune debut!

Stage Fringe

Many tales are told of the insolence and sangfroid of certain players on first nights. For instance, when Lily Langtry made her stage debut in 1881, at the Haymarket theatre in London, as Kate Hardcastle in Mr. and Mrs. Baneroff's production of "She Stoops to Conquer," she was entirely unconcerned, her chief interest being in gazing through the peephole in the curtain to discover her friends "out front," expressing polite pleasure at finding the prince of Wales in the royal box. The sophisticated Baneroffs were on pins and needles. Literatures, when Mrs. Brown Potter first appeared upon the stage in 1887 at the Theatre Royal at Brighton, as Faustine de Bressier in "Civil War," she astonished the experienced players in the company by her calmness and assurance behind the scenes just as though at a reception at home in New York. Mrs. Gilbert, "the Grand Old Lady of the Stage," who died in 1904 at the age of 82, after having passed the whole of her life in the theatre, made her last appearance in a piece called "Granny." During the run of this play Mrs. Gilbert rebuked a young actress who boasted of never suffering from stage fright by declaring that

WEEPING ECZEMA

SOON RELIEVED

A Perfect Treatment For This Distressing Complaint

"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times. I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' (or Fruit Liver Tablets) and 'Sootha Salva'! The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well!"

G. W. HALL.

Both these remedies are sold by dealers at 50c. a box 6 for \$2.50, or sent by FRUIT A TIVES LIMITED, OGDENSBURG, N.Y.

"Fruit-a-tives" is also put up in a trial size which sells for 25c.

this was admittedly an evidence of cold-bloodedness and lack of temperament, adding that in all her experience she had never encountered a really competent player who was not nervous and excited on an opening night. Despite this assertion, Mrs. Gilbert always gave a splendid performance, never missing a line, never missing a point—so far as could be judged from the front of the house.—New York Sun.

Growing Old
The days grow shorter, the nights grow longer;
The headstones thicken along the way;
And life grows sadder, but love grows stronger
For those who walk with us day by day.

The tear comes quicker, the laugh comes slower;
The courage is lesser to do and dare;
And the tide of joy in the heart falls lower.

And seldom covers the reef of care,
But all true things in the world seem truer.

And the better things of earth seem best,
And friends are dearer, as friends are fewer.

And love is all as our sun dips west,
And let us clasp hands as we walk together.

And let us speak softly in low, sweet tone,
For no man knows on the morrow whether

We two pass on—or but one alone.
—Author Unknown.

MAN ABOUT TOWN

I find Lowell has gained the reputation of having among her other good assets a first class municipal sanitary engineer in the person of Clifton Rice, head of the filtration plant. A short time ago the biggest paper in Boston apparently ungrudgingly devoted a half column or more of space to setting forth what Mr. Rice had said about the water supply of the Hub—things far from being considered complimentary. The next day a reporter was sent to interview leading state authorities on the water question, at the state house. These authorities practically confirmed all that Mr. Rice had said. One of their alibis in whatever defence they set up for the water was that Boston's death rate from typhoid was exceedingly low, it being said that Boston has about the second or third lowest death rate of any city in the country. Most sanitarians would say that there is nothing so very remarkable in this assertion, that its water supply has prevented Boston from having typhoid fever epidemics. Boston's water supply has probably cost her more than that of any other city in the country with the exception of Los Angeles and New York. Of course, impure water could have caused typhoid fever in Boston, but going farther than the water supply merely, Boston experts ought to remember that bad sewerage conditions and the typhoid bacilli in milk are far more dangerous than the average water supply. In the meantime, it was of course fair on the part of Boston experts to admit that the supply was not absolutely pure, and that, as Mr. Rice said, it could be improved considerably.

Housewives and their men folks, too, have been surprised for the past six weeks that the price of strawberries keeps up so unprecedentedly high. Moreover, most of the marketmen and fruit sellers admit that the price will probably not drop very much all season. Strawberries at the present prices are of course beyond the reach of the average large family. But I am told one of the principal reasons why the price keeps so high is that there has not been so great a demand for strawberries for years as at the present time. National prohibition is the cause of it. After July 1st, as of course everyone knows, fruit syrups must be the foundation for all or most of the drinks. Strawberry juice still remains a great favorite at the soda fountains. The soda fountains look for increased business after July 1st. Consequently, the manufacturers who supply soda sellers with syrups are anxious to get as large a supply of strawberries as well as other kinds of fruits and berries as they can. This is the reason strawberries are high and why we do not see peddlers selling them and the good old days of two baskets for a quarter seem to have departed not to return.

An amusing incident came up at yesterday's meeting of the municipal council. After the more important business had been transacted, Mayor Thompson took up the routine matters and among them were several recommendations from Commissioner Morse, that petitions for garage and gasoline licenses be granted. One of them provided for granting a license to the Central fire station in Middle street to keep gasoline. The situation was that Commissioner Morse had asked the chief of the fire department to investigate his own department. The chief did so and in turn the commissioner recommended that a license be granted. A big laugh went up when the motion was put and Commissioner Marchand Jocularly bellowed out "No" on the question of whether the permit should be issued. However, the license was granted.

It seems to be rather the rare coincidence that the head of a school or

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition. That's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take GOLD MEDAL Haarlem Oil Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. GOLD MEDAL Haarlem Oil Capsules are imported direct from the laboratories at Haarlem, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three each.

166 CENTRAL STREET

college is able to combine with capable ability as an educator, the diplomacy, aggressiveness and vision associated with a successful business man say for instance, a manufacturer. As I write this I have in mind President Charles Holmes Eames of the Lowell Textile and it is in my mind that the state of Massachusetts in whose care and supervision Lowell Textile is now placed, our city of Lowell, and all the young men under his training, are to be congratulated that in this type of technical school, the demand for this kind of a principal has been so completely met as is the case in the innumerable of President Eames. Perhaps just this one case in point to be cited here will illustrate what we intend to convey. A manufacturer told President Eames he preferred not to have young men enter his employ who had received a textile school training. Dressed for his reason, he replied that many textile school graduates came to him, "with a swelled head and a swelled front."

In alluding to this when speaking to his graduation class for the last time on Tuesday, President Eames told the boys that while he did not believe

the complaint the manufacturer had made was in all phases justified, yet he had no doubt there had been instances where graduates had entered the employ of some mill with just that attitude. His warning as to that condition of mind, was delicately put to the graduates by inference only. Speaking a few moments later on practically the same thought, however, he was blunt and practical enough to say to them: "Do not carry your frame degree to your office and hang it up the very first week you go to work. Make good in your first job on your own merits and let the men find out if they may that you have had textile school training. It is something you do not have to advertise by hanging up your degree in your office."

HIG WEAVE SHED

A weave shed, 304 by 350 feet, will be erected by the Massachusetts Mill and Plush Co. in Haverhill avenue. The building will be on concrete foundation and the frame will be steel and hard pine. Its cost will be \$50,000.

REDUCE HIGH COST OF LIVING

Elaborate Scheme, Backed by Whalen and Duke, To Run Stores All Over World

Will Probably Use Many Buildings Now Occupied by Saloons

NEW YORK, June 12.—An elaborate scheme involving a reduction of the cost of living all over the world and incidentally the probable use of the hundreds of thousands of saloons which will become vacant with the inauguration of prohibition on July 1st,

was revealed here yesterday.

The principal men behind the scheme are James B. Duke, founder of the American Tobacco company, and Geo. J. Whelan, founder of the United Cigar Stores. With them are associated other financial and business interests among the most powerful in the United States.

"Entitled to Be Varied Retailing" Following is an announcement issued from the offices of the new company, No. 511 Fifth avenue:

George J. Whelan and James B. Duke have organized the United Retail Stores Corporation to take advantage of present conditions to extend manufacturing business and to organize a system of retail stores throughout the world for merchandizing of all kinds.

"The United Retail Stores Corporation will begin operations at once by inviting United Cigar Stores company to become associated with it. Other important systems of chain stores in America and Europe, as well as in South America, selling tobacco, confectionery, groceries, clothing and

general commodities will in time be identified with the new concern.

"The charter of the company under the laws of Delaware authorize the corporation to engage not only in retailing of all kinds of commodities, but in the production of raw material and in manufacturing as well as in the financing of such operations."

One of the interesting disclosures in the announcement of the organization was the fact that James B. Duke had returned to active business in the United States. Since dissolution of the American Tobacco company by the supreme court in 1912, Mr. Duke devoted himself exclusively to the British-American Tobacco company in London.

From Greenland to India

The new company will open retail chain stores all over the civilized world for the sale of merchandise of various kinds. On or before January 1 hundreds of thousands of desirable stores now occupied by saloons in the United States will become vacant. While nothing official as to the intention of the company to rent these stores has been announced, it is believed that advantage will be taken of the unusual rental situation.

The chain of stores the corporation proposes to extend virtually from "Greenland's icy mountains to India's coral strand" will sell all kinds of products, including tobacco, confectionery, groceries, foodstuffs, drygoods and general merchandise of all descriptions.

The first company to be taken into the system will be the United Cigar Stores. Several other chain stores of national character will be added. The chain will include not only cheap groceries, but high-grade stores, so that every class of customers can be catered to.

The officers of the new company are George J. Whelan, president, and William R. Perkins, vice president. Board of directors is composed of Mr. Duke, Mr. Whelan, Mr. Perkins and Sidney S. Whelan.

May Draw Large Interests

The stock of the company as at present authorized is sufficient only to begin business, but with all the old tobacco crowd behind the concern unlimited capital will be available for any extension it may be deemed desirable to undertake.

Corporations having chains of stores will be taken in by exchange of

stocks or for cash, or new ones will be established in all parts of the world, particularly in Canada, the British Isles and in several countries of South America and in the Orient.

Great economies are expected to result from wholesale buying of standard commodities. In many instances the supplies will be manufactured by the company itself and possibly produced on its own farms. The company is authorized to finance any of the enterprises for the complete development of its business.

In the business world this corporation was regarded as unique. It will be something like a vast department store, with agencies scattered world-wide.

In the financial district announcement of this organization came as a surprise for it unites once more the powerful group of financiers that was dissolved by the supreme court in the tobacco decision. They are not going into the tobacco business together, but into general merchandising, and are going into it with the full approval of federal authorities, and in such a way as to extend the influence and reputation of American enterprise to all parts of the globe.

Nothing was disclosed regarding the details of the exchange of United Cigar Stores stock for United Retail Stores Corporation stock, but in the market during the day United Cigar Stores sold at about double the price at which the new stock was quoted on the Curb. Tobacco Products stock also was active and made new high records. American Sumatra made a sharp advance.

AGED WESTBORO MAN MURDERED IN SHOP

WESTBORO, June 12.—Dwight D. Chapman, a retired machinist 69 years old, who lived alone in his machine shop, or tool shed, in the rear of 40 South Whipple street, was found murdered in his bed at 11 o'clock yesterday morning by Police Officer Thomas W. Humphrey and School Officer James H. Higgins. The tool shed, or machine shop, adjoins the Chapman dwelling, which is used as a lodging house.

The police and school officers had to force an entrance into the machine shop by breaking in the door.

The body of Mr. Chapman, who is known to have had in his possession a large sum of money, was covered with bed clothing.

There were several deep gashes on top of his head, as if made with the sharp blade of a hatchet, and on the body were at least 15 bruises. The police believe he made a desperate attempt to save his life.

Drilled Hole in Safe

The police discovered that an attempt had been made to break open the safe in the Chapman home, near the shop or tool shed.

A big hole had been drilled in the top of the safe and many of Mr. Chapman's tools were scattered about the floor.

The police say a couple of strangers in Westboro who had been rooming at the Chapman home disappeared early Monday morning, going on the 8:03

o'clock train to Boston. The woman was known as Mrs. Baker, who said she and her husband were from Philadelphia.

This couple, according to witnesses, were to look over the place while Mr. Chapman went on a vacation to New York.

A blood stained hammer was found late yesterday afternoon on the floor of the tool shed where Chapman was murdered.

Medical Examiner Knight and two assistants yesterday performed an autopsy on the body. State Police Officers Mott and McCarthy were in Westboro last night with Asst. Dist. Atty. George R. Stubbs, making the investigation.

Dead at Least 12 Hours

Dr. Charles S. Knight, the medical examiner, said: "The man has been dead at least 12 hours. There is no doubt he was murdered. He had a large roll of bills with him last week and this is gone. There was no money found in his clothes or about the room and I am satisfied that robbery was the motive for the crime."

Dr. Knight has been interested with

Chapman for some time in settling the estate of Mrs. Emily Blake, who owned the property where Chapman lived.

Chapman, according to neighbors, had been missing two days. He remarked to neighbors Sunday that he expected to go to New York.

Officer Humphrey said: "There were no signs of any struggle about the room. Chapman evidently had been killed while in bed. I believe some one came into his machine shop to rob him and that Chapman awoke to find the man in the room and was attacked with a hatchet or ax. His cat was in the room when the body was found."

Blood in Mirror

"There were splatters of blood on a mirror and on the wall."

It was learned by the police that no one is now living in the house on the estate, which has been used as a lodging house.

The scene of the murder is about 40 yards from the South sidewalk and 200 yards from Westboro square.

Chapman had been many years caretaker for the estate of Mrs. Emily Blake.

This Is Worth Reading

Thousands have been relieved of indigestion, stomach and liver disorders by SEVEN BARKS, the following extracts from testimonials voluntarily given, prove our assertion.

For the past 20 years SEVEN BARKS has saved me many a doctor bill. I have found it a most excellent remedy for indigestion and kidney troubles.—L. A. Ames, Prospect, Maine.

For seven years I was troubled with stomach trouble and rheumatism, could get no relief. SEVEN BARKS helped me wonderfully, and I will never be without it. In fact, it is a doctor in itself. Since using SEVEN BARKS I eat well, sleep well, and feel like a new person.—Mrs. Mary E. Sturgen, Sheldon Springs, Vt.

I have used SEVEN BARKS and it cured me of a very bad case of Constipation, and Indigestion. I was all run down, had no strength, could hardly go out doors, etc.; your SEVEN BARKS did me more good than anything I ever tried. It's a good standby and I can heartily recommend it.—Edward Upham, Lynn, Mass.

What SEVEN BARKS has done for others, it will do for you. For sale by druggists, 50 cents per bottle. Don't neglect to try it.—Adv.

CHARGES POTASH MEN IN A TRUST

WASHINGTON, June 12.—American potash producers were accused yesterday by Representative Rainey, democrat, of Illinois, of unlawful com-

bination in violation of anti-trust laws to get high prices for their products. The charge was made before the house ways and means committee after witnesses at hearings on protective legislation had said the producers wanted \$250 a ton for their potash salts.

"You do not come here with clean hands," Representative Rainey told the producers. "You have a combination and are violating the anti-trust laws."

"There is no license or evidence for that statement," shouted Chairman Fordney.

Representative Conley, republican of Illinois, said "it was Mr. Rainey's duty to report the producers for prosecution."

It was developed later that some of the companies would sell their products under \$250 a ton, one California company offering to sell at \$225 a ton. The bill proposes to license manufacturers and to compel them to mix high cost domestic potash with low cost imported potash; price fixing and tariffs at the end of five years to equalize producing cost.

ELECT CONVENTION DELEGATES

Delegates were elected to the annual convention of the associated Y.W. and Y.M.H.A. of New England at the regular meeting of the local Y.W.H.A. held in the Hebrew Free School Tuesday evening. The convention will be held this year in Providence, R. I. from October 10-13. The delegates elected were Mrs. A. S. Goldman, Mrs. J. J. Quinn and Miss Sarah Shapiro.

The reliance that womenkind has upon sugar-filled wafers which they sup-

learned to put in crackers is being reported. There was no question about the given for returning soldiers and complete success of Nettie's discovery.

She has determined the business woman's tea. It makes a more combination than any other. I knew a man tried from France recently, I found it very difficult to eat. I found it was almost unpalatable or distasteful. He had no charm to the delicately flavored, course to N. B. C. Graham Crackers.

Watch Over Your Daughter

FROM 14 to 18 is the critical time in a girl's life. The change from girlhood to womanhood, is a strain on the entire system. It is the period when her future is moulded. Whether she is to go through life healthy and happy; or pale, thin, wretched, depends on the care you take of her.

IF your daughter is "not doing well", the chances are that she is suffering with Anemia. She needs more blood; she should be taking a blood food like RED PILLS for Pale and Weak Women.

YOUR daughter should have bright eyes; rosy cheeks and clear skin. If she has not these signs of health, she is troubled with Anemia and needs RED PILLS.

YOUR daughter should not suffer with headaches and backache. She should enjoy her meals and sleep well at night. If she is not doing so, then she has Anemia and you should give her RED PILLS.

HUNDREDS and hundreds of happy, contented wives and mothers of today owe their vigorous health and happy families to the benefits they derived from taking RED PILLS in their girlhood days.

WATCH over your daughter, and keep her in good health with RED PILLS.

MRS. J. REID, 460 Grafton Street, Worcester, Mass., says: "My little girl of fourteen suffered from Anemia and poor circulation for many months. From day to day I could see her failing, she lost her appetite, her sleep was disturbed, and she had been forced to stop attending school. She even went to a hospital for treatment. When nothing else was helping her, I started to give her RED PILLS for Pale and Weak Women, and in a few weeks she was feeling much better, and in a short while the color came back to her cheeks, she became stronger, and now today she is the picture of health."

CAUTION:—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French specialist. They have been used by French women ever since. Insist on the signature of the "CIE CHIMIQUE FRANCO AMERICAINE", and a serial number on each box. RED PILLS are never sold in bulk; only in boxes, 50 cents, or 6 boxes for \$2.50, at all dealers, or sent by mail on receipt of price, by the Franco-American Chemical Company Limited, 212 Milk Street, Boston, Mass. 19

Children need a soap that more than cleanses

THE little ones get so dirty, they must wash and be washed so often, that they especially need a soap that is beneficial to the skin—not only one that cleans away the dirt.

When they wash with Lifebuoy, it cleanses, and more than cleanses. Its big, bubbling lather carries into every pore the antiseptic recognized as the greatest aid in keeping the skin healthy. It leaves the skin antiseptically clean, and protected.

The skin is covered with the tiny openings of the fat and perspiration glands. They throw off waste matter and perspiration continually. They are constantly exposed to impurities, to dust and dirt. Unless removed, this cast-off matter

clogs the pores, stops perspiration, and irritates the skin.

Give the children Lifebuoy. See how it keeps their skin free from little irritations, keeps it glowing with health.

The odor tells why

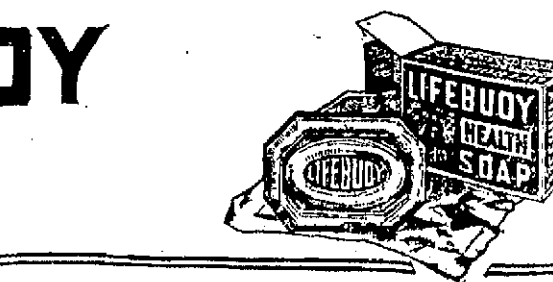

The "health" odor in Lifebuoy is found in no other soap. It is not a perfume—not the odor of a medicine—but a pure, hygienic odor that tells you instantly why Lifebuoy purifies and protects—why it improves your skin.

Get Lifebuoy at any grocery, drug or department store. Use it always for the children's faces, hands, and baths. Lever Bros. Co., Cambridge, Mass.

BRAVES STOP ST. LOUIS TEAM, 6 TO 4

Boston stopped St. Louis' winning streak yesterday, getting the decision, 6 to 4. An error by Heathcote and a hit batsman by Dook in the eighth inning cost the Cardinals the game. Chicago made it five in a row when Philadelphia was defeated, 7 to 2. The game was called in the eighth inning on account of rain. Pittsburgh again defeated Brooklyn, 3 to 2, and passed the Dodgers in the league standing. Cadore was victorious for seven innings, but wilted before a sharp Pirate attack in the eighth, which netted three runs and the game. Ruether and Schupp and then Peritt met in a close battle of pitchers yesterday, the Reds winning out, 4 to 1. Each team was held to three hits, but New York could only get one safety after the second inning.

WILLARD AND DEMPSEY GET EASY MONEY

TOLEDO, Ohio, June 12.—Jess Willard and Jack Dempsey are reaping a rich harvest as a result of the big crowds which continue to pay to visit their training camps on the shores of Maumee Bay. The contest for the heavyweight championship is still more than three weeks away, yet the business representatives of the boxers are planning to enlarge the canvas enclosed arena to accommodate 500 persons expected to crowd the camps for the last week preceding the match.

DENY ROCAP TO REFEREE BIG BOUT

TOLEDO, June 12.—It looks very much as if Ollie Peckard of Toledo would referee the heavyweight title bout July 4. The bloomer from New York yesterday, which named Bill Rocap of Philadelphia as Mal. A. J. Driscoll's opponent, was short-lived, as Driscoll's denial followed closely upon the appearance of the original story. Before the denial appeared, however, Tex Ricard declared himself in favor of the Toledo man as referee. If Peckard is not appointed he must at least be named as alternate, to act in case of an accident or illness. He is entitled to the honor on his record and the fact that this is his home, Ricard said with emphasis.

Bob Edgren, New York sporting editor, said yesterday that he would not mind refereeing the bout just for the pleasure it would give him to turn the amount of the fee over to blinded soldiers.

GIBBONS AND CHIP DRAW

TERRE HAUTE, Ind., June 12.—Mike Gibbons of St. Paul and George Chip of Newcastle, Pa., contenders for the middleweight championship, fought 10 fast rounds to a draw before a big crowd here last night.

CHISOX MAKES IT TWO STRAIGHT IN HUB

Chicago made it two straight from the Red Sox yesterday mainly through the fine pitching of Williams, who shut out the world champions, 3 to 0. Barry, playing second base in place of Dave Shean, made two errors, making a total of five in two days. Dutch Leonard was knocked out of the box by the Yankees yesterday. New York beating the Tigers, 7 to 0. Quinn was practically unhit. Long distance hitting featured the Philadelphia-St. Louis game, won by the latter club, 4 to 3. Snodgrass had the better of Rogers in the eighth, which netted three runs and the game. Ruether and Schupp and then Peritt met in a close battle of pitchers yesterday, the Reds winning out, 4 to 1. Each team was held to three hits, but New York could only get one safety after the second inning.

OPEN TOURNAMENT AT METHUEN

On Tuesday, June 17, Bunker Hill day, the Merrimack Valley Country club in Methuen will hold an open mixed foursome golf tournament. Selected drive, 18 holes medal handicap. Prizes will be awarded for the best gross and best net scores. Luncheon will be served between 12 and 2 o'clock, tea at 3.30 and dinner at 6 p. m.

DIAMOND NOTES

Bill Phoenix, for a number of seasons with Lawrence in the old New England league, has been signed by Fitchburg to play an infield position.

This fellow Boyce, pitching for Fitchburg, is all wool and several yards wide, according to the umpires who have watched his work around the circuit.

To date, however, we have yet to learn a hurler who shows as much stuff as Bob Clark. Steady Clark down a bit and he will be a sure winner in practically every start.

Red Torphy, who used to cavort around third base in other days, now playing for New Haven in the Eastern league, has been shifted to first base.

Hayden's team will have to spot its pitchers at least ten runs to feel sure of a victory, the way the hurlers are going.

There has not been very much balm for Harvard on the diamond this year, but yesterday's victory over Princeton helped some.

Haverhill fans are waking up. There was a big crowd out yesterday and several thousand are expected to see Lowell play there again on Saturday.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

LOWELL SLIPS AGAIN WITH BIG LEAD

Lowell again yesterday against Haverhill made enough runs in the first three innings to win any ordinary game, but weak pitching could not hold the advantage and Burckett's team batted out a victory in the fifth, sixth and seventh frames and won 12 to 8. Hayden used Gaudette, Penfold and Merritt and finally called on Weaver, first baseman to stem the flood of hostile runs. Lowell hit Dubois and Werre hard but not frequently enough in the closing innings.

Bossie was the heavy slicker, getting a triple and a home run, and Schenck made his customary contribution of two. A big crowd saw the game and showed a distinct revival of interest in the sport. The score:

WHAT COUNTS FOR MOST IN BUYING A NEW SUIT?

RELIABILITY—It's the Most Important Part of the Whole Transaction

It Is Too Bad

All suits look so nearly alike when they are new. A poorly made suit of cotton and shoddy fabric can be pressed and stiffened into a smart, trim affair by a man clever with the iron.

It sometimes takes an expert to recognize it for what it is at first. But it doesn't take long after the suit is worn. When the test of service comes, the pressed into shape suit soon shows itself.

Have we made the point clear?

It is too bad all suits look so nearly alike when they are new, because it gives unscrupulous dealers an opportunity to fool the public.

Merrimack Clothes

Insure you against dissatisfaction. There are hundreds of men in Lowell who come to this store season after season for their clothing. That is because they get satisfaction.

Merrimack Suits are real values. You don't get a \$50 Suit for \$35 at the Merrimack—but you get the best \$35 Suit made in the United States for \$35. You get good, honest, sound value for your money—you get satisfaction.

Merrimack Suits

Are Priced

\$20 to \$50

With the emphasis on the \$30 and \$35 grades.

MERRIMACK CLOTHING COMPANY

ACROSS FROM CITY HALL

OPEN FRIDAY NIGHTS

By allowing the hit to go for a double and three runs scored. Bailey scored soon afterward on a single and Portland defeated Lawrence, 10 to 7. The score:

Portland	1 2 0 1 2 0 0 4 0 10 12 6
Lawrence	0 0 2 0 5 9 0 0 0 7 8
Batteries:	Moore, Murphy and Sweetland; Freeman and Foxe.

DRIVE ON FOOD PRICES

Cong. Fitzgerald Renews Fight—Says People Should Get Surplus Army Beef

WASHINGTON, June 12.—In the debate on the military bill in the house yesterday Representative Fitzgerald of Boston described a recent visit he had made to New York for the purpose of interviewing a representative of the food administration in reference to the price of flour. Mr. Fitzgerald secured the floor during the discussion of the item carrying an appropriation to provide means for the disposal of \$60,000,000 of surplus food products, which the war department now has. He said:

"We are appealed to, and properly so, by hundreds of thousands of government employees who have seen the cost of living increase 100 per cent during the last four years while their wages have increased on an average 50 per cent. And yet the government

controls this increased amount of food products, has controlled it since the armistice was signed, and because it may occasion a glut on the market which would lower the price of beef across the water, or because of the manner in which the warehouses of the country are distributed, the people cannot have this beef."

"This is a situation we cannot dodge. People are hungry in every part of the United States because they cannot afford to pay the price for beef, and it is a crime if the government at Washington cannot organize brains enough to put this meat where the people can get it."

"The democratic party is not responsible for this situation. The men who are in charge of these supplies have been brought in as experts. These experts go with the party in power to prey upon the public of the United States. It is not the republican party that is responsible nor the democratic party, unless we fail to rise to our responsibilities."

"The other day in New York I spoke to Mr. Barnes and attempted to get some information about flour. I attempted to get some information from the committee on agriculture and from the food administration in Washington, but I was told I must go to Mr. Barnes in New York, so I humbly got on a train and took a journey of six hours, went over to New York and went into Mr. Barnes' office and I said to him:

"What is the condition of the

wheat crop? Are we to have \$16 flour while it is being sold for \$10 in England?"

"He replied, 'England takes the loss.'"

"I said, 'I think the United States takes the loss. What is the start of life. It is fundamental to the welfare of the people of the country. Every day there are strikes for more wages. Why? Because people cannot live because of the cost of living. You must cut down the price of flour if you want the business of this country to proceed along normal lines.'"

"But he said he did not believe that. He was the government and though I was elected a representative, I walked out of the door."

CONVICT PAID TAXES ON WILSON'S FARM

LOS ANGELES, June 12.—George A. Fox, convicted of obtaining money by false pretences, prevented the sale of President Wilson's farm land in Riverside county for delinquent taxes by paying them himself. This became known here when Fox, who is in the county jail, yesterday received a telegram of thanks from J. P. Tumulty, the president's secretary.

"I considered it my patriotic duty," was the only comment Fox made. The tax bill was \$37.21. The tract consists of 51 acres, and was purchased before Mr. Wilson became president. Fox read a notice of the delinquent tax sale in a newspaper.

LOWELL ELKS TO HAVE SOME TEAM

Jimmy Boland, for several years prime factor in the development of the South Ends and the formation of the team's schedule, is hard at work rounding out a team representative of the Lowell lodge of Elks, which will match against the Beverly Elks at the carnival to be held at McAford June 17. Boland is being assisted by Frank McCarlin in rounding out his aggregation. The team will meet strong picked nine on the South common in a twilight game tomorrow evening, six innings being the limit. If there are any Elks who would like to try out for the club they are earnestly requested to step around tomorrow night, pitchers in particular.

EXCELLENT RACING ON OPENING DAY

FOUR CLASSY BOUTS AT C.A.A. TONIGHT

The opening races at Combination park in Medford yesterday brought out a good-sized crowd and the three events resulted in excellent sport and fast time. The wise people showed excellent judgment in picking winners, all three races going to favorites in straight heats, a rather unusual happening for races so early in the season. It was a decidedly poor day for those who like to take a chance on the field, but though the winners had very little trouble in making good they had to keep hustling as the times will show.

Tevison, of Billy Crozier's stable was the choice of the 2.15 trot and though she had to step three merry heats to win, the race was really easy for her and racegoers have yet to learn how good the daughter of Walnut Hall really is. She appeared to be going well within the limit of her speed at the finish of her three fast miles. It was a right good field for the 2.15 trot so early in the year.

In selecting the big chestnut stallion Minor Hal to win the 2.17 pace no mistake was made. He easily outfooted the gray mare Edna Davis the first two heats and was an easy winner over Miss Rico in the final battle. It has been said that the winner would not fight out a race to the finish, but he was surely full of fight yesterday.

The 2.10 pacers looked to be a harder lot from which to pick the winner, but James Albert, the popular choice, made good, though others took turns in trying him out. Today's card is an even more attractive one than that of the opening day. The feature event will be the free-for-all pace, in which the well known cracks, Ben Earl, 2.00 1/4; May Bird, 2.07 1/2; Oro, 2.10; 2.03 1/4; and Roun Hal, 2.00 1/2, come together. The other events on the card will be the 2.15 pace and the 2.12 trot, with good fields ready to start. The summary:

Class A, Trotting—Won by Tevison, bm, by Walnut Hall (Crozier); Chester, chg (Bruse); second, Ontario Stout, bm (Fox); third, Lucy Van, bm, Alfred King, big, Allie Delmar, chg, and Lot Todd also started. Best time, 2.13 1/4.

Class B, Pacing—Won by Minor Hal, chh, by Eddie Hal (Bruse); Edna Davis, grm (Kingsley); second, Miss Rico, bm (Crozier); third, Bill Gentry also started. Best time, 2.11 1/4.

Class C, Pacing—Won by James Albert, bm, by Capt. Bryson (Fleming); Sam Hurst, by (Fox); second, Larry Gamage, bm (Prigge); third, Sellers D. The Ideal Lady, Helen March Zohn, brn and Silver Pearl also started. Best time, 2.12 1/4.

A classy card is scheduled for tonight's meeting of the Crescent A. A. Every one of the four numbers arranged promises abundant action and strenuous battling. In the main event of 12 rounds Johnny Moran, former champion of the navy and Frank Molins, the hard hitting local lightweight, will meet. Both are Lowell boys, each with a large following, and their friends will be out in large numbers to cheer the men to victory. The winner of this match will be matched to meet Phiney Boye later in the season, for the championship of Lowell. Young Strona and Billy Woods of Manchester will furnish the interest in a 16-round affair. Both are strong, fast fighters and the bout should be full of action. Chick Suggs of Newport and Young Drew of Lawrence will have at it in an eight-round frame and this set-to should make these boys travel at a fast gait in order to get the award, as they are evenly matched in every way. Young Crilly of Lawrence will meet Joe Solsberg of New Bedford in the opener of the program in six rounds. The pair are fast youngsters who are aggressive and always provide plenty of action. They met here before and their "cornering" was one of the best preliminaries of the season.

AMATEUR BASEBALL

The Young Dodgers and Glendale Juniors will meet on the North common Saturday afternoon.

The Unity A.C. will play the Belvidere Stars Saturday afternoon at 2.30 o'clock.

The Lisbon Social club team would like to hear from the Maples, St. Peter's A.A. or Boott Mills. Answer through this paper.

The Tyler A.C. challenges the Lisbons to a game to be played Saturday afternoon on the South common. Mr. Foye may be seen at Gallagher's room between 7 and 9 p. m.

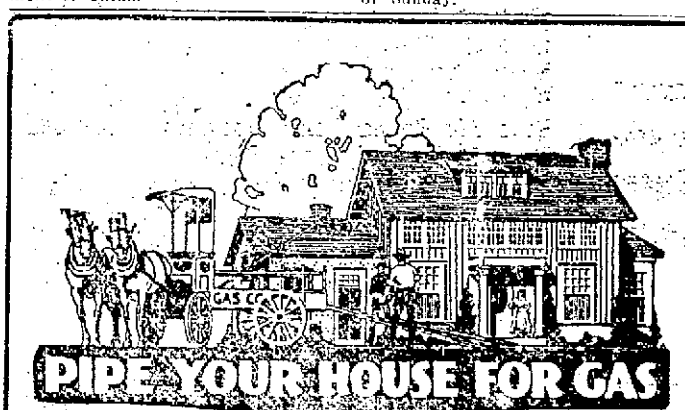

The White Eagles defeated the Edison club, 10 to 5, yesterday. Clancy's pitching was too deep for the Edison batsmen. The Eagles will play the Federals next Saturday.

The manager of the Crystals would like to meet the manager of the Glendales Friday evening at 7 o'clock at Bridge and First streets.

The Young Warriors accept the challenge of the Ottawa Juniors. Tel. 4981-M.

CHINA BUYS AIRPLANES WITH LIBERTY MOTORS

DAYTON, Ohio, June 12.—Toy Gon, former director of air service of the Chinese army, member of a special commission appointed by the government, has purchased a number of De Havilland airplanes equipped with Liberty motors here. He has also negotiated with another company for several commercial machines. Arrangements were made for immediate shipment to China.

DISCUSS BOLSHIEVISM

Subject Taken Up at Paris
—Position of Bela Kun
Also Considered

PARIS, Wednesday, June 11. (By the Associated Press.)—Bolshevism and a discussion of the position of Bela Kun, foreign minister of the Hungarian soviet government, figured prominently in the deliberations of both the Council of Four and the council of foreign ministers today.

The successes of the Hungarian Bolsheviks against the Czech-Slovaks have given the peace conference anxiety for many days and the Council of Four decided that the boundaries between Hungary and Rumania and between Hungary and Czech-Slovakia must be positively determined in order that Bela Kun may be told specifically to what points his troops must be withdrawn, if he desires to avoid a clash with the five great powers and win a hearing from the peace conference.

While the text of the reply of Bela Kun to the telegram from Mr. Clemenceau, demanding that he cease hostilities against the Czech-Slovaks or suffer the consequences, has not been published in Paris, it is apparently unsatisfactory. Official denial is made of Bela Kun's statement that he had been invited to the peace conference. He was told in Mr. Clemenceau's despatch that he would not be invited to the conference, if he did not cease fighting and this was twisted into an invitation to Paris.

Military reverses suffered by Admiral Kolchak's troops in southeastern Russia have caused some uneasiness in conference circles, those reported since Bela Kun's successes against the Czechs being viewed with especial concern. The strengthening of the Bolshevik hold in Moscow by the interruption of the advance of the Estonians against Petrograd, is also the source of uneasiness.

The Bolshevik peril, which was apparently on the decline a few weeks ago, is again commanding attention from all delegations here. No effort is being made to conceal the menace that the Hungarian Bolsheviks offer to Poland as well as Czech-Slovakia. Austria is looked upon as a fertile ground for Bolshevism and if it went under Bolshevik control, with a part of Czech-Slovakia, the Bolsheviks would hold the wedge in central Europe, which would put them on three sides of Poland, which is already hard pressed by the Germans on the west.

Gas in the Stomach
Is Dangerous

Recommends Daily Use of
Magnesia To Overcome
Trouble

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating, are almost certain evidence of indigestion, or "acid indigestion." Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary laxative aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive, and is used by thousands of people who enjoy their meals with no more fear of indigestion.

Liggett's-Riker-Jaynes and other leading druggists.

COLORED PEOPLE APPEAL

Boston Man Submits Request
For "Protection" Clause
in Covenant

PARIS, Wednesday, June 11.—William Monroe Trotter, of Boston, secretary of the National Equal Rights League, has presented every member of the peace conference a petition from colored citizens of America, asking that a clause assuring all citizens "full liberty in the rights of democracy and protection of life without distinction based on race, color or previous condition," be inserted in the covenant of the League of Nations.

DISCUSS SITES FOR
AIRPLANE LANDING

An explanation of the possibilities of developing a landing place for commercial airplanes in this city featured the first meeting of the recently elected directors of the board of trade, held last evening at the board rooms. The subject was discussed by a Mr. Long, representing the Curtiss Airplane Co. The board had previously named a committee to take up this matter, of which Stephen Kearney is chairman. The latter introduced Mr. Long, who said that the sites which best meet the requirements of a field 1000 to 1200 feet square were: In Andover street, between Butman road and Clark road or on the Pawtucket boulevard. The Andover street site is preferable, he said.

If the project were to be carried through, the city would have to obtain the land, level buildings, and then the company would erect hangars. The company would reserve the right to conduct an aviation school on the field and he assured those present that the field would not be productive of undue noise. The matter was left in the hands of the board's committee.

Other matters taken up at the meeting were of a more or less routine nature. John J. O'Rourke was unanimously re-elected secretary to serve his second year.

President John M. O'Donoghue announced his executive committee. This will include, besides the president and secretary, the following: George Bowers, Paul E. Chandler, John C. Leggat, George H. Funnels, James F. Owens and Fred C. Weld.

Reports were received from the home building and Merrimack river navigation committees. It was voted to appropriate a sum not exceeding \$50, to be at the disposal of the school garden workers of the city.

A vote of approval for the Boy Scout campaign now being held here was passed.

It was also voted to urge the commissioner of streets and highways to consider the establishment of a permanent repair gang.

The executive committee was instructed to make plans for a board of trade outing this summer and to report at an early date.

The following new members were elected: Winchester Laundry Corp., Daniel S. O'Brien, Fred J. Crowley, John W. Fraser, J. C. Manseau, Albert J. Ryan, Christos Chipouras, W. Weinstein and William B. Kiernan.

The personnel of the various administrative committees as chosen by President O'Donoghue was as follows:

Committee on public improvements, George Bowers, chairman; George C. Fairburn, vice chairman; Dr. A. J. Gagnon, Harvey B. Greene, Alonso G. Walsh, Dr. C. E. Simpson, S. H. Thompson, Jesse H. Shepard, Otto Hackmeyer, James H. Leighton, Hon. Walter S. Watson, Hon. Perry D. Thompson.

Committee on administration and finance, George H. Funnels, chairman; Fred F. Hayward, vice chairman; Ar-

thur L. Eno, George H. Haft, Arthur T. Safford, Arthur C. Spalding, George F. Wagner, James C. Reilly.

Committee on transportation, Paul E. Chandler, chairman; Stanley E. Qua, vice chairman; Daniel F. Carroll, Fred J. Crowley, Dennis A. Murphy.

Committee on new industries, James F. Owens, chairman; John H. Murphy, vice chairman; Robert F. Marden, Albert D. Milliken, John A. Hunnewell, George F. Wagner.

Committee on commercial affairs, John C. Leggat, chairman; Allan D. Parker, vice chairman; L. A. Derby, Elbert J. Gilmore, John J. Hanlon, Jude C. Wadleigh, John K. Whitaker, D. A. Wilson, A. B. Woodworth, David Ziskind, D. S. O'Brien.

Committee on legislative affairs, Hon. John J. Rogers, honorary chairman; Fred C. Weld, chairman; Herbert J. Bull, vice chairman; Frank J. Campbell, George M. Harrigan, Patrick J. Reynolds, Henry A. Smith.

Americanization and educational committee, John J. Mahoney, chairman; Jude C. Wadleigh, vice chairman; F. A. Flather, R. B. Walsh, Hugh J. Molloy, Robert F. Marden, Manuel B. Sousa, Joseph H. Gulliot, Herbert D. Bixby, Vasileos Giavlis.

"Build your own home" committee, Daniel F. Carroll, chairman; George Bowers, vice chairman; Rene J. R. Delys, Lucius A. Derby, John F. Dwyer, Percy F. Gilbert, Frederick F. Meloy, James C. Reilly, Henry L. Rourke, George H. Funnels, Edwin T. Shaw, Jude C. Wadleigh, A. D. Milliken.

Aircraft landing field committee, Stephen Kearney, chairman; Gardner D. Dumas, John A. Stephens.

Waterways committee, George Bowers, chairman; Robert F. Marden, vice chairman; Gen. Butler Ames, F. A. Flather, John H. Harrington, Hon. John J. Hogan, James J. McManmon, George S. Motley, John H. Murphy, Hon. James E. O'Donnell, Hon. John J. Rogers, Capt. William P. White, U.S.N. (retired).

FASTEST DESTROYER IN
WORLD OFF FOR BOSTON

RATH, Me., June 12.—The torpedo boat destroyer Hale, unofficially said to be the fastest destroyer in the world as the result of covering the mile course at Rockland at the rate of 33.8 knots an hour, left today for her preliminary official trials and delivery tonight at the Boston navy yard, just two weeks from the day of her launching from the Bath Iron Works.

The destroyer, when outside the Kennebec river, started on a four hour run at full speed, which would take her to the eastward, where she would circle Monhegan island, then to the westward, terminating the run at Boston light. The backing and ruder tests then will be held.

This is the fourth destroyer from Bath to be tried and delivered on the same day and the seventh to be delivered to the navy department since July.

BLISS NATIVE
HERB
TABLETS

Have you noticed the rugged, healthy complexion of our soldier boys—active step, and strong, manly bearing? This condition is due to outdoor life, plenty of exercise, regular habits and wholesome food.

Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, at a desk, or other employment, until your condition becomes stale, indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-slacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trade marks on every box.

Sold by leading druggists and local agents everywhere.

LOWELL CHORAL SOCIETY

The Lowell Choral Society held its annual meeting last evening and elected its officers for the coming year. Arthur C. Spalding was re-elected president and the following men and women will serve with him: Vice president, George S. Drew; treasurer, Samuel Kershaw; secretary, James L. King; executive committee, Thomas P. Boulser, David Hird, Noble Charlton, Miss Winifred C. Haggerty, Miss Marion McKnight, Harry H. Pascal, Mrs. L. J. Hanson, Miss Mary E. Reilly, Mrs. H. R. Hanson, Miss Margaret M. Sparks, Mrs. C. H. McIntire, Miss Rita B. Thompson and George Maguire. B. G. Hood of Nashua, the present conductor, was unanimously chosen for next year and Winifred Kershaw was retained as pianist. The treasurer reported all bills paid and a satisfactory working balance on hand.

BELGIUM AND HOLLAND
TO SUBMIT CLAIMS

BRUSSELS, Wednesday, June 11.—The peace conference in Paris will invite Belgium and Holland to submit their differences as to waterways to a commission composed of representatives of the United States, Great Britain, France, Italy and Japan, but no suggestion for a transfer of territorial sovereignty, nor the creation of new international obligations will be considered.

This was outlined in the Belgian chamber of deputies this afternoon by Paul Hymans, foreign minister, who came here for that purpose from Paris. Mr. Hymans added that, while Belgium had agreed to go before such a commission, it was well understood that the outlined procedure would not prevent an examination of measures necessary to obviate danger which the peace conference admitted on March 8 to menace Belgium by reason of the terms of the treaty of 1539. He also intimated that the negotiations would be protracted.

BOGUS ARMY OFFICER
ARRESTED AT NEWTON

BOSTON, June 12.—George T. Murphy, 25, a discharged army aviator, wanted in Long Beach, Cal., on a charge of passing worthless checks, was taken into custody yesterday afternoon at the Brae-Burn Country club by Newton police and army intelligence officers after he had been trailing from coast to coast by Pinkerton detectives. He was held on a technical charge of unlawfully wearing an army uniform.

Dressed in a perfectly-tailored uniform bearing the insignia of a captain, two wound stripes, overseas service chevrons, croix de guerre and distinguished service cross ribbons, Murphy was parading proudly before the spectators at the golf tournament when the officer found him.

Conspicuous Figure in Crowd
They had no difficulty in locating him in the crowd, for his much-decorated uniform made him conspicuous. Across his left breast were pinned the silver wings of a military aviator, he wore a pair of full dress boots and twirled a stylish cane carved with dates of his supposed aerial triumphs.

Since his arrival here, recently Murphy has been under surveillance of detectives who have been tracing him from California, where he is alleged to have jumped his bail and eluded the police following his arrest in Detroit last February. The Pinkerton agency learned that he was at Brae-Burn yesterday and requested the northeastern department to send intelligence officers there to aid in establishing his identity.

The officers took Murphy aside, and had started to question him when he broke away suddenly and made a dash for the woods lining the golf course. Special Officer Edward P. O'Neill, of the Newton department, a former crack high school athlete, who has just returned from service overseas, pursued and overtook the fugitive.

Murphy was handcuffed and taken by automobile to Northeastern department headquarters, where his record was investigated. Harry J. Murray, assistant superintendent of the criminal department of the local Pinkerton agency, charged that Murphy, between

Feb. 1 and Feb. 8 at Long Beach, had written three worthless checks totalling \$2500, using the names Sidney Johnson, J. E. Bennell and Oliver.

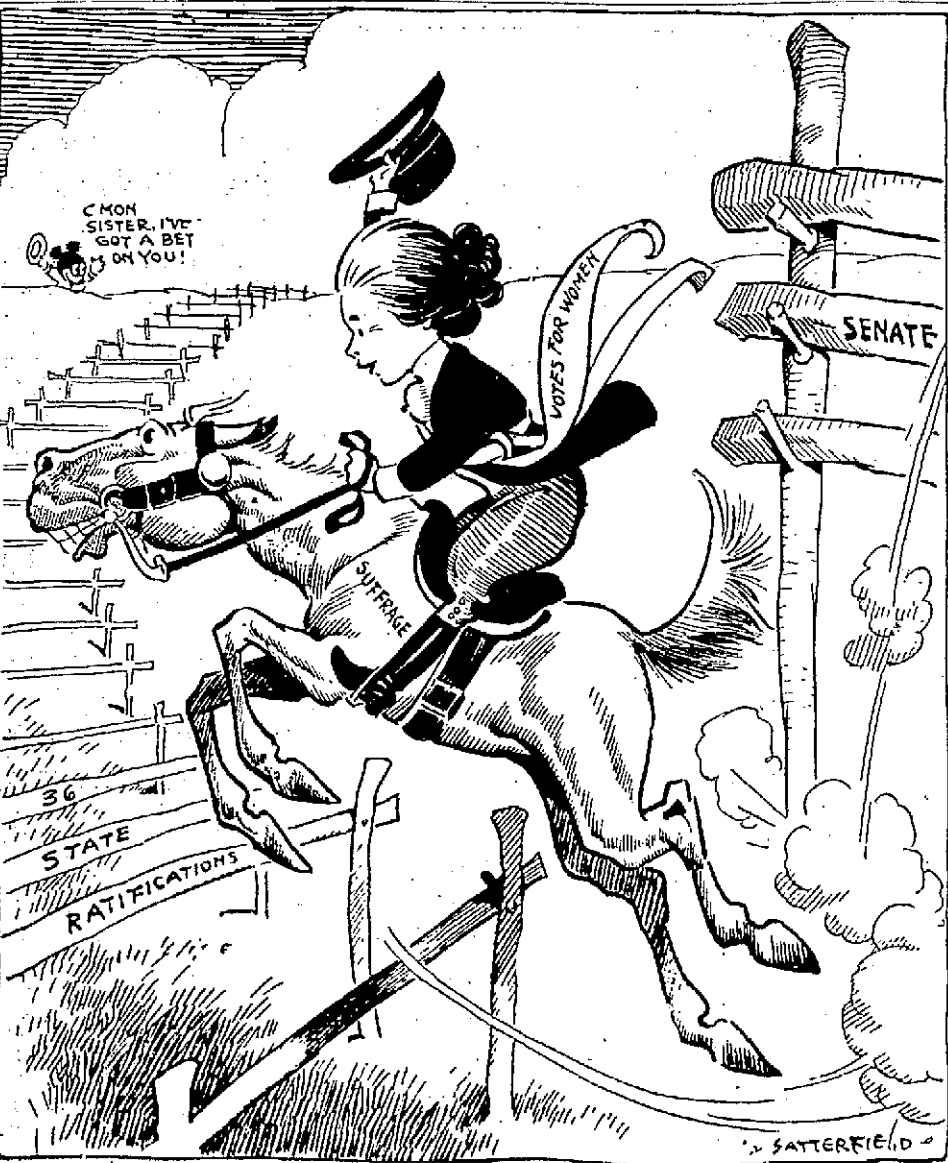

Captured Once in Detroit

He then disappeared. It is alleged and was traced to Detroit, where he was arrested Feb. 17, after he married a Detroit girl. Taken to Long Beach to face trial, Murphy released on bail and again vanished but was finally located here, after he had been trailed across the continent. Murphy is said to have originally lived in Detroit, although he has permanent address at present. He is a second lieutenant in the air service during the war, but had never overseas. He had served as an instructor of cadets at Berkeley, Cal., receiving his commission.

From northeastern department headquarters Murphy was taken to federal building and arraigned before United States Commissioner Hayes on a charge of unlawfully wearing army uniform. He was held in jail for the federal grand jury, possible that the charge upon which he is wanted in California will serve as action against him here.

SOLDIERS' INSURANCE

All discharged soldiers and sailors should be advised to keep up the payment of the premiums due on war risk insurance, applied for while in the military service. Within short time those who have kept such payments will be permitted to convert their present insurance to or forms without another physical examination. Any discharged soldier has permitted his insurance, to be should correspond with or call at office of Major T. J. Johnston, department insurance officer, headquarters northeastern department, room 717, Chaucery street, Boston, Mass., as far as possible, as it is not yet too late to be reinstated. Information may be obtained there with reference to the new kinds of insurance to be issued and the premium rates, there. In writing, in addition to asking information desired, the person should indicate the date of his discharge, whether he has paid any premium since such discharge. The officer mentioned will also be pleased to assist the allotment of soldiers in where allowances and government allowances are not being received.

FOUR SHIPS IN COLLISIONS

Transport Rammied off Sandy Hook Being Towed Into Port—Crew Safe

Steamer Yankee Sank After Collision With Italian Vessel—No Lives Lost

NEW YORK, June 12.—Several members of the crew of the naval transport Graf Waldersee, formerly of the Hamburg-American line, were rammed last night by the steamship Redondo, in a collision off Fire Island, which the Redondo's captain declared was unavoidable.

The latter vessel, entering port this morning, reported all the Graf Waldersee's company, including 10 officers and 400 men of the crew and nine army officer passengers, safe aboard the transport Patricia, which was towing the damaged vessel, her hold partly flooded, toward this harbor, keeping close to the Long Island shore.

The commander of the Redondo declared that the crash was "simply a case of two ships meeting in the fog, the collision was unavoidable."

Observers reported a wrecking tug alongside the Graf Waldersee. The ship had a light list to port and was settled heavily.

Transport Dashed
NEW YORK, June 12.—The transport Graf Waldersee formerly one of the crack passenger liners of the Hamburg-American line, which was rammed last night by the steamship Redondo, was beached shortly after 11 o'clock this forenoon on the sands of Long Beach, Long Island.

She was saved from sinking in deep water by the steamship Patricia, which came to her rescue at the scene of the collision off Fire Island about 11 o'clock last night and with the assistance of wrecking tugs, took her in tow and raced for the shore.

The transport, lashed bottom directly opposite the fashionable summer colony at Long Beach.

Steamer Yankee Sank
NEW YORK, June 12.—The transport ship Yankee, operated by the United States shipping board, sank early today off Fire Island after having been in collision with the Italian steamship Argentina late last night. The crew of the Yankee was taken aboard the Argentina.

Immediately after being struck by the Argentina, the Yankee began to list heavily and all hope of saving the vessel was abandoned. The captain and crew were taken aboard the Argentina, which stood by for several hours until the Yankee went down.

The Yankee was built for the shipping board at Cleveland in 1918 and was engaged in coastwise trade, having sailed for this port from Newport News on June 6. She was a 2418-ton vessel.

The Argentina, continuing on her course across the Atlantic, reported that she would transfer the Yankee's crew to the Cardinal lightship.

ESTIMATE OF BIG INCREASE IN UNITED STATES WOMEN WORKERS

By BIDDY BTE
One million women workers—that sounds like a lot. But as a matter of fact it is only moderate estimate of the increase in women workers in the United States since the beginning of 1918.

According to Miss Maria Ohenauer, chief woman examiner of the national war labor board, who has just estimated in October, 1918, 800,000 women of this number are in clerical work, and 400,000 in industrial work.

An increase of nearly 50,000 in the one year, 1918, in the number of women employed on the railroads, is disclosed by the annual report of the director general of railroads, which states that the number of women employed in this work increased from 30,555 to 101,236 in the past year. Although the majority of these were doing clerical work, many were in the signal service, or tending switches, holding yard work, trucking or working in the roundhouses. The report goes on to say that the women have been equal to these jobs, not only in processes requiring little skill, but in some of the trades calling for a high degree of intelligence and training. They are, for instance, doing electric welding, having advanced from flat work to welding of all kinds. The fact that some are earning the full mechanic's rate is a proof of their efficiency.

In all occupations, the total number of women employed at gainful work approaches 12,000,000. Of those who entered such occupations during the war, a great many, especially those in clerical government service, were undoubtedly girls who had never worked before. A large number of mothers and wives of soldiers went to work, some urged by economic necessity, and others by patriotism. Another group of war workers is that of the women who changed from non-essential work to war industry, including in large numbers domestic servants. School teachers, to the possible number of 100,000, left their classrooms to enter more definitely related and highly paid war work.

SERVED TWO YEARS WITH CANADIANS
Alexandre Gourdeau, formerly of this city and now of Montreal, Que., is visiting his parents Mr. and Mrs. Frank Gourdeau of 43 East Merrimack st. The young man is attired in the Canadian army uniform and it was only a few days ago that he was discharged from the service after spending two years in the trenches in France.

Mr. Gourdeau left Lowell about seven years ago and located in Montreal. It was there that he enlisted in the 22d Battalion, French-Canadian regiment about two years ago. Overseas he saw active service at the front, but fortunately was never wounded or gassed. He returned to Canada a few weeks ago and brought back with him several interesting souvenirs, among which is a belt taken from a dead German soldier. The young man will spend a couple of weeks in this city, after which he intends to go back to France for a couple of years with a large construction company.

Among the bills recently introduced into the legislature is house bill No. 1844 authorizing Lowell to incur additional indebtedness for high school purposes.

This week's payroll for the city departments amounts to \$31,437.97. The monthly bill draft for May amounts to \$57,389.80.

There was a telephone alarm at 11:45 o'clock this forenoon for a slight fire in an automobile in Prescott street. No damage. At 10:50 Hose 12 was called to the Aiken street dump for a brush fire.

William, Hoyle, assisted by William Heller, pianist and Francis Heller, baritone, gave a delightful program of piano music at Edison hall, St. Anne's parish house last evening. Many friends of the three artists were present to enjoy the recital.

The Lowell Guild and the Harrison Co-operative service wish to thank the

HOUSEWIVES' SHARE IN MONTH OF BRIDES

June is here! No need of calendar to remind anyone, when the trees and birds, and even the dust rising from the curbs of the road in the wake of "swishing" motor cars, proclaim it.

"And since it is here, let's remember several attentions it should be paid in the first place, stay out of doors in the real June as much of the time as an efficient housewife can plan.

When the children want an outing in the woods, or by the shore of lake or river, by all means fix a tempting picnic dinner for them—but don't send them off for the day. Take them, yourself. Most any household duty can wait while the mistress and breeze to give her fresh impetus, both mental and physical. Possibly, if mending most be done, a sewing bag will not go to the party, and the work will not cease as fast outside as it would in a stuffy room.

There are lots of ways to "curtail" the indoor, hot work—and the word "whiffles" does not apply to them. Take the matter of laundry work. It is too hard and tiring for a woman to do alone in the same quantity during the winter months; and service is almost too expensive. One of the easiest ways to save laundering is by the use of inexpensive little Turkish towels. Instead of the usual linen and towels. They are easy to wash and really require no ironing. In the same way, a summer blouse is a summer boon, and can be extended to the children's play dresses and house towels for the mistress of the house.

Laundry saving can go further than the wash tub, and towels, though. If it is within the range of the pocketbook, a mangle will remove half the task of ironing. If that is out of the question, don't be ashamed to let the breeze "rough-dry" sheets and pillow cases.

Do the children ever get tired of home-made gingerbread? It isn't much of a task to keep them supplied, if the baking is done early in the morning. As soon as that is done, why not cook a large enough supply of potatoes to last for at least two servings, with one of them a salad; and try to cook enough vegetables of any kind for two servings, a hot and a cold. As for salads, there are too many to speak of, but summer is their hey-day, and every housewife can concoct new delectables that will turn left-overs and odd bits into delicacies. Then use berries and fruits at every chance. Either in combination with fruits, or alone, serve ready-prepared cereals, instead of hot, cooked cereals. Another change from hot to cold is in the use of soups. Cold soups, with gelatin to give them body, will give the right start to any June dinner, especially when they are assembled lightly.

To drop from dairy foods to something that sounds more "grubby," June is the month to begin a fresh battle against refractory iceboxes and garbage pails. If May has slipped by without such a start, be sure that the lining, trap and drain of the icebox are clean. The food compartments should be wiped out with cold soda water, and then wiped dry. Food should not be put in until the compartments are cold. Cold soda water applied with a long-handled brush will keep the trap, pan and drain-pipe clean, too. If the ice man can be persuaded, keep a supply of clean ice in the ice chamber, which should be washed out frequently. Need it be added: Keep the doors tightly closed?

No mystery about the garbage pail—the beginning of the season is the time to kill all possible mosquitoes and flies. And their special summer resort is the garbage pail. A strong play of the hose on the pail after it has been scrubbed out with hot suds and an old broom, remove its attractions most effectively, if done often enough. Don't put in the garbage pail anything that can be disposed of otherwise, such as peapods, corn husks or dried potato peels. If there is a garden, do double service by putting them in with the fertilizer supply.

The house may be near a stable. If it is, and flies are numerous, a solution of formaldehyde with water and bread, may be scattered in the morning. If the room is closed during the night, no harm and much good will be accomplished.

But whatever else—live in June—not in the house.

Free To Asthma Sufferers
A New Home Method That Anyone Can Use Without Discomfort or Loss of Time.

We have a new method that controls Asthma and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Hay Fever or chronic Asthma, you should send for a free trial of our method. No matter what your climate, you live, no matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumigation, etc., have failed. We want to show everyone at our expense, that this new method is designed to end all difficult breathing, all wheezing, and all those terrible nervous attacks.

This free offer is too important to neglect a single day. Write now and begin the method at once. Send no money. Simply mail coupon below. Do it today.

FREE TRIAL COUPON

Commonwealth of Massachusetts.—Middlesex, ss. Probate Court. To the heirs-at-law, next of kin and all other persons interested in the estate of George Desrosiers, late of Lowell, in said County, deceased.

Whereas, a certain instrument purporting to be the last will and testament of said deceased, late of Lowell, in said County, deceased, was presented to said Court for probate, by Alfred Desrosiers, who prays that letters of administration with the will annexed may be issued to him, or to some other suitable person, no executor being named in said will.

You are hereby cited to appear at a Probate Court to be held at Cambridge, in said County of Middlesex, on the twenty-fifth day of June, A. D. 1919, at nine o'clock in the forenoon, to show cause, if any you have, why the same should not be granted.

And said petitioner is hereby directed to give public notice thereof, by publishing this citation once in each week, for three successive weeks, in The Lowell Sun, a newspaper published in Lowell, the last publication to be one day, at least, before said Court, and by mailing, postpaid, or delivering a copy of this citation to all known persons interested in the estate, seven days, at least, before said Court.

Witness, Charles J. McIntire, Esquire, First Judge of said Court, this eleventh day of June, in the year one thousand nine hundred and nineteen. F. M. ESTY, Register.

public for the generous response to the waste campaign carried on in Lowell. The result was very gratifying and will provide a goodly sum for the use of the baby welfare work done by the Lowell Guild in this city.

The civil service commission will conduct an examination for firemen in the service of the city of Lowell tomorrow morning in the councilmanic chamber at city hall. Thirty-five applicants have signified their intentions of taking the examination.

Edward Clegg, son of Mrs. Mary E. Clegg, 23 Anderson street, and Anthony Machonis, 337 Lawrence street, have been accepted for the regular army at Camp Devens. Clegg enlisted in the Motor Transport corps and Machonis in the expeditionary forces.

Count Sara-le Comte, who has been stopping in this city for the past couple of weeks gave an interesting lecture last evening in the meeting hall of Club Cityana-Americana in Middle street. His subject was "Belgian Immigration to This Country," and his remarks were listened to with great interest. J. Z. Chouinard, president of the club, presided and Adit Gustave Ramez of the French army spoke interestingly of his experiences in France.

Mrs. Ada E. Gilmore was yesterday appointed first aid nurse at the Lamson company plant and Miss Margaret Hannan was named as her assistant. They will have the advantage of working in a thoroughly modern and well equipped hospital room.

SEC. DANIELS PROTESTS

Says Cut in Appropriation
Hard Blow to Extension
of Naval Aviation

WASHINGTON, June 12.—Abandonment of the navy's extensive plans for experiments with rigid and non-rigid types of lighter-than-air flying machines was said by naval officers today to be presaged by the action of the house naval affairs committee in cutting the aviation appropriation for the navy from \$15,000,000 to \$15,000,000.

Secretary Daniels said it would take the navy a long time to recover from the effects of the setback naval aviation would receive should the revised figures stand.

"We had outlined a program for the coming year," Mr. Daniels said, "that would have placed the United States navy on a footing with other navies of the world with regard to aviation and if followed up consistently for the next few years, probably would have made the United States the leader in the field of naval aviation. If we are limited to the sum set in the house bill we will hardly be able to benefit from the lessons learned from the NC-4's flight across the Atlantic, and will certainly not be able to carry on the experiments with aircraft of the Zeppelin type that we had planned."

"The Zeppelin type of aircraft constitutes the eyes of the modern fighting fleet," said Captain T. T. Craven, director of naval aviation, "and our navy stands practically alone among those of the world powers in its lack of this indispensable type of aircraft."

MISS DOYLE HONORED

A farewell party was given, Miss Adelaide Doyle Tuesday evening, when her many friends gathered at the home of her sister, Mrs. A. Curry in Andrews street to wish her success in her work at St. John's hospital, which she is about to enter as a nurse. In remembrance of friendship and happy acquaintance, Miss Doyle was the sur-

prised recipient of a large and beautiful traveling bag. Although quite overcome at such an unexpected testimonial, Miss Doyle managed to express her deep appreciation of the thoughtful kindness on the part of her friends which had prompted such an expression of their affection and good-will. During the evening games were enjoyed, piano selections were given by the Misses Nora Olson and Lorena Doyle. Solos were sustained by a quartet consisting of James Doyle, James Breskey, Harry Brennan and John Conway, Jr. Miss Mary Connelly favored the gathering with a clever program of fancy dancing. In the partaking of refreshments and the enjoyment of friendship's good cheer, the evening spent itself almost unnoticed. The lateness of the hour, however, finally saw the many friends of Miss Doyle bidding her farewell with the earnest hope that a true success may be hers in the noble calling she has elected to follow. The success of the affair was due to the untiring efforts of the Misses Lillian Hart, Minnie Dillworth and Jennie Hart.

DEDUCT CONTRIBUTIONS
IN PAYING TAXES

NEW YORK, June 12.—Individuals who contributed to the League to Enforce Peace may have such contributions deducted from gross incomes in income tax returns, according to a ruling received here today from Daniel C. Roper, commissioner of internal revenue.

Commissioner Roper decided that the league qualifies as a "corporation organized and operated exclusively for educational purposes" under a section of the revenue act of 1918.

In announcing this ruling today, the national headquarters of the league said that it would affect more than 4000 persons in every state of the Union. Contributors to the league number more than 6500, the average individual contribution being \$85.

GAS FAMINE IS NEAR
IN WORCESTER

WORCESTER, June 12.—After a lengthy conference with Bernard F. Supple, secretary of the state board of arbitration, at which representatives of the Worcester Gas Light company were present, the striking gas workers in this city yesterday afternoon finally refused to arbitrate their differences, and an appeal to Governor Coolidge was recommended by Secretary Supple.

The situation in the city is hourly growing more acute. With little more than 12 hours' supply of gas in the tanks of the company, a gas famine will occur before this noon.

The strikers insist on a straight 25 per cent increase in wages and double time on Sundays and holidays. These are the only two issues at which the principals are at differences.

Secretary Supple immediately after the failure to bring about an adjustment at yesterday's conference, advised an appeal to Governor Calvin Coolidge to order a public hearing by the state board of conciliation and arbitration as the only possible means whereby the state authorities could deal with the situation.

In the absence of Mayor Holmes, Acting Mayor Fred A. Mainor is endeavoring to reach the governor as speedily as possible and request that the public hearing be ordered.

The company is putting forth every effort to avert great damage to the gas plant, which would result if the strikers were permitted to cool suddenly.

In case this occurred the strikers would crack and regardless of the strike or its settlement the city would be without gas for at least 10 days before the damages could be repaired.

In this endeavor officials of the company and a large number of the office help donated overalls and went to work at the plant, and a very small amount of gas was being manufactured late last night.

The strikers have volunteered the services of an emergency crew to make any repairs which might occur from a bursting of pipes or serious leaking.

CLARK SICK OF NAGGING

Sharp Attack on Republicans

Who Find Fault With
Everybody and Everything

WASHINGTON, June 12.—Continued republican attacks on the administration's conduct of the war drew a sharp speech in the house yesterday from ex-Speaker Clark.

"Two can play at this game of political harpooning," Mr. Clark declared. "It has been one-sided long enough. We democrats have sat here day after day and listened to you nag and nag and nag. I, for one, am sick of it. You have found fault with everybody and everything, basing your charges on groundless assumptions."

"An investigation of war activities has been started. Of course you will find things that were not exactly as they might have been, but I will assert that you will find nothing of major importance if the investigation is conducted fairly."

INVITE MARSHAL FOCH TO
LEGION CONVENTION

WORCESTER, June 12.—Marshal Foch and other leaders of the armies and navies allied with America in the great war will be invited to attend the first convention of the American Legion to be held at Minneapolis in November, Col. John F. J. Herbert, temporary chairman of the Massachusetts branch, announced yesterday, on his return from a two-day session of the national executive committee in New York.

A committee composed of Col. Hendry D. Lindsley, temporary chairman; Lt. Col. Eric Fisher Wood, temporary secretary, and Lieut. Col. Theodor Rousseau, was delegated to extend the invitation.

Col. Herbert brought back last night the approved charters of the first 31 posts organized in Massachusetts.

No Titles

NEW YORK, June 12.—Henry D. Lindsley, chairman of the national executive committee of the American Legion, announced last night that the organization had determined to drop from the names of all members not in active service the military titles held during the war, as a means of fostering a democratic and American spirit.

Mr. Lindsley added that the legion would seek to influence its members to abandon "the custom handed down from the Civil war, of preserving an officer's military rank after he has returned to civil life."

BRITISH DIRIGIBLE TO
STAY HERE FEW HOURS

WASHINGTON, June 12.—Because of a lack of suitable housing accommodations on the Atlantic coast for the British dirigible R-4, the big craft will remain in the United States only six or eight hours after it arrives from England this month on the first transatlantic flight undertaken by a lighter than air craft.

In making this announcement today the British air attaché said his government had accepted the invitation of the navy department to land the ship at Cape May, N. J., the home "port" of American naval dirigibles. The crew will rest there and gas lost during the trip will be replaced.

Cleans Furniture
As Well as Rugs

The Royal Electric Cleaner is more than a cleaner of rugs. It is a guardian of home cleanliness.

Special attachments enable one with very little effort to clean thoroughly and to keep clean without beating or removal—

Furniture
Draperies
Curtains
Pillows
Mattresses
Bedding
Clothing
Furs

Think of the actual saving in wear and tear and in labor when you clean the Electric Way.

PAPERS PUBLISHED FOR
FIRST TIME IN 13 DAYS

BUENOS AIRES, Wednesday, June 11.—For the first time in 13 days La Nacion and La Prensa will be published tomorrow, and it is understood that the other papers which suspended publication on account of the printers' lockout will resume as soon as new non-union compositors are ready to return to work. A number of old employees of La Nacion and La Prensa have returned after having resigned from the union. These two newspapers tomorrow will carry the advertisement of the department stores that the locked out printers refused to set up.

FORD MAY OPEN
PLANT IN WORCESTER

WORCESTER, June 12.—Henry Ford has sent a letter to City Clerk W. Henry Towne in answer to the resolution recently passed by the Worcester city council in which it was stated that Worcester will be given consideration when further extension of his business is contemplated.

WILSON TO AID
IRISH CAUSE

President Will Do What He
Can To Bring Question
Before Peace Envoys

Has Already Taken Action,
He Tells Messrs. Walsh
and Dunne

PARIS, June 12 (By Associated Press).—President Wilson yesterday told representatives of Irish societies in America that he would do what he could, unofficially, to bring the Irish question to the attention of the other peace commissioners.

Announcement to this effect was made by Frank P. Walsh and Edward F. Dunne, representatives of the Irish-Americans, after they had had a 30-minute conference with the president.

The promise made by the president was in reply to a question from Messrs. Walsh and Dunne as to what the president intended doing in view of the resolution adopted by the senate urging that the American delegation take steps to have representatives of Ireland heard by the peace conference.

Messrs. Walsh and Dunne said that they went over the situation in Ireland generally in their talk with the president.

Has Already Taken Steps
The following statement was given out after the conference yesterday:

"We had a conference with the president today in which he stated that the American commissioners could not take up the case of Ireland officially with the peace conference, but that he himself and others had done, and would continue to do, unofficially, what they could in the interests of Ireland; that the American commission had not yet taken up the senate resolution requesting them to use their efforts to securing a hearing for De Valera, Griffith and Plunkett."

"Of course we will take no further steps until the American commission passes on the senate resolution. If a hearing is granted De Valera and his associates, and international recognition is secured for the Irish republic, then our work is at an end."

"If the request of the senate is denied, we will proceed with our efforts to present the case of Ireland to the whole peace conference."

PLAN TO ORGANIZE
OFFICE MANAGERS

SPRINGFIELD, June 12.—Decision to organize a national association of office managers was reached at today's session of a conference of such men from all parts of the country east of the Mississippi. A. Miller, office manager of the Whittier-Overland Co. of Toledo, Ohio, and Walter D. Fuller,

A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Rain or shine, warm or cold, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.—Adv.

BARNEY LAWYER
FREED BY COURT

BOSTON, June 12.—Thomas F. Murphy of Cambridge, counsel for Herman L. Barney, alleged murderer, was freed by Judge Thomas M. Connelly in Brighton district court yesterday afternoon after a three-day trial on charges that he with others were ac-

bessories after the fact in the escape of Barney from the Charles street jail. "As far as this court is concerned you are given a clean bill of health and you may now go out and face the world with no compunctions and with no stain on your name," said Judge Connelly on dismissing the complaint against Murphy.

Knox Resolution Putting Senate On Record Against League in Treaty Reported Today

AMENDED BY SEN. LODGE

Drop Section For U. S. To Help Whenever Peace of Europe Is Threatened

Filibuster To Block Passage of Resolution in the Senate, Threatened

WASHINGTON, June 12.—Senator Knox's resolution to put the senate on record against accepting the League of Nations in the terms of peace treaty was reported today in an amended form by the senate foreign relations committee. The committee struck out the section of the resolution which would declare it a policy of the American government that whenever the peace of Europe became again threatened the United States would co-operate to remove such a menace.

A resolution receiving the right of the American congress to determine the justice of the obligations imposed upon this country under the much-discussed section 18 of the League of Nations covenant, was introduced today by Senator Sterling, republican, South Dakota.

The motion to amend the Knox measure was made by Chairman Lodge

CLAIM STRIKE IS NOT AFFECTING SERVICE

BOSTON, June 12.—An effort to get the messenger boys employed by the Western Union Telegraph Co. to join in the operators' strike, was made today by pickets. One of the pickets, a woman who had been employed as a cashier, succeeded in getting a number of the boys to walk out, but, according to company officials, they remained away from work only a short time. Both Western Union and Postal officials claimed that the strike was having no material effect upon them. At the Postal office, it was said that one striker returned to work today, leaving but eight absent from their places in this city. At the Western Union office the situation was said to be unchanged from yesterday, about a dozen employees being out. No statement was available from union leaders.

LEAGUE LEADERS IN LOWELL TODAY

A large crowd greeted the league-leading Lewiston team at Spaulding park this afternoon when it lined up to meet the Lowell club in the first of a two game series. Fred Parent has his outfit traveling at top speed, his principal asset being a good string of pitchers working in regular turn.

Many of the fans were out to give Bob Clark, the pitching first baseman of the local team, the once over. He was Hayden's selection for the afternoon and looked good enough in his warmup up to give a reputation of his performance against Portland last Saturday. The lineup:

LOWELL	LEWISTON

PREPARED FOR BORDER ATTACK

Federal Garrison at Juarez Ready To Meet Advancing Rebel Force

Many Citizens Flee Across River to El Paso—Clash Is Expected

JUAREZ, June 12.—With the advance guard of General Angeles' rebel force reported only 16 miles east of Juarez, the federal garrison here was prepared for an attack early today.

Five hundred federal cavalrymen were sent east last night, and all officers of the garrison in the city were ready for immediate duty. Shortly after midnight, American customs officials reported having heard a few scattered shots, but whether these were signals of outposts or mere accidental discharges, could not be ascertained.

Many civilians have fled across the river to El Paso, Tex., and most of those remaining appear to have provided themselves with firearms.

NAVAL APPROPRIATION

Bill Carries Total of \$601,500,000, a Decrease of \$375,000,000

WASHINGTON, June 12.—As reported to the house today, the 1920 navy appropriation bill carries a total of \$601,500,000, a decrease of \$375,000,000 from the estimates submitted by Secretary Daniels and \$120,000,000 less than the amount carried in the bill as it passed the house last season.

One of the principal items is an appropriation of \$325,000,000 for continued construction of the 1918 building program. No new construction is authorized.

The bill provides for a temporary enlisted strength of 241,000 men until October 1, 1919, to Jan. 1 and 170,000 for the remainder of the fiscal year, with a permanent increase in pay of enlisted men from \$17.50 to \$22.50 a month.

The authorized number of enlisted men in the marine corps is temporarily increased from 17,400 to 27,400 to enable a force of 10,000 to be retained for duty in Europe.

The appropriation for aviation was reduced from \$45,000,000 to \$15,000,000. The committee explained this amount was intended only for the maintenance of the present naval air service until a definite policy for future expansion could be determined.

The measure will be considered by the house tomorrow.

PASS BILL TO AMEND R.R. CONTROL ACT

WASHINGTON, June 12.—Without a record vote the senate today passed the bill of Senator Cummins, republican, of Iowa, amending the railroad control act so as to restore the rate-making powers of the interstate commerce commission. The measure now goes to the house.

A. F. OF L. VOTES MORAL SUPPORT OF STRIKE

ATLANTIC CITY, N. J., June 12.—Moral support of the strike called for June 16 by the International Brotherhood of Electrical Workers, which includes the bulk of union telephone operators throughout the country, today was voted by the American Federation of Labor, which unanimously adopted a resolution containing such a provision.

HAGEN WINS GOLF TITLE

Oakland Hills Professional Defeats Mike Brady in Play Off of Double Tie

Hagen Led by One Stroke in 18 Holes—He Was Around in 77, Brady in 78

NEWTON, June 12.—Walter Hagen of Oakland Hills today won the national golf championship. Playing off a tie with M. J. Brady of Oakley, Hagen led his rival by one stroke in 18 holes. He was around in 77, Brady in 78.

Besides the championship, the winner receives \$500 and a gold medal. The loser will take \$250.

A slight breeze was stirring when the players teed off at the first hole. A large gallery watched the play.

The play by holes follows:

First hole, 327 yards, par 4; Brady 4; Hagen 5.

Hagen sliced his tee shot into the woods and his second was just over

WELCOME HOME PARADE ON THE FOURTH

To further plans for Lowell's reception to her returned soldiers and sailors on the Fourth of July, Mayor Thompson called a number of the city's military men into conference with him at his office this morning for an informal discussion of the matter. Present besides the mayor were Capt. John C. Leggat, Capt. W. C. MacBrayne and Lieut. Arthur F. Woodley. The discussion centered around the proposed parade to be held on the holiday and it was decided to put the matter up to the city's returned soldiers at their meeting at the state armory tomorrow evening.

Several names were broached for the position of chief marshal, but a final choice will not be announced until after tomorrow evening's meeting. It is planned to have not only the returned soldiers and sailors take part in the parade, but also other military organizations and every social and fraternal body in the city. Every band that Lowell has will be engaged and in addition a number from out of town will be hired.

TO INCREASE CAPITAL

WILMINGTON, Del., June 12.—Stockholders of the General Motors Corporation at a meeting in this city today, voted approval of the action of the directors in increasing the capital of the corporation from \$370,000,000 to \$1,020,000,000. The total capital is thus divided: Debenture stocks \$500,000,000; common, \$500,000,000; preferred, \$20,000,000.

High Grade HOUSE For Sale

GERMANS EXPECT ALLIED ADVANCE

Despatch From Coblenz Tells of German Withdrawals Along the Rhine

Menace of Bolshevism in Central Europe Causes Concern in Conference Circles

Allied Reply Will Not Lighten Burden Placed on Enemy —Final Action July 18

(By the Associated Press)
There is an evident impression in Paris that the allied reply to the German counter proposals which probably will be ready late Saturday night, will refuse the German request for important alterations in the terms of peace. The Germans will be given five days in which to make up their minds as to their course, thus final action by them on the treaty may be expected on or about June 18.

Not to Lighten Burden

While the Council of Four probably will explain the provisions of the treaty and may grant some minor concessions, it appears that there are to be no changes which will materially lighten the burden placed on the enemy by the treaty presented on May 7.

GERMANS EXPECT ADVANCE

A despatch from Coblenz tells of the Germans withdrawing all material from territories east of the allied bridgeheads and says that armed German forces also have retired a considerable distance east of the ground held by the allies.

15 PER CENT INCREASE

Police Officers Request This in Petition to Mayor This Morning

A delegation representing members of the local police department called on Mayor Perry D. Thompson at the latter's office this morning to present a request for a 15 per cent. increase in wages. This action follows the virtual rejection of their petition for one day off in eight by members of the municipal council.

Members of the department now receive \$1 per day and the increase, if granted, would give them \$4.60 per day. The mayor assured them that the matter would be taken up at next Tuesday's meeting of the municipal council.

The request from the police department for an increase comes right on the heels of a similar request from members of the Municipal Employees' and City Teamsters' unions presented yesterday. If the council sees fit to grant these increases, it is probable that a supplementary budget will have to be adopted this year as was done a year ago when various employees received an increase in wages.

RELIEF TRAIN RUSHES TO SCENE OF WRECK

PORT ARTHUR, Ont., June 12.—A special relief train containing doctors and nurses was ordered despatched today to the scene of a wreck on a Canadian Northern railway express train which left here for the east this morning. Particulars of the accident were not immediately available.

COL. HOUSE LEAVES PARIS ON WAY TO LONDON

PARIS, June 12.—Although Col. E. M. House of the American peace delegation will go to England tonight, it is authoritatively denied that he is to visit Ireland to investigate the Sinn Féin situation, as reported.

In anticipation of his departure for London, Col. House had a long conference with President Wilson last evening, going over the general situation.

MESSAGE FROM ADMIRAL KOLCHAK

PARIS, Wednesday, June 11.—(By the Associated Press)—An official statement issued by Admiral Kolchak, head of the All-Russian government of Omsk, regarding his negotiations with the peace conference was received here today. It states that Admiral Kolchak has appointed a commission headed by M. Billeussov, to make a study of constitutional questions preparatory to the framing of a constitution which will be submitted to the proposed constituent assembly.

Wire Officials Declare Nation-Wide Strike a Failure--Union Heads Claim Victory

Allied Reply Complete—Agree on All Points

PARIS, June 12.—The allied reply to the German counter proposals is complete, it was stated in a responsible quarter late this afternoon. Agreements in principle have been reached on all points.

GAS EXPLOSION BREAKS GLASS

Uncapped Pipe Causes Considerable Damage in West Centralville

Windows Shattered and Room Burned in Early Morning Accident

Gas escaping from an uncapped pipe in the ceiling of the parlor of the home of Wilfred Beuthliette, 71 Carolyn street, Centralville, caused an explosion and fire at 3.20 o'clock this morning which resulted in the breaking of glass in four windows of the room, the smashing of five windows in a building some 20 yards away, the lowering of the floor of the parlor two inches and considerable other damage. No one was injured.

The building in which the explosion occurred is of peculiar construction. It has been erected only six years and consists of a small variety store which is joined to a two-story cottage by a narrow passage, the whole forming the shape of an H. The gas pipe causing the leak runs from the upper story of the cottage to the foreground of the parlor, extending only to the ceiling where it is supposed to be capped.

PURCHASES CLOTHES FOR BELGIAN ARMY

"The Belgian government will continue to buy clothing for its armies from American industries for at least two more years," said Lieut. Marcel Saive of the Belgian commission for the purchase of war supplies this morning. "We have been purchasing from this country for the past four years and I feel sure that it will be at least two more years before we are in a position to manufacture our own products."

Lieut. Saive recently came to Lowell from Manchester, N. H., in the interests of his commission and yesterday closed a \$250,000 contract for underwear with the Tremont and Suffolk hosiery.

This contract, it was learned, will keep the plant in operation from now until the latter part of August, some of the departments to be operated nights. This contract is one of many received from the Belgian government by the Tremont and Suffolk and it is expected it will not be the last.

Lieut. Saive saw active service at the front from 1914 to the middle of 1917 at which time he was sent to this country as a member of the Belgian commission for the purchase of war supplies. This commission was composed of five members, all army officers, one of whom looked after the purchase of food, another took care of the buying of automobiles and trucks, while the third member purchased ammunition. The fourth member of the commission saw that the aid was given Belgium, while Lieut. Saive saw to the purchase of clothing. Three members of the commission have returned to their country and it is expected that another will leave in a week or two. Lieut. Saive will be the only man to remain. The headquarters of the commission was in the office of the consul general of Belgium in New York.

Lieut. Saive left Lowell this noon for Boston and from there he will go to Worcester, where other large contracts will be given in the clothing line. The distinguished officer expects to return to this city in a fortnight and it may be that at that time that he will be in a position to place more contracts with Lowell mills. The lieutenant is very enthusiastic over Lowell products and very much interested in the wide variety of goods produced here.

BIG FOUR SENDS REPLY TO ADMIRAL KOLCHAK

PARIS, June 12.—The Council of Four framed and despatched today a reply to the note of Admiral Kolchak, head of the all-Russian government of Omsk, regarding his negotiations with the peace conference. The contents of the reply were not given out, but it is known that the communication does not include the recognition of the Kolchak government.

BOTH SIDES ARE CONFIDENT

Konenkamp Says New York Broker Operators, 3500 Strong, To Join in Strike

Railroad Telegraphers Ordered Not To Handle Messages After Saturday

CHICAGO, June 12.—In the face of statements by officials of the commercial telegraph companies, that the nation-wide strike of operators had failed, S. J. Konenkamp, international president of the Commercial Telegraphers union, announced that assurance had been given that the New York broker operators, some 3500 strong, would join the strike.

Railroad Telegraphers to Join
ST. LOUIS, Mo., June 12.—An order directing members of the Order of Railroad Telegraphers to discontinue handling business of the Western Union and Postal Telegraph companies was issued here today by E. J. Hancock, president of the railroad telegraphers. The order affects 80,000 railroad operators and approximately 30,000 railroad telegraph operators, according to officials of the organization.

CHICAGO, June 12.—Both sides concerned in the country-wide strike of members of the Commercial Telegraphers union, according to officials of the organization.

IN APPRECIATION OF LOWELL POLICE

In appreciation of the services of Lowell policemen during the recent industrial unrest in Lawrence, Alderman Peter Carr of that city, who is director of public safety, has sent the following letter to Mayor Perry D. Thompson:

Dear Sir:—I take this means of extending to you and to your city the heartfelt and grateful appreciation of the citizens of Lawrence and especially of that of the department of public safety, for the kind co-operation and assistance given to us during the industrial disturbance through which we have just passed, by loaning to us the services of your police officers.

This service was a tremendous help and of great value to our community as manifested by the excellent results achieved and the excellent reputations made and maintained by the officers from your city who, at all times, proved themselves to be gentlemen, capable of conducting themselves in a proper manner and also efficient officers.

While Lawrence apparently was made the centre of activities wherein to launch the movement for Bolshevism, pronounced and upon Lawrence, were centered the eyes of the whole world. It was not alone her fight but that of the entire commonwealth and it was the assistance rendered along this line of state-wide co-operation that succeeded in putting down this rise of irresponsible radicals and suppressing the furtherance of their project.

Thanking you once more for your co-operation, I can assure you that if at any future time the city of Lawrence can be of help to the city of Lowell, I am ready and willing to respond will be forthcoming. Gratefully and appreciatively yours, I remain,

PETER CARR,
Alderman, Director of Public Safety.

REBEL FORCES MOVING ON JUAREZ

JUAREZ, Mexico, June 12.—At 1 p. m., advance forces of General Felipe Angeles are moving in on Juarez, via the Rio Grande river bottom.

Everyone in the city was moving to safer quarters. The word went down Avenida Commercio, the main business district that "they are coming" some even so close as two miles.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

LABOR AGAINST THE DRY LAW

American Federation Calls on President Wilson and Congress To Act

Gompers Explains His Stand—Body Votes To Join Big Demonstration

ATLANTIC CITY, N. J., June 12.—A resolution expressing organized labor's disapproval of wartime prohibition and strongly urging that 2½ per cent beer be exempted from the provisions of the 18th amendment to the constitution and from the wartime prohibition measure which goes into effect July 1, was adopted yesterday by the reconstruction convention of the American Federation of Labor.

A bitter fight was waged on the proposal by dry elements who based their arguments on the benefits they said had been found through prohibition, but it was carried by an overwhelming vote of 26,475 to 4,065, voting proportional to the membership of the unions represented.

The resolution will be sent to President Wilson and congress, and the executive council of the federation is directed to "do everything in its power to preserve to the people of the United States their freedom, liberty and democracy."

"Intended to Deprive Workers"

At the outset the resolution cites the provisions of President Wilson's executive order stopping the brewing of beer on Dec. 1, 1918; the provisions of the war emergency bill, establishing wartime prohibition and the 18th amendment. It then continues:

"Whereas, all the foregoing is principally intended to deprive the workers of America of the means to secure legally a glass of beer after a day's work, and

"Whereas, all the restrictive and summary legislation has the effect of destroying part of the American labor movement, and is seriously crippling many international organizations affiliated with the American Federation of Labor, therefore, be it

"Resolved, that the American Federation of Labor in convention assembled in Atlantic City expresses its disapproval of wartime prohibition and that a strong protest from the delegates to this convention be forwarded to the government at Washington, setting forth in a most emphatic manner the opinion of the delegates to this convention that the present mild beer of 2½ per cent alcohol by weight should be exempted from the provisions of the 18th amendment to the constitution and also from the provisions of the war prohibition measure; and be it further

"Resolved, that the executive council of the American Federation of Labor be and is hereby instructed to convey these expressions through a committee to the president of the United States and to the congress and to do everything in its power to preserve to the people of the United States their freedom, liberty and democracy."

Chicago Votes "No"

Nearly all the big labor organizations of the country voted for the resolution, only a few voting negatively or splitting their vote. The blacksmiths, spinners, stereotypers, and delegates of the Teachers' Federation of America, all voted against it.

The boilermakers and iron shipbuilders, the longshoremen, and the typographical organizations split their vote. Aside from Seattle, Chicago was the only one of the big city labor organizations that voted "No."

In the list of state federations, Florida, Missouri, Kansas and Virginia voted against it. Kansas City, Kas., voted against, but Kansas City, Mo., voted for. The railway clerks' delegation refused to vote at all, giving no reason; while the delegation from the Illinois State Federation of Labor declined to vote because they announced their organization had taken no stand on the matter.

Gompers Replies to Criticism

So spirited did the debate become that Chairman Gompers became involved in it. Mr. Gompers said that as his name had been drawn into the discussion by delegates who criticized him for having written magazine articles on the subject of prohibition he felt called upon to speak. He explained that he had written articles "as an American and a good citizen."

"From the time of the signing of the Declaration of Independence and the conception of the constitution of the United States," he said, "the prohibition question is the first that has ever actually involved denial of the right of people to do things."

"Now for the first time in my life I have apprehension for the future of my country. Don't misunderstand me. I have always favored temperance. My own contention is that organized labor has done more than any other agency in the world to further temperance, because it has brought about higher wages and shorter hours."

Soup Measure Favors Bolshevism
Persons who are weak indulge in

SUPERFLUOUS HAIR WHY IT INCREASES

Hair growth is stimulated and its frequent removal is necessary when merely removed from the surface of the skin. The only logical and practical way to remove hair is to attack it under the skin. DeLiax, the original sanitary liquid, does this by absorption. Only genuine DeLiax has a money-back guarantee in each package. At toilet counters in 40c, 50c and 75c sizes, or by mail from us in plain wrapper on receipt of price. FREE book mailed in plain wrapper on request. DeLiax, 1234 5th St. and Park Ave., New York

booze. Others find in it a solace from crushing industry and overwork. I have no intention of discussing the merits or the demerits of booze. But I do say this. It has been scientifically demonstrated that 2½ per cent beverages are not intoxicating.

It is going to happen if the of a people are suddenly changed overnight? Look at Russia. Since vodka was suppressed entirely it is a fact that there have been more cases of alcoholism in the hospitals than ever before in the history of that country.

"I am not prepared to say that prohibition of alcohol and Bolshevism are cause and effect. But you will find when later resolutions are introduced that the proposition that comes from Seattle is one that favors Bolshevism, for the United States."

Mr. Gompers went on to say that the resolution was not a prohibition question. "It is a proposition to determine whether we think it fair to allow us to lead our lives as we desire," he said. James A. Duncan, chairman of the Central Labor Council of Seattle, criticized the resolutions committee for reporting the resolution and said: "The experience in Washington has shown that with prohibition the workers are better clothed, better housed and have better conditions than ever before." It was Mr. Duncan who mentioned Mr. Gompers' magazine articles.

To Make Washington Demonstration

A resolution providing that the convention should suspend its session Saturday so the delegates might go to Washington to participate in the great demonstration to be held in front of the capitol as a protest against wartime prohibition was adopted almost unanimously.

A delegate from the Central Labor Union at Washington denied charges that brewers were footing the bill, declaring the expense was being borne by brewery workers.

The Mooney case came up when Mrs. Rena Mooney, wife of the convicted man, was given permission to address the convention. She discussed evidence which she said tended to prove the innocence of her husband of any connection with the San Francisco explosion. Numerous delegates last night attended a discussion on the Mooney case in a local hall at which Dan Murphy, president of the California State Federation of Labor; Edgar Hurley, member of the California state legislature, and Anton Johannessen of Chicago were among the speakers.

WANT TREATY RATIFIED

Resolution in Favor of League of Nations Adopted at Conference

The North Middlesex Congregational conference of Unitarian and Christian churches held its June meeting yesterday at First Congregational parish church, Westford.

One of the most important pieces of business transacted yesterday at the conference was the adoption of a resolution in favor of the League of Nations and urging the senate to ratify the treaty when it is submitted to that body for ratification.

J. Randolph Coolidge of Boston delivered an address at the afternoon session on "What the Church Means to Us." Mr. Coolidge's address was devoted to a brief discussion of the League of Nations and particularly to the noted King's chapel, Boston, and the place it occupies in the religious life of the community. He had a good word to say for the recently formed Laymen's league and said it was the duty of churchmen not only to give it financial support but to back it up by attending its meetings.

The morning session of the conference was opened with Thomas H. Elliott as chairman and after prayer had been offered by Rev. C. B. Ames, the business of the conference was started.

The secretary of the conference, Rev. George C. Wright read the minutes of the last meeting. Rev. Edward Cummings spoke at the forenoon session on the League of Nations. The forenoon session closed with a devotional service led by Rev. Frank B. Crandall of Ayer. A box luncheon was served at noon. Music for the conference was furnished by Miss Etta Thompson of Lowell, vocalist and Mrs. M. L. Bryant of Lowell, organist.

The next session of the conference will be held at Ayer probably in October.

FIRST PRESBYTERIAN CHURCH
The Christian Endeavor society of the First Presbyterian church presented an excellent entertainment program in the church vestry last evening before a large audience. A monologue by David Robson and readings by Miss Macartney were followed by a happy little skit, "Margery Makes Good," which was played by a dozen or more members of the society. Among those taking part were: Janet Bell, Mrs. E. Sutherland, Jennie MacFadyen, Bessie Scott, Violet Bell, Bessie MacFadyen, Evelyn Roberts, Jessie McDonald, Alexandra Burns, James Chalmers, Douglas Burns, George Weir, David Dobson, John Watters, Douglas Campbell and Esther Gray.

Healthy Bowels

Nine-tenths of human sickness, from infancy to old age, comes from stomach or bowels being out of order. Headaches, tired feeling, nervous depression, weakness, spots before the eyes, bad breath, sleeplessness, irritability, dizziness and many other signs of sickness stop, if you treat the stomach and bowels right and get them into working order.

The prescription, known as Dr. Truo's Elixir, has done wonders for sick people, men, women and children, because it is the one remedy that you can rely on to get things right in the stomach and bowels.

Sold by all druggists, big or little, everywhere. Druggists, as a rule, are very honest. They do not try to substitute something else for Dr. Truo's Elixir, because they know its value. Many druggists use it in their own families.—Adv.

A Chalifoux Summer Girl

VACCINATION LAWS

Still in Full Force Despite Contrary Statement

Both local and state health laws demand that children shall be vaccinated before being admitted to public schools and there has been no repeal or rescinding of such laws, according to Dr. Charles E. Simpson, district state health officer, despite a published statement earlier in the week by the Medical Liberty league, formerly the Anti-Vaccination league to the effect that there is no law requiring the vaccination of children now.

Dr. Simpson says that the statement has caused the school physicians and nurses here in Lowell considerable trouble as people who are opposed to vaccination tell them that there is no law compelling such procedure. The statement of the league in question is so worded as to avoid direct denial that there are such laws, but it creates the impression that the laws have been repealed.

"These laws have not been changed," Dr. Simpson says, "and they are still on the books."

Quoting Chapter 44, Section 6, of the manual of health laws of the state, the doctor says: "A child who has not been vaccinated shall not be admitted to a public school except on presentation of a certificate granted for a cause stated therein and signed by a regular practicing physician that he is not a fit subject for vaccination."

Rule No. 1 of the local board of health's rules and regulations having to do with vaccination says: Every parent or guardian having legal custody and control of a minor child shall cause and procure such minor to be promptly and effectively vaccinated that such minor may not be liable to take smallpox."

Communist Government In Austria

LONDON, June 12.—A Communist government will be proclaimed in Austria on Sunday with promise of immediate success, according to information in government circles here.

The best information indicates that about 40 per cent. of the Austrian army is bolshevik. The Communists are expected quickly to align themselves with the Hungarian Communists, whose recent military successes are considered to have strengthened them. The Austro-Hungarian situation as a whole is viewed here as decidedly serious.

Asks \$500,000 to Hunt Plotters

WASHINGTON, June 12.—Attorney General Palmer today asked congress for a special half million dollar appropriation to carry on the hunt for anarchists, bomb throwers and enemies of law and order.

Plebiscite In Upper Silesia

PARIS, June 12.—There was increasing belief in peace conference circles today that the reply to the German counter proposals would not be ready for delivery before late Saturday night.

Five days have been definitely fixed as the limit within which the Germans must decide upon their course.

The reply to the counter proposals, according to French conference sources, agrees to a plebiscite in upper Silesia subject to certain clearly defined conditions.

DEATHS

BRUNETTE—Romeo Brunette, aged 31 years, died last night at Worcester. The body was removed to the home of the father, William Brunette, 20 Dutton street, by Undertakers Amodeo Archambault & Sons. Besides his father he leaves two sisters, Mrs. Emma Brunette and Miss Eva Brunette.

FUNERALS

CHAMPAIGNE—The funeral of Edmund Champaigne took place this morning from his home, 65 Tremont street. High mass of requiem was celebrated at St. Joseph's church at 9 o'clock by Rev. Armand Baron, O.M.I. The bearers were Nazaire, Octave, Eusebe and Philias Champaigne, Alfred Perreault and Evariste Bellemare. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Joseph Bolduc, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

GENEST—The funeral of Leon Genest took place this morning from the home of his parents, Mr. and Mrs. Armand Genest, 475 Varnum avenue. Solemn high mass of requiem was celebrated at St. Jean Baptiste church at 9 o'clock by Rev. Joseph Bolduc, O.M.I., as deacon and Rev. L. N. Bachand, O.M.I., as sub-deacon. The bearers were the following classmates of the deceased: George Normandin, Laurent Pothier, Philipe Henri and Arthur Gauthier, and Oscar Sawyer. Burial was in St. Joseph's cemetery, where the committal prayers were read by Rev. Fr. Jalbert, O.M.I. Funeral arrangements were in charge of Undertaker Joseph Albert.

ADIE—The funeral of James A. Adie took place this morning from his home, 39 Cedar street. High mass of requiem was celebrated at St. Peter's church at 9 o'clock by Rev. Fr. Linehan. The choir sang the Gregorian chant, the solos being sustained by Miss Mary Hynde and James E. Donnelly. Miss Gertrude Quigley was the organist. The bearers were Thomas Coltingham, John Bourke, John Mack and Dennis Sullivan. Burial was in St. Patrick's cemetery in the family lot, where the committal prayers were read by Rev. Fr. Linehan. Funeral arrangements were in charge of Undertaker J. F. Rogers.

IN MEMORIAM
In memory of Martin O'Dea, who died June 12, 1918. Sadly and sorrowfully missed by his wife and children. MRS. M. B. O'DEA and Family.

FUNERAL NOTICES

MOLLAHAN—The funeral of Joseph P. Mollahan will take place Saturday morning at 9 o'clock from his home, 625 Chestnut street. A funeral mass will be sung at St. Margaret's church at 9 o'clock. Burial in St. Patrick's cemetery in charge of Undertakers James F. O'Donnell & Sons.

CALLAHAN—The funeral of Charles Callahan will take place Saturday morning at 9 o'clock from his home, 117 Durant street. Solemn high mass of requiem at St. Michael's church at 10 o'clock. Interment will be in St. Patrick's cemetery in charge of Funeral Director James W. McKenna.

MINOR ACCIDENT

Mrs. Rose Dupuis, 28 West L street, and her 6-year-old son, Raymond, were struck by an automobile driven by Rodolphe Boucher in Merrimack street last evening, and received minor injuries. Mr. Boucher took the woman and her son to their home after the accident.

A valuable horse hitched to a delivery wagon and owned by a man named Sweeney, dropped dead at the corner of Butler avenue and Gorham street this morning, the cause of death being blind staggers.

Amended by Lodge

and had the support of Senator Knox and all other republican members except Senator McCumber of North Dakota. No other amendments were adopted. The vote to favorably report stood, 5 to 7.

"Leak" Investigation Ends

WASHINGTON, June 12.—With the investigation of how treaty copies reached New York brought to a standstill almost as soon as it started, the senate today again turned its attention to the more direct issues involved in the League of Nations fight.

The foreign relations committee took up the resolution of Senator Knox, republican, of Pennsylvania, proposing that the senate declare in definite terms, its stand regarding the league covenant. The general prediction was that the resolution would be reported to the senate during the day. Action must go over under the rules, however, until tomorrow when Senator Knox expects to begin an effort to bring it to a vote.

Threaten Filibuster

Protracted opposition is expected and there have been suggestions that opponents of the resolution, should they find they cannot beat it, may attempt to prevent a vote until after the signing of the peace treaty at Paris. The resolution, if adopted, virtually would serve notice that the senate is not prepared to acquiesce at present in a treaty going beyond the settlement of immediate issues of the war.

Wilson Not to Reply

Considerable comment has been aroused by the delay in receiving a reply from President Wilson to the resolution adopted nearly a week ago asking for the complete text of the treaty. The general prediction has been that the president would refuse the request, but some senators now are inclined to believe he will not reply at all. He is not required to do so.

Both Sides Confident

Continued
rappers' union of America today expressed satisfaction over the first day's results.

Officials of the Western Union and Postal Telegraph companies said that the strike, which is only 24 hours old, was "practically at an end," while S. J. Koenekamp, international president of the Telegraphers' union, declared that between 18,000 and 20,000 operators throughout the country had quit work yesterday, in response to his call for a strike, and that before the day is over several thousand more would walk out.

Reports from various parts of the country showed that the Postal generally had lost more men than the Western Union, though officials of both companies said there was only slight delay in handling business.

In this city it was asserted by union officials that 600 men had struck, but company officers said the number was much less, the Western Union stating that out of 1800 employees here, only 13 had joined the strike.

In the Pacific coast cities, Western Union officials claimed that their business was "practically unaffected" by the strike, but the Postal company officials admitted that they were somewhat crippled.

Say Few Men on Strike

NEW YORK, June 12.—General offices of the Western Union Telegraph company, reported today that traffic was running smoothly on its lines throughout the country in face of the strike of operators called by the Commercial Telegraphers' union. No figures were available to show whether there had been an increase or decrease from the number of men absent from work yesterday, which was declared to have been only 166 out of a total of 40,000 employees.

The Postal Telegraph Co., reported fewer men out than yesterday throughout the country and traffic being moved without interruption.

Union officials here, while admitting that their figures were not official, estimated that approximately 1100 operators were on strike in New York.

Hagen Wins Title

Continued
the brook. Brady went down the middle and approached 30 feet from the pin. Hagen's third left him a four foot putt, which he missed. Brady's putt fell three feet short but he sank on the next shot.

Second hole, 293 yards, par 4; Brady, 6; Hagen, 4. Brady put his drive into the woods and was stymied by trees for his second. He played safe. Hagen was on in two, overran his putt but sank his fourth. Brady hatched his third and was on in four, but took two more strokes for the hole.

Third hole, 375 yards, par 4; Brady, 4; Hagen, 4. Hagen outdrove Brady by 30 yards. Both hit fine second to the green. Brady narrowly missed hoing out in three.

Fourth hole, 383 yards, par 4; Brady, 5; Hagen, 6. Brady drove into the

rough and his second topped a bunker and hit the green. Brady's second was trapped, but he was well out on the third. Hagen's third ran over the green into a trap. His fourth was just on, and he took six. Brady's fourth hit the cup, but would not sink.

Fifth hole, 588 yards, par 5; Brady, 5; Hagen, 5. Brady hit well into the wind and was on in three. Their long putts overran and each took five.

Sixth hole, 150 yards, par 3; Brady, 4; Hagen, 2.

Hagen hit a pretty mashie to four feet of the pin and holed out in two. Brady's tie shot was 15 feet from the hole. He overran his putt and missed a short third.

Seventh hole, 391 yards, par 4; Brady, 4; Hagen, 4. Hagen outlived Brady by 15 yards. Both shot their irons on the green. They ran long putts close and got easy fours.

Eighth hole, 203 yards, par 3; Brady, 4; Hagen, 4. Hagen drove to the far edge and fell short. The local player's chip shot stopped three feet above the pin, while Hagen overran his putt by two feet. Each missed and took four.

Ninth hole, 293 yards, par 4; Brady, 5; Hagen, 4.

Brady hooked into a sand trap and was well out, but short of the hilltop green. He pitched on and took two putts. Hagen was on in two and down in two putts.

Tenth hole, 451 yards, par 5; Brady, 6; Hagen, 5. Both drives were down the middle. Hagen's next was not well hit. His mashie was on. Brady hit a fine wood, but his third was too strong and his putt weak. He was down in 6 to Hagen's 5.

Eleventh hole, 412 yards, par 5; Brady, 3; Hagen, 4; Brady hit a long second to the green and sank his putt for a three. Hagen required four.

Twelfth hole, 385 yards, par 4; Brady, 3; Hagen, 4. Both drove down the middle and were on in two. Brady sank a long putt for a three. Hagen took two putts. Hagen's act in picking up a cigar stub on the 12th green developed a situation which became involved with his claim that Brady had broken the rules by removing an obstruction on the ninth green. The match was stopped for a time while the officials examined the ground and considered the protests. They announced that neither player would be penalized.

Thirteenth hole, 190 yards, par 3; each took a four.

Fourteenth hole, 550 yards, par 5; Brady, 4; Hagen, 5. Both were on with regulation drives, brassies and approaches. Brady sank his third long putt for a four and narrowed Hagen's lead to one stroke when the latter required two putts.

Fifteenth hole, 311 yards, par 4; Brady, 4; Hagen, 4. Brady hooked into the rough and played for over the green. Hagen's approach was seven feet from the pin. Brady recovered to within seven feet from the pin. Hagen pulled first and missed, then Brady sank.

Sixteenth hole, 405 yards, par 4; Brady, 5; Hagen, 4. Hagen's second just reached the green. Brady put his mashie into a trap at the right and his out was short. Hagen's putt was too strong and off him five feet away. Brady nearly sank his putt but was down from the edge in five. Hagen made a four.

Seventeenth hole, 255 yards, par 4; Brady, 4; Hagen, 5. Hagen sliced into the woods and Brady hooked to the rough. Both played over into traps. Brady's third was dead. Hagen had a long putt and took five. Brady was down in 4.

Eighteenth hole, 400 yards, par 4; Hagen, 4; Brady, 4. Hagen topped his tee shot, but the ball rolled just beyond the rough. Brady was down the middle. Hagen and Brady were both short in two. Hagen's chip left him a two foot putt. Brady laid his dead. Hagen then sank his putt for the championship.

During the afternoon and evening a continuous demonstration of scout efficiency will be given by various troops in front of city hall, where the boys will show what they have learned in giving first aid to the injured, knot tying, fire building without the aid of matches and other interesting phases of scout work.

The committee has been disappointed by the small number of local men who have volunteered to date to give of their spare time as scout masters in order to make possible the enrolling of additional boys in the local organization.

If enough patriotic men apply at the scout headquarters on Market street who are willing to do their bit for Young America it is proposed to establish a scoutmasters reserve school where the men will be taught the essentials of scout leadership by Scout Executive R. I. Ripley.

MEETING OF SOLDIERS AT ARMORY

Lowell veterans of the world war, irrespective of whether or not they saw foreign service, are earnestly requested to attend a mass meeting in the Lowell armory, Westford street, tomorrow evening, at 7.45 o'clock. A preliminary meeting was held in the high school annex last Friday night and temporary officers chosen. At the meeting tomorrow night many questions pertaining to the formation of an active association in Lowell, be it local or affiliated with a national organization, will be discussed, and Captain John C. Leggat of the Yankee Division will speak of the American Legion and present a blank charter for a local branch of this organization. The question of parading on July 4 will come up for action and it is hoped that several hundred former service men will be present.

The ultimate purpose of these meetings is the formation of a powerful organization. Lowell has in the neighborhood of 7000 service men, the nucleus of a strong unit and membership is open to all.

TABLE LINEN IN THE DISCARD

BY BIDDY EYE
Have you seen the latest remedy for backaches? It's delightful.

Everybody knows that the prolonged sight of a washtub hanging board almost sure sign of a coming ache in the summer time. And table linen is a big item in the weekly washing.

That's the premise, and here is the conclusion which solves the problem. Use centrepieces, dollies, mats, of stenciled washable wall coverings, instead of linen tablecloths.

Easy to keep clean, this material accented with gay stencils, gives the table just the airy, cheerful look you want. And some of the stenciled designs already popular are sure to win you.

A widespread butterfly on glass and stenciled dollies, an overflowing fruit basket on covered tea table, a triumphant peacock or three demure bluebirds on centrepieces, and dollies encircled with simple, flow-draw designs, bring a breath of the woods in to the table.

Pussycat and mouse motifs contest honors for the decoration of baby's bib, of the same washable wall covering material.

Another idea for a pretty mat, is a round design in each corner, of butterflies among pastel-colored flowers. For a carving cloth what could be more appropriate than two arrogant "gobblers" confronting each other?

And the familiar "simple twist of the wrist" keeps fresh and clean your summer table coverings.

Helped When On Verge of A Breakdown

Bridgeport Resident Grateful for Relief Secured by Treatment With Blood Builder

Cases of walking sickness are known to everyone. The victims include those who keep on working from day to day when it seems as though a breakdown is inevitable. They complain of nervousness, sleeplessness, exhaustion, indigestion and sometimes heart flutterings and the pains of rheumatism, sciatica or neuralgia. For such there is hope in the tonic treatment recommended by Mrs. William Walker of No. 146 Cedar street, Bridgeport, Conn. She says:

"By gradual stages my condition became so bad that I was on the verge of a nervous breakdown. My stomach caused me great distress, especially from gas, and when I tried to gain rest through sleep I tossed about and generally arose more tired than when I went to bed. My appetite was poor and at times I was unable to do my work. There were aches all over my body and dizzy spells invariably came on when I stooped over."

"I had read a great deal about Dr. Williams' Pink Pills and decided to try the remedy. There was a change for the better in a short time and gradually my strength came back. My stomach was so much better that I could eat a hearty meal without distress and I slept well. The dizzy spells have entirely disappeared, my nerves have gained strength and I feel fine. I owe my present condition to Dr. Williams' Pink Pills."

Your own druggist can supply you with Dr. Williams' Pink Pills or you can order direct from the Dr. Williams Medicine Co., Schenectady, N. Y., enclosing fifty cents for one box or \$2.50 for six boxes. Write today for the free booklet "Diseases of the Nervous System."—Adv.

Frenchmen Replace Italian Officers

PARIS, June 12.—Information reached peace conference circles today that the Italian officers serving with the Czecho-Slovak army had been replaced by Frenchmen.

To Repeal Daylight Saving Law

WASHINGTON, June 12.—A rider repealing the daylight saving law, effective when the clocks are turned back in October, was added to the agricultural appropriation bill today by the senate agriculture committee. The vote was unanimous.

Supreme Court Sets New Record

WASHINGTON, June 12.—A new record in the disposition of cases was established by the supreme court for the term which closed last Monday, 660 cases having been disposed of during that period, according to a report made public today by Clerk James D. Maher.

Germans Expect Advance

Continued

The allies on the east bank of the Rhine. That there is a disposition on the part of the German civilian population to be prepared for an allied advance into Germany is indicated.

Menace of Bolshevism

The menace of Bolshevism in central Europe has again assumed proportions which cause concern in peace conference circles. The success of the Hungarian soviet army against the Czecho-Slovaks, the military reverses suffered by the Kolchak forces in southern Russia and the danger of Austria passing under Bolshevik control, have brought matters to a state where there is no disposition in official circles to minimize the danger.

Poland Remains In

Poland, hemmed in by Bolshevism on the east and south and hard pressed by the Germans on the west, is said also to be potentially threatened from the direction of Austria.

Advices from Paris indicate that the peace conference has decided to back up the demand made upon Bela Kun by M. Clemenceau, president of the conference, who wired the Hungarian soviet government's foreign minister to cease hostilities against the Czecho-Slovaks.

Control of Economic Affairs
The formation of a centralized organization for the control of international economic affairs during the period of reconstruction after the war is being considered by the Council of Four. There appeared to be some divergence of opinion relative to the details of the plan, but it seems probable that survey of the needs of European nations relative to raw materials and credits will soon be taken, so that there may be a definite idea of the necessities of the situation which must be passed through before the world may be said to have returned to a peace basis.

MORE 76TH DIVISION MEN

Remaining Units Coming—

Two Lowell Members of Pershing's Band Return

CAMP DEVENS, June 12.—Official word was received here yesterday afternoon that the remaining units of the 76th Division are to arrive back at Camp Devens on Saturday. The transport Calameres, which has been diverted to Boston from New York, is bringing 111 officers and 2209 enlisted men. Among them are the 301st Engineers complete, with 59 officers and 1409 men; the 301st Sanitary Train, including the 301st, 302d and 303d Field Hospital Companies and the 301st, 302d and 303d Ambulance Companies, Sales Commissary Unit 17, St. Nazaire Casual Detachment 41 and Casual Company 1127, which is composed of United States Marines.

The engineer area will be cleaned out by the time they get here, and, according to Maj. Meis of the demobilization group, each company will move right into the barracks it occupied before it left for overseas.

Twenty-three more Yankee Division men arrived here yesterday. They were taken from the YD to serve directly under Gen. Pershing as members of his band.

Practically all of these men have played with some famous band, either with Sousa, Pryor or Creatore. And when it is remembered that Pershing's band contained only 110 musicians and they were picked from the entire A.E.F., the fact that almost a fourth of the entire organization came from the 76th Division, the compliment to that division is all the more marked.

Lowell Boys in Band

The men arrived yesterday afternoon from Palomares barracks and they will probably be discharged today. They are: Asst. Band Leader Kenneth H. Gale of Barre, Vt.; Sergt. Tuzler Wilfred J. Manning of Boston, Band Seriat, Albert J. Massey and J. B. Risenman, both of Boston; Corps. Percy A. Baxter of Worcester, William H. Casey of Lawrence and Amasa H. Governor of Hingham; musician first class Jacob R. Krules of Boston, privates, first class Thomas F. Mahoney of Lawrence, Arthur E. McGilne of Natick, Harold W. Shaw of Lowell and William E. Tolon of West Newton; Buglers Peter V. Costello of South Boston, Thomas A. Hamilton of Clinton, John R. Lee of West Roxbury, Thomas V. Prunty of Roxbury and James P. Shea of Boston and Privates Bartlett W. Eldredge of Revere, Humphrey Greer of Charlestown, Robert J. Leith of Lowell, M. D. McLean of Plymouth, Julius A. Rice of Boston and Thomas H. Tolon of West Newton. With the exception of Gale, Casey and Mahoney, they are all Yankee Division men. The greater part of the YD men were taken from Col. Logan's 101st Infantry Band.

Approximately 500 men arrived in camp yesterday for discharge. Among them were two officers and 220 men from the 326th Infantry.

It was reported yesterday that the investigation into the forgery case at the camp finance office has been completed, and that charges may be preferred.

STOPS PAIN
For CRAMPS, COLIC and DYSENTERY
Radway's Ready Relief
Dose one-half teaspoonful in a half tumbler of water. 10 years old and true. For children, 25c, 50c, \$1.00.

FAMO DISSOLVES DANDRUFF SCALE AND DESTROYS BACILLI

After the first application of Famo, you should not have a flake of dandruff. If the case is stubborn, a little may remain, but not for long. The germs will be dead and dying—the new growth begins. Your hair will be like the hair of healthy children; your scalp like a baby's scalp. All itching will be gone.

Famo Will Win Fight
If it is falling out, your hair is fighting for its life. Famo will win that fight by killing the bacilli which kill the hair. Dandruff is a disease which scientists call Seborrhea. Freed from the bondage of that disease by Famo, the hair leaps into luxuriant new growth.

Healthy, Beautiful Hair
It is, we repeat, like renewing the youth of the scalp—giving back to your hair its early strength and beauty. Famo will keep the head continuously clean—hair fresh, full of life, soft, smooth and glossy. If your hair ever had a natural tendency to wave, Famo will bring back the waviness and intensify it.

FAMO

Stops Seborrhea—Grows Healthy Hair

Two department of justice men from Boston, and another reported to be from Hartford, Conn., have been operating in camp for several days and yesterday it was reported that they are working on a case in which the spreading of Bolshevik propaganda is concerned. It was also intimated that their activities might have something to do with the recent bomb plot investigation. The camp intelligence office refused to discuss the work of these department of justice men.

Calameres Due Today
BOSTON, June 12.—The transport Calameres will arrive off Boston light at 11 a. m. tomorrow, according to a message from her commander, received at the naval communication office here today. She brings from Brest 2211 officers and men, including units of the 301st Engineers, the 301st Sanitary Train and the 162d Infantry.

WALSH ADMITS LEAGUE BINDS TO WAR

WASHINGTON, June 12.—In an address in the senate yesterday in which he attacked the resolution submitted by Senator Knox of Pennsylvania, to separate the League of Nations from the treaty of peace, Senator Walsh of Montana, asserted that the League of Nations covenant did not violate the constitution of the United States.

"Yesterday," said Senator Walsh, a resolution was presented by the junior senator from Pennsylvania, formerly attorney-general of the United States, and later secretary of state, in which the league was denounced, and the demand was made that the covenant be separated from the other provisions of the treaty.

After quoting from the Knox resolution, he went on: "Article X plainly means that if the territory of a member is invaded or threatened by the military forces of any other nation within or without the league, all other nations thereof will come to its assistance to repel the aggressor and coerce him into keeping the peace."

"Much eloquence has been expended in denunciation of this feature of the league, but it is the soul and spirit of the covenant. Cut it out and the heart is cut out of the only plan which statesmanship of the world has been able to devise, or has ever been able to offer for the preservation of the peace of the world, as a substitute for the system which has again exhibited itself in an agonized world as a colossal and yet miserable failure, but to which some senators still exhibit a fatuous attachment. It is true, beyond doubt, that Article X obligates us to make war. But we have not hesitated heretofore to assume a like obligation."

Senator Walsh quoted from the treaty with the republic of Panama, under which the United States guarantees to maintain the independence of that republic and the treaty of 1846 with the republic of New Granada, in which the United States made similar guarantees.

He called attention to the fact that among those voting to ratify the treaty with Panama were the following, who are still members of the senate: Senators Lodge, McCumber, Nelson, Penrose, Simmons, Smoot and Warren, West, Benton, Calhoun and Clayton, he said, were members of the senate and supported the treaty of 1846.

"What is the Monroe doctrine?" asked Senator Walsh "but a voluntary obligation assumed by the United States to 'respect and preserve' as against external aggression, the republics of South and Central America?"

Before taking your train home from Boston get The Sun at either newsstand in the North station.

NEW HAIR IS GROWN
New hair growth from Famo is constantly being reported. Some of the cases are so remarkable that they cannot be reported in print because they would tax your credulity. You must learn from personal experience, and the experience of your friends, Famo contains no alcohol to dry the scalp and produce gray hairs. As Famo requires no scalp massage, its application is simple. Every member of the family should use it every day.

Famo is sold at all toilet goods counters in two sizes—a small size at 35 cents and an extra large bottle for \$1.00. Your money will be returned if you are not satisfied. Seborrhea is the medical name for a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic excretion forms in scales or flakes and is commonly known as dandruff.

SEC. BAKER PRESIDES

Meeting of Executive Committee of National Consumers' League

NEW YORK, June 12.—Newton D. Baker, secretary of war, presided at a meeting of the executive committee of the National Consumers' League here today. Representative William Kent, a member of the tariff board, delivered an address on the "proposed federal legislation affecting the meat packing industry." There also was an address by Mrs. Eleanor Barton, member of the executive committee of the British women's co-operative guild.

375,000 TROOPS TO RETURN THIS MONTH

PARIS, June 12.—Gen. Pershing has advised that he proposes to transport 375,000 men homeward during the month of June. This breaks all previous records for moving troops overseas and exceeds the number Great Britain moved across the channel in any month.

EX-CONGRESSMAN TAWNEY DEAD

WINONA, Minn., June 12.—James A. Tawney, formerly for 18 years member of congress from the First Minnesota district and one time chairman of the appropriations committee, died today at Excelsior Springs, Mo. He had been in ill health for several months. Three weeks ago he went to Excelsior Springs for treatment. He was 64 years old.

AMUSEMENT NOTES

Below is what the press agents of the different theatres say of the current attractions and of others to come:

THE STRAND
Have you seen the Dance of the Seven Veils? If you haven't, don't miss the opportunity. It's graceful, daring, sensational and truly artistic. See Theda Bara, super-sensational siren, in her biggest and best characterization. It's by far the most sensational and artistic interpretation in which she has appeared and will surely make its impress on all. The production is said to represent an investment well over one million dollars.

Tom Mix in "The Coming of the Law," and a new comedy and weekly help to give balance and general satisfaction. You can't afford to miss this really remarkable offering. And 10 cents sees it all. Incidentally patrons are again reminded of the fact that The Strand is "the coolest spot in town." It's the theatre where superior photo-plays are always shown and the price never changes.

R. F. KEITH THEATRE
Almost sharing the honors of the week's bill with Ivan Bankoff & Co. at the E. P. Keith theatre, is dainty Sybil Vane, a singer of extraordinary gifts, and one whose talent has been specially remarked upon wherever she has appeared. She is equally at home in the lighter numbers and in the grand opera arias and her singing of the famous waltz song from "Travel" is a deliciously done bit. Ivan Bankoff and his partner do quite the best dancing seen on a local stage in many years. It is so unusual that an audience is just forced to the point of applause again and again during the progress of the act. Another likeable bit is the farce given by Mr. and Mrs. McEugene. Other acts on the bill are: Doc O'Neil, funny man; Erford's Whirling Sensation; Grace and Eddie Parks and Joe and Agnes Riley.

This is the closing week of the present season, and a bill of unusual strength is offered.

LAKEVIEW PARK
Happy crowds at Lakeview this week have had a load of fun. Why not you? Dancing every afternoon and evening, you know and novelty night tomorrow night. Free band concerts Sunday.

MATRIMONIAL
Mr. William John Kearns and Miss Lily E. Tucker were married last evening, the ceremony being performed at the home of the bride's parents, Mr. and Mrs. J. G. Tucker, 36 Orleans street, by Rev. J. M. Craig, pastor of the Hillside Congregational church.

The best man was Mr. Thomas Kearns, a brother of the bridegroom, while the bridesmaid was Miss Esther Tucker, a sister of the bride. Mr. and Mrs. Kearns will make their home at 13 Lupine road.

Leonard-Brennan
Mr. Edward Leonard and Miss Kathleen E. Brennan were married yesterday afternoon at the immaculate Conception rectory, the ceremony being performed at 5:30 o'clock by the pastor, Rev. Lawrence P. Tighe, O.M.I. The bride wore white crepe de chine and carried bridal roses. She was attended by Miss Rose A. Leonard, a sister of the bridegroom, who was attired in pink crepe de chine and carried pink roses. The best man was a cousin of the bridegroom, Mr. Frank McCanna of Greenfield, N. H. At the close of the ceremony a reception was held at the home of the bride. Guests were present from New York, New Jersey, Boston, Lawrence and Greenfield, N. H. A buffet luncheon was served by Caterer M. A. Lyden. The couple left later on an extended honeymoon trip to New York and New Jersey and upon their return will make their home in this city.

Matthews-Grant
Mr. Elmer Clark Matthews, of Hudson, Mass., and Miss Elsie May Grant, of this city, were married last evening at 6 o'clock at the home of the bride, 352 East Merrimack street, the officiating clergyman being Rev. A. C. Archibald of the First Baptist church. The bride wore georgette crepe over

New, Positive Treatment To Remove Hair or Fuzz

(Beauty Notes)

Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No failure will result if you are careful to buy genuine delatone.—Adv.

Arabs In Inter-Allied Games

PARIS, Wednesday, June 11.—Arabs from Hedaz, with camels and Arabian horses, are to be among the participants in the inter-allied games in the Pershing stadium. Some of them already have arrived. Their part in the program will be camel racing and Arabian horsemanship.

Forty-eight winners in the elimination contests held by the Czechoslovakian army are on their way here and are expected to arrive on Friday. Among them are Fristensky, heavyweight wrestling champion, and Vaelav, champion cross-country runner. Boxing and wrestling teams which will represent Australia in the games reached Paris last night. The men are already in training.

Lieut. Harry Davis, winner of the golf championship tournament at the Panama-Pacific exposition in San Francisco, has been selected temporary captain of the American golfing squad from which will be selected a team to represent the United States.

Big Cruise of Combined American Fleets

WASHINGTON, June 12.—An extensive cruise of the combined Atlantic and Pacific fleets is planned for this fall and winter. Secretary Daniels said today that the itinerary had not been completed but that the fleet would visit several South American ports. No decision as to whether Europe will be included has been reached.

The cruise is planned, the secretary said, as a reward for the men of the navy for their arduous services in the war. Shore leave will be given at every opportunity and everything possible will be done to make the trip a "play time" for both officers and men.

Recruits now coming into the navy, it was said, may arrange to participate.

Capt. McCauley Awaits Orders From Wilson

BREST, June 12.—Captain Edward McCauley, Jr., of the United States transport George Washington, and Commander F. V. McNair of the destroyer Woolsey, have not yet received instructions concerning their sailing for Antwerp to meet President Wilson. Th Woolsey, together with the destroyers Tarbell, Yarnall and Wickes, which were part of the destroyer force that marked the path of the NC-4 in their transatlantic flight, have been designated to convoy the president's ship homeward.

Discuss Boundary Questions

PARIS, Wednesday, June 11.—(By the Associated Press)—Dr. Karl Kramarz, premier of Czechoslovakia and M. Bratiano, prime minister of Rumania, were heard today by the council of foreign ministers relative to the boundaries in which their respective countries are interested.

\$750,000,000 for Railroads

WASHINGTON, June 12.—Favorable report on the house bill appropriating \$750,000,000 for the railroad administration was obtained today by the senate appropriation committee. The committee was in session less than 20 minutes.

Chairman Warren was requested to have the senate dispose of the bill as speedily as possible.

DR. GRADY'S TABLETS

THE BEST SPRING MEDICINE

The very fact that we have received thousands of voluntary letters from grateful people all over the world during the past 30 years, praising its merits proves it to be a medicine of intrinsic value, especially in all cases of Stomach, Liver, Kidney or Bowel complaints. Then why continue to suffer from Poor Appetite, Sick Headache, Bloating, Flatulency, Heartburn, Vomiting, Dyspepsia, Indigestion, Constiveness, Bilelessness, Weak Kidneys, Colds, Fever and Ague when the Tablets will cure you, too? Just try one box today and see for yourself. Always ask for DR. GRADY'S TABLETS and you choose the best and safest medicine ever compounded and one that has been fully endorsed by thousands of sickly people. The best spring medicine no matter what you pay. Those who object to liquid medicine can now procure DR. GRADY'S TABLETS at any drug store for 10 CENTS A BOX.

Every box gives satisfaction or your money refunded.

SHOPPING ON CIRCUS DAY

Monday is circus day. Circus day has always stood in the minds of merchants as a big shopping day. The fact ought to be as true this year as ever and more so.

Lowell must be an important city. The Barnum & Bailey-Ringling Brothers show makes only four Bay State cities, Boston, Lowell, Pittsburg and Worcester.

With good weather Monday morning, without doubt 15,000 women alone, will be on our downtown streets Monday forenoon waiting to see the greatest of all circus parades. The live merchants can make this a great shopping day. Something like 4 p. m. Dec. 25th. Advertise and splurge extra in your ad copy for Saturday. Get the benefit of our extra circulation on that day. We can put your ad and your extra circulation on that day. We can put your ad and your extra circulation on that day. We can put your ad and your extra circulation on that day.

We make no particular mention of 10,000 people crowding into Lowell from outside the city circus day. You can reach them with our paper. Get your share of their trade. Advertising is what will do it. This may be a good tip. To work it to the limit and get the best results from these circus day shoppers, send in your ad copy early for the Saturday issue of

THE SUN

Lowell's Greatest Newspaper

G.O.P. STATESMANSHIP

We who are living in the present day, if we are spared long lives, can look back on the month of June in 1919, as a time when probably the most contemptible and despicable statesmanship was exhibited in the United States senate that was ever exhibited in all the long history of that august body.

The Boston Post, represented in Washington by Mr. Robert Norton, its political editor, said in its news story yesterday:

"Without regard to the merit of the League of Nations covenant there never was a more sorry exhibition of high-handed partisanship in the history of the United States senate, than that exhibited by the senate during the past few days in the controversy over the publication of the peace treaty."

Let us not be blind to the degree of meanness and political trickery to which the men in this Lodge-Borah group have descended in the campaign they are trying to carry on at the present time.

As Americans, we are constantly telling ourselves that the Germans started this world war and America's men, money, food and ships in combination, ended it. But that wasn't the end of the entire matter. In this country, we have had enough of this war business. We do not want any more war. So our president, with all the prestige of our nation, of his high position, and with the constitutional authority that an overwhelming majority gave him, is in Paris endeavoring, in conjunction with representatives of other nations, to draw up a document that will prevent future wars.

Nations may have territory, natural resources, industries, arts and sciences and the best of government, but what can it amount to in the aggregate unless peace prevails?

President Wilson is in France trying to secure peace for the world. No nation wants world peace more than the United States. But the outlook to secure world peace at present progresses in too satisfactory a manner to please our republican leaders with their ravenous appetite for power and patronage.

They do not want Mr. Wilson to attain the distinguished honor of being the greatest and most successful fighter for world peace the world ever knew. In fact, world peace or the sense of future security for this country isn't the aim of the republican party at the present time.

That party is as busy as an octopus trying on shoes, preparing the way for a Eli Johnson, a Dr. Wood, an Idaho Borah or a glibly mouthed Sherman to squeeze himself into the White House.

The women of this country may pass on the alleged fitness of the above choice coterie as White House tenants. The great majority of women will not be persuaded that President Wilson seeks aught else than to make the service flag an antiquity.

The old horse Partisanship is being lovingly groomed by the bell wethers among the republicans. In the end, it may prove that the race was for motor cars and they didn't know the difference until the winners were announced.

KNOX'S GAME

Senator Knox again comes to the front in opposition to the League of Nations. His attitude now is to defeat the covenant altogether, which would also defeat the peace treaty. He has presented resolu-

tions in the senate, the purport of which is to serve notice on the peace conference that the treaty alone, exclusive of the league covenant, will be ratified in the senate.

This is distinctly a step in favor of Germany and calculated to prolong the declaration of peace. It is what the republicans have been threatening all along and the beginning of a battle which may have serious consequences in delaying a return to normal conditions.

Thus instead of taking up the work of reconstruction, the republicans set out to block the peace of nations and to defeat the purpose of those who are endeavoring to organize the nations against future wars.

Thus the republican party is showing its usual disregard of public business when political contests are in sight. A lack of real issues and of any definite business policy leaves the party stranded upon the rocks of partisanship on which it is likely to be wrecked as a result of its disregard of the real interests of the people.

FIRST AID IN MILLS

With the splendid first aid equipment being installed at the local mills, a great step onward has been taken towards ideal conditions for the operatives. The time is still well remembered by many operatives when the working day was ten hours long and when in most of the mills only enamel water was available for drinking purposes. Now, the very latest devices for drink and sanitation are provided and many a hospital would be belated to have an operating room as good as the first aid rooms provided by several of the big mills.

Such vast improvements have been made in the working conditions in textile factories of this state that the prejudice formerly held by the employees against the mill officials should give place to respect and esteem. A bond of mutual friendship and good will should exist now between employer and employee that was impossible in the past. It is only the socialists who assail the mill men as the enemies of the working people.

FOR GOOD ROADS

All over this country today, there is a demand for more roads and better roads. States, counties and cities are appropriating large amounts for new roads. The federal government has made a large appropriation to be expended in co-operation with the various states for roads from ocean to ocean.

In order to make the most of this national campaign of road building, it is necessary for each state, city and town to do its share.

And this brings up the question as to when work will be started on the First street boulevard.

As First street is still a disgrace to our city, it is hoped the new road will be constructed with as little delay as possible.

For a long time there has been much debating as to whether women should wear their hair "Dutch cut." Some persons maintained only Greenwich village female Bolsheviks wore their hair cut this way, which was untrue and incorrect. Many nurses have adopted the style—or fad. Now comes the example of the new wife of America's "one man army," Sergt. York, and her pictures show she has favored the Dutch cut. Of course, this example flows from the wild Tennessee

mountains may help the movement along.

Mr. McAdoo, in a Boy Scout talk, says one of the best things about the movement is its non-partisan character. He says that the tendency is for the Boy Scout movement to graduate its boys into becoming voters who will be independent of party yokes. He concludes that the more independent voters the country has, the safer it will be. We need not expect republicans to echo "Amen!" At the present time, they are working partisanship with no regard to the 8 hour law.

The Lynn Item advises, in speaking of the case in its own city, that the street department should employ a man to go around and sweep up broken glass in the streets. The advice is not far-reaching enough. Better still to have a municipal ordinance making it punishable to throw broken glass into the street. Lynn and many other cities ought to have just such a law. Laws punishing the careless ought to be made in order that their carelessness shall not be suffered by the careful.

They say that Richard Croker, stopping over in New York on the way from Florida to his estate in Ireland, is willing to talk about nearly everything but politics. Very unfortunate. We suppose he knows more about politics than any other subject and is he not slightly unjust in refusing to discuss the subject for which his aptitude brought him his estates in Florida and Ireland? Or, shall we say, he is shrewd as ever?

The answer as to why some of this crowd of anarchists prefer to throw bombs in the United States after the war is ended, rather than to have thrown bombs in northern France at the Germans while the war was on, is that it took the maximum of courage to be a bomb thrower in the war. A game that exacts courage has long been regarded as unfit for an anarchist, who is running according to the usual rule.

Villa has always lacked three essentials of a successful head of a nation, culture, finesse and respectability. In letting in Angelis as his new partner, it is possible he believes he has acquired these three essentials. There is certainly a grave muddle in Mexico and it would be interesting to know what the new star, Angelis, thinks of his American cousins. If he had chosen the better company, we up here might think better of him.

Nothing has ever been said against the character of the Shakers. In a world of mischief makers they stand like Caesar's wife, above suspicion, and as people strictly intent on minding their own business. Further proof that their plan of celibacy will have failed is perhaps denoted by the observation of Elder Shepard of the Lebanon community, who says he believes that at the end of 50 years, Shakerism will have passed out of existence because recruits are not being added.

A New Yorker has suggested that a victory monument 50 or 100 feet high, made of solid gold, should be erected. That man's record should be looked up. Cases have not been rare where visitors to New York lost the gold out of their teeth and, in some cases, their false hair. A gold monument would disappear in a night.

We saw a picture of a Los Angeles high school girl the other day, named Miss Hazel McConnell, who may gain national wide fame temporarily as Mary Pickford's double. We are still strong for Mary because, of course, she is "America's sweetheart," but to be just and honest, we think she ought to feel honored and complimented that she is Miss McConnell's double.

It may not be wise to dismiss the Texas governor's complaint about impending Mexican trouble by saying, "Oh, his name is Hobby and that's his stunt." We must remember that Mexico is a nearer neighbor to the Texans than she is to New England.

None of us, no matter how provident, is apparently free from debt. Even if all your own personal bills are paid, the indebtedness of our nation is such that every man and woman might personally be held responsible for \$260 worth of it.

If twelve rounds are more righteous than a fight to a finish, why doesn't some statesman suggest using that principle in future wars?

A premier's lot is hard. He must convince his own people that the peace terms will ruin Germany, and must convince Germany that they won't really hurt her.

SEEN AND HEARD

And we haven't been trout fishing yet.

Hope the lady paragon who was wishing for east wind got all she wanted within the last few days.

Often wonder what has become of the old fellow who used to wear overshoes instead of slippers around the house.

We are not half as humorous as our forefathers. If they could have seen one of the spider boys coming down street with the little hot coat, right pants and the hat pulled down over the ears like the old-time flabber comedian they would have had the laugh of their lives. We meet those fellows every day and somehow or other it never occurs to us to laugh, or to even crack a smile. Can't see the fun in things like the old folks could.

Somebody signing himself, or herself "Constant Reader" writes, thusly: "To settle an argument, will you please inform me if the south pole is as cold as the north pole and if the man who discovered the south pole had to travel over ice fields like the guy who discovered the North pole?" Addressing ourselves to "Constant Reader," we beg to speak as follows: We can give you finger-tip information about the pedigrees of blue ribbon winners and the sires and grand-sires of famous trotters and pacers, but we ain't so good on geography. We have submitted your query to the meteorology editor. Gee whiz, he's a bear on all that stuff and he says it's just as cold at the south pole as it is at the north pole. You just ought to hear the big words he uses when he discusses the Arctic and Antarctic regions. He says the fellow who discovered the south pole had to travel over fields of ice, and it's just grand to hear the way he explains it.

Could Probably Go

"She seems a timid, flower-like girl."

"Well,"

"Do you think her mother would allow her to go to the theatre without a chaperon?"

"Why, I think so, my boy. She drove a supply wagon in France during the war."—Louisville Courier-Journal.

What They Left Him

It was on a chilly morning at Camp Grant that one soldier arose to find his outer garments missing.

"Has anyone seen my blanket?" he asked in a shivery tone.

He was informed they had not.

"Anyone see my t-t-t-trousers?"

No one had.

"Well, anyway, I g-got a n-u-nice warm pair of s-s-s-suspenders," he said.—Raleigh Times.

The Mirror Curtain

Latest wrinkle in theatre curtains is a mirror drop. Best way to interest humans, is to get them interested in themselves, hence the mirror curtain idea. Hunch is to keep the audience interested during the intermissions. Old model theatre curtains representing a gold-framed picture of a spacious shiny ballroom, with tons of red velvet drapes ready to fall and smooth ar the dancers, gents in silk socks and white wigs bowing to fan shuffling damsels, caused the audience to yawn after the first eyeful. The new mirror curtain will keep the audience busy during the intermission hunting their dial reflections, and give them an idea what they look like from the left side of the footlights. Everybody can be an actor in the audience then. Trick mirror curtains would make intermissions the best part of the show. Gents won't have any excuse to go out between the acts after July 1, so the mirror curtain is making an opportune debut!

Stage Fright

Many tales are told of the insouciance and sangfroid of certain players on first nights. For instance, when Lily Langtry made her stage debut in 1881, at the Haymarket Theatre in London, as Kate Hardcastle in Mr. and Mrs. Bancroft's production of "She Stoops to Conquer," she was entirely unconcerned, her chief interest being in gazing through the peephole in the curtain to discover her friends "out front," expressing polite pleasure at finding the Prince of Wales in the royal box. The sophisticated Bancrofts were on pins and needles. Likewise, when Mrs. Brown Potter first appeared upon the stage in 1887, at the Theatre Royal, at Brighton, as Faustine de Bressier in "Civil War," she astonished the experienced players in the company by her calmness and assurance for she sat and chatted with visitors behind the scenes just as though at a reception at home in New York. Mrs. Gilbert, "The Grand Old Lady of the Stage," who died in 1904 at the age of 82, after having passed the whole of her life in the theatre, made her last appearance in a piece called "Granny." During the run of this play Mrs. Gilbert rebuked a young actress who boasted of never suffering from stage fright by declaring that

WEEPING ECZEMA SOON RELIEVED

A Perfect Treatment For This Distressing Complaint

"I had an attack of Weeping Eczema; so bad that my clothes would be wet through at times."

I suffered terribly. I could get no relief until I tried 'Fruit-a-tives' (or Fruit Liver Tablets) and 'Sootha Salva'. The first treatment gave me relief. Altogether, I have used three boxes of 'Sootha Salva' and two of 'Fruit-a-tives', and am entirely well!"

Both these remedies are sold by dealers at 60c. a box. 6 for \$2.50, or sent by FRUIT-A-TIVES Limited, OGDENSBURG, N.Y.

'Fruit-a-tives' is also put up in a trial size which sells for 25c.

this was assuredly an evidence of cold-bloodedness and lack of temperance, adding that in all her experience she had never encountered a really competent player who was not nervous and excited on an opening night. Despite this assertion Mrs. Gilbert always gave a splendid performance, never missing a line, never missing a point—so far as could be judged from the front of the house.—New York Sun.

Growing Old
The days grow shorter, the nights grow longer;
The headstones thicken along the way;
And life grows sadder, but love grows stronger
For those who walk with us day by day.

The tear comes quicker, the laugh comes slower;
The courage is less to do and dare;
And the tide of joy in the heart falls lower.
And seldom covers the rear of care.
But all true things in the world seem truer,
And the better things of earth seem best,
And friends are dearer, as friends are fewer,
And love is all as our sun dips west.
And let us clasp hands as we walk together,
And let us speak softly in low, sweet tones,
For no man knows on the morrow whether
We two pass on—or but one alone.
—Author Unknown.

MAN ABOUT TOWN

I find Lowell has gained the reputation of having among her other good assets a first class municipal sanitary engineer in the person of Clifford Rice, head of the filtration plant. A short time ago the highest paper in Boston apparently, ungrudgingly devoted a half column or more of space to setting forth what Mr. Rice had said about the water supply of the Hub—things far from being considered complimentary. The next day a reporter was sent to interview leading state authorities on the water question, at the state house. These authorities practically confirmed all that Mr. Rice had said. One of their alibis in whatever defence they set up for the water was that Boston's death rate from typhoid was exceedingly low, it being said that Boston has about the second or third lowest death rate of any city in the country. Most sanitarians would say that there is nothing so very remarkable in this assertion, that its water supply has prevented Boston from having typhoid fever epidemics. Boston's water supply has probably cost her more than that of any other city in the country with the exception of Los Angeles and New York. Of course, impure water could have caused typhoid fever in Boston, but going farther than the water supply merely, Boston experts ought to remember that bad sewerage conditions and the typhoid bacilli in milk are far more dangerous than the average water supply. In the meantime, it was of course fair on the part of Boston experts to admit that the supply was not absolutely pure, and that, as Mr. Rice said, it could be improved considerably.

Housewives and their men folks, too, have been surprised for the past six weeks that the price of strawberries keeps up so unprecedentedly high. Moreover, most of the marketmen and fruit sellers admit that the price will probably not drop very much all season. Strawberries at the present price are of course beyond the reach of the average large family. But I am told one of the principal reasons why the price keeps so high is that there has not been so great a demand for strawberries for years as at the present time. National prohibition is the cause of it. After July 1st, as of course everyone knows, fruit syrups must be the foundation for all or most of the drinks. Strawberry juice still remains a great favorite at the soda fountains. The soda fountains look for increased business after July 1st. Consequently, the manufacturers who supply soda sellers with syrups are anxious to get as large a supply of strawberries as well as other kinds of fruits and berries as they can. This is the reason strawberries are high and why we do not see peddlers selling them and the good old days of two baskets for a quarter seem to have departed not to return.

An amusing incident came up at yesterday's meeting of the municipal council. After the more important business had been transacted, Mayor Thompson took up the routine matters and among them were several recommendations from Commissioner Morse, that petitions for garage and gasoline licenses be granted. One of them provided for granting a license to the Central fire station in Middle street to keep gasoline. The situation was that Commissioner Morse had asked the chief of the fire department to investigate his own department. The chief did so and in turn the commissioner recommended that a license be granted. A big laugh went up when the motion was put and Commissioner Marchand jealously bellowed out "No" on the question of whether the permit should be issued. However, the license was granted.

It seems to be rather the rare coincidence that the head of a school or

AS YOUNG AS YOUR KIDNEYS

The secret of youth is ELIMINATION OF POISONS from your body. This done, you can live to be a hundred and enjoy the good things of life with as much "pep" as you did when in the springtime of youth. Keep your body in good condition, that's the secret.

Watch the kidneys. They filter and purify the blood, all of which blood passes through them once every three minutes. Keep them clean and in proper working condition and you have nothing to fear. Drive the poisonous wastes and deadly uric acid accumulations from your system. Take OLD MEDAL HAMMILL OIL Capsules and you will always be in good condition. You will feel strong and vigorous, with steady nerves and elastic muscles. OLD MEDAL HAMMILL OIL Capsules are imported direct from the laboratories at Hammill, Holland.

They are a reliable remedy which has been used by the sturdy Dutch for over 200 years, and has helped them to develop into one of the strongest and healthiest races of the world. Get them from your druggist. Do not take a substitute. In sealed packages—three sizes.

college is able to combine with capable ability as an educator, the diplomacy, aggressiveness and vision associated with a successful business man say for instance, a manufacturer. As I write this I have in mind President Charles Holmes Eames of the Lowell Textile and it is in my mind that the state of Massachusetts in whose care and supervision Lowell Textile is now placed, our city of Lowell, and all the young men under his training, are to be congratulated that in this type of technical school, the demand for this kind of a principal has been so completely met as is the case in the incumbency of President Eames. Perhaps just this one case in point to be cited here will illustrate what we intend to convey. A manufacturer told President Eames he preferred not to have young men enter his employ who had received a textile school training. Pressed for his reason, he replied that many textile school graduates came to him, "with a swelled head and a swelled front."

In alluding to this when speaking to his graduation class for the last time on Tuesday, President Eames told the boys that while he did not believe

the complaint the manufacturer had made was in all phases justified, yet he had no doubt there had been instances where graduates had entered the employ of some mill with just that attitude. His warning as to that condition of mind, was delicately put to the graduates by inference only. Speaking a few moments later on practically the same thought, however, he was blunt and practical enough to say to them: "Do not carry your framed degree to your office and hang it up the very first week you go to work. Make good in your first job on your own merits and let the men find out if they may that you have had textile school training. It is something you do not have to advertise by hanging up your degree in your office."

BIG WEAVE SHED

A weave shed, 204 by 350 feet, will be erected by the Massachusetts Mohair Plush Co. in Western avenue. The building will be on concrete foundation and the frame will be steel and hard pine. Its cost will be \$60,000.

REDUCE HIGH COST OF LIVING

Elaborate Scheme, Backed by Whalen and Duke, To Run Stores All Over World

Will Probably Use Many Buildings Now Occupied by Saloons

NEW YORK, June 12.—An elaborate scheme involving a reduction of the cost of living all over the world and incidentally the probable use of the hundreds of thousands of saloons which will become vacant with the inauguration of prohibition on July 1st, was revealed here yesterday.

Watch Over Your Daughter

FROM 14 to 18 is the critical time in a girl's life. The change from girlhood to womanhood, is a strain on the entire system. It is the period when her future is moulded. Whether she is to go through life healthy and happy; or pale, thin, wretched; depends on the care you take of her.

IF your daughter is "not doing well", the chances are that she is suffering from Anemia. She needs more blood; she should be taking a blood food like RED PILLS for Pale and Weak Women.

YOUR daughter should have bright eyes; rosy cheeks and clear skin. If she has not these signs of health, she is troubled with Anemia and needs RED PILLS.

YOUR daughter should not suffer with headaches and backache. She should enjoy her meals and sleep well at night. If she is not doing so, then she has Anemia and you should give her RED PILLS.

HUNDREDS and hundreds of happy, contented wives and mothers of today owe their vigorous health and happy families to the benefits they derived from taking RED PILLS in their girlhood days.

WATCH over your daughter, and keep her in good health with RED PILLS.

MRS. J. REID, 460 Grafton Street, Worcester, Mass., says: "My little girl of fourteen suffered from Anemia and poor circulation for many months. From day to day I could see her failing, she lost her appetite, her sleep was disturbed, and she had been forced to stop attending school. She even went to a hospital for treatment. When nothing else was helping her, I started to give her RED PILLS for Pale and Weak Women, and in a few weeks she was feeling much better, and in a short while the color came back to her cheeks, she became stronger, and now today she is the picture of health."

CAUTION.—The formula of RED PILLS for Pale and Weak Women was first discovered in Paris, in the year of 1870, by a famous French specialist. They have been used by French women ever since. Insist on the signature of the "CIE CHIMIQUE FRANCO AMERICAINE", and a serial number on each box. RED PILLS are never sold in bulk; only in boxes, 50 cents, or 6 boxes for \$2.50, at all dealers, or sent by mail on receipt of price, by the Franco-American Chemical Company Limited, 212 Milk Street, Boston, Mass. 19

The principal men behind the scheme are James B. Duke, founder of the American Tobacco company, and Geo. J. Whelan, founder of the United Cigar Stores. With them are associated other financial and business interests among the most powerful in the United States.

"Entitled to Do Varied Retailing" Following is an announcement issued from the offices of the new company, No. 511 Fifth avenue:

"George J. Whelan and James B. Duke have organized the United Retail Stores Corporation to take advantage of present conditions to extend manufacturing business and to organize a system of retail stores throughout the world for merchandizing of all kinds."

"The United Retail Stores Corporation will begin operations at once by inviting United Cigar Stores company to become associated with it. Other important systems of chain stores in America and Europe, as well as in South America, selling tobacco, confectionery, groceries, clothing and

general commodities will in time be identified with the new concern. "The charter of the company under the laws of Delaware authorize the corporation to engage not only in retailing of all kinds of commodities, but in the production of raw material and in manufacturing as well as in the financing of such operations."

One of the interesting disclosures in the announcement of the organization was the fact that James B. Duke had returned to active business in the United States. Since dissolution of the American Tobacco company by the supreme court in 1912, Mr. Duke devoted himself exclusively to the British-American Tobacco company in London.

From Greenland to India The new company will open retail chain stores all over the civilized world for the sale of merchandise of various kinds. On or before January 1 hundreds of thousands of desirable stores now occupied by saloons in the United States will become vacant. While nothing official as to the intention of the company to rent these stores has been announced, it is believed that advantage will be taken of the unusual rental situation.

The chain of stores the corporation proposes to extend virtually from "Greenland's icy mountains to India's coral strand" will sell all kinds of products, including tobacco, confectionery, groceries, foodstuffs, drygoods and general merchandise of all descriptions.

The first company to be taken into the system will be the United Cigar Stores. Several other chain stores of national character will be added. The chain will include not only cheap groceries, but high-grade stores, so that every class of customers can be catered to.

The officers of the new company are George J. Whelan, president, and William R. Perkins, vice president. Board of directors is composed of Mr. Duke, Mr. Whelan, Mr. Perkins and Sidney S. Whelan.

May Draw Large Interests

The stock of the company as at present authorized is sufficient only to begin business, but with all the old tobacco crowd behind the concern unlimited capital will be available for any extension it may be deemed desirable to undertake.

Corporations having chains of stores will be taken in by exchange of

Sozodont
At your dealer's

stocks or for cash, or new ones will be established in all parts of the world, particularly in Canada, the British Isles and in several countries of South America and in the Orient.

Great economies are expected to result from wholesale buying of standard commodities. In many instances the supplies will be manufactured by the company itself and possibly produced on its own farms. The company is authorized to finance any of the enterprises for the complete development of its business.

In the business world this corporation was regarded as unique. It will be something like a vast department store, with agencies scattered worldwide.

In the financial district announcement of this organization came as a surprise for it unites once more the powerful group of financiers that was dissolved by the supreme court in the tobacco decision. They are not going into the tobacco business together, but into general merchandising, and are going into it with the full approval of federal authorities, and in such a way as to extend the influence and reputation of American enterprise to all parts of the globe.

Nothing was disclosed regarding the details of the exchange of United Cigar Stores stock for United Retail Stores Corporation stock, but in the market during the day United Cigar Stores sold at about double the price at which the new stock was quoted on the Curb. Tobacco Products stock also was active and made new high records. American Sumatra made a sharp advance.

AGED WESTBORO MAN MURDERED IN SHOP

WESTBORO, June 12.—Dwight D. Chapman, a retired machinist 69 years old, who lived alone in his machine shop, or tool shed, in the rear of 40 South Whipple street, was found murdered in his bed at 11 o'clock yesterday morning by Police Officer Thomas W. Humphrey and School Officer James H. Higgins. The tool shed, or machine shop adjoins the Chapman dwelling, which is used as a lodging house.

The police and school officers had to force an entrance into the machine shop by breaking in the doors.

The body of Mr. Chapman, who is known to have had in his possession a large sum of money, was covered with blood clothing.

There were several deep gashes on top of his head, as if made with the sharp blade of a hatchet, and on the body were at least 15 bruises. The police believe he made a desperate attempt to save his life.

Drilled Hole in Safe

The police discovered that an attempt had been made to break open the safe in the Chapman home, near the shop or tool shed.

A big hole had been drilled in the top of the safe and many of Mr. Chapman's tools were scattered about the floor.

The police say a couple of strangers in Westboro who had been rooming at the Chapman home disappeared early Monday morning, going on the 8:03

o'clock train to Boston. The woman was known as Mrs. Baker, who said she and her husband were from Philadelphia.

This couple, according to witnesses, were to look after the place while Mr. Chapman went on a vacation to New York.

A blood stained hammer was found late yesterday afternoon on the floor of the tool shed where Chapman was murdered.

Medical Examiner Knight and two assistants yesterday performed an autopsy on the body. State Police Officers Mott and McCarthy were in Westboro last night with Asst. Dist. Atty. George R. Stubbs, making the investigation.

Dead at Least 12 Hours

Dr. Charles S. Knight, the medical examiner, said: "The man has been dead at least 12 hours. There is no doubt he was murdered. He had a large roll of bills with him last week and he is gone. There was no money found in his clothes or about the room and I am satisfied that robbery was the motive for the crime."

Dr. Knight has been interested with

Chapman for some time in settling the estate of Mrs. Emily Blake, who owned the property where Chapman lived.

Chapman, according to neighbors, had been missing two days. He remarked to neighbors Sunday that he expected to go to New York.

On Tuesday Humphrey said: "There were no signs of any struggle about the room. Chapman evidently had been killed while in bed. I believe some one came into his machine shop to rob him and that Chapman awoke to find the man in the room and was attacked with a hatchet or ax. His cat was in the room when the body was found."

Blood in Mirror

"There were spatters of blood on a mirror and on the wall."

It was learned by the police that no one is now living in the house on the estate, which has been used as a lodging house.

The scene of the murder is about 40 yards from the South sidewalk and 200 yards from Westboro square.

Chapman had been many years caretaker for the estate of Mrs. Emily Blake.

Charges Potash

WASHINGTON, June 12.—American potash producers were accused yesterday by Representative Rainey, democrat, of Illinois, of unlawful com-

bination in violation of anti-trust laws to get high prices for their products.

The charge was made before the house ways and means committee after witnesses at hearings on protective legislation had said the producers wanted \$250 a ton for their potash salts.

"You do not come here with clean hands," Representative Rainey told the producers. "You have a combination and are violating the anti-trust laws."

"There is no license or evidence for that statement," shouted Chairman Fordney.

Representative Copley, republican, of Illinois, said "it was Mr. Rainey's duty to report the producers for prosecution."

It was developed later that some of the companies would sell their products under \$250 a ton, one California company offering to sell at \$225 a ton.

The bill proposes to license manufacturers and to compel them to mix high cost domestic potash with low cost imported potash; price fixing and tariffs at the end of five years to equalize producing cost.

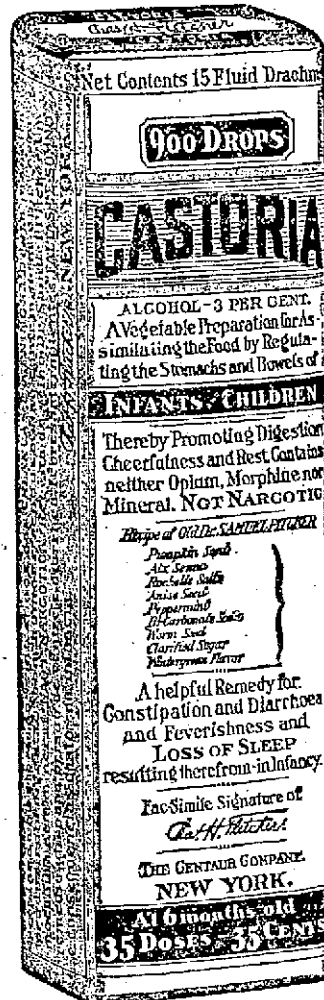

ELECT CONVENTION DELEGATES

Delegates were elected to the annual convention of the associated Y.W. and Y.M.H.A. of New England at the regular meeting of the local Y.W.H.A. held in the Hebrew Free School Tuesday evening. The convention will be held this year in Providence, R. I. from October 10-13. The delegates elected were Mrs. A. S. Goldman, Mrs. J. J. Quinn and Miss Sarah Shapiro.

Save the Babies.

INFANT MORTALITY is something frightful. We can hardly realize that of all the children born in civilized countries, twenty-two per cent., or nearly one-quarter, die before they reach one year; thirty-seven per cent. or more than one-third, before they are five, and one-half before they are fifteen!

We do not hesitate to say that a timely use of Castoria would save many of these precious lives. Neither do we hesitate to say that many of these infantile deaths are occasioned by the use of narcotic preparations. Drops, tinctures and soothing syrups sold for children's complaints contain more or less opium or morphine. They are, in considerable quantities, deadly poisons. In any quantity, they stupify, retard circulation and lead to congestions, sickness, death. There can be no danger in the use of Castoria if it bears the signature of Chas. H. Fletcher as it contains no opiates or narcotics of any kind.

Exact Copy of Wrapper.

Children Cry For Fletcher's

Let's Think It Over.

There is such a thing as saying too much on any subject, and the "grand-stand" talker sooner or later becomes a bore. The truth is always welcomed, and the truth reiterated and confirmed is more than welcome—it reaches your innermost soul.

Fletcher's Castoria is all its advertising has claimed for it. Scrutinized by the microscope of public opinion and used for over thirty years it stands without a peer in the hearts of thoughtful, cautious, discerning Mothers. And once used, mother love—there is no substitute for mother love—will scorn to try a "substitute" or a "just-as-good".

Masquerading under many names drugs that are injurious to the tender babe have found their way into some households, but the light of experience soon casts them out. Are they cast out before it is too late?

MOTHERS SHOULD READ THE BOOKLET THAT IS AROUND EVERY BOTTLE OF FLETCHER'S CASTORIA

THE CENTAUR COMPANY, NEW YORK CITY.

She likes to wash with Lifebuoy! It smells so good. It makes such a big, bubbly lather

Children need a soap that more than cleanses

THE little ones get so dirty, they must wash and be washed so often, that they especially need a soap that is beneficial to the skin—not only one that cleans away the dirt.

When they wash with Lifebuoy, it cleanses, and more than cleanses. Its big, bubbling lather carries into every pore the antiseptic recognized as the greatest aid in keeping the skin healthy. It leaves the skin antiseptically clean, and protected.

The skin is covered with the tiny openings of the fat and perspiration glands. They throw off waste matter and perspiration continually. They are constantly exposed to impurities, to dust and dirt.

Unless removed, this cast-off matter

clogs the pores, stops perspiration, and irritates the skin.

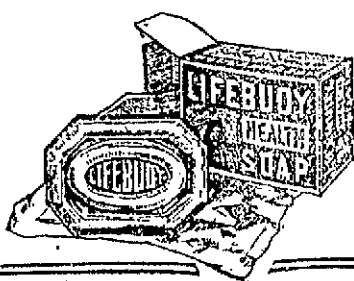

Give the children Lifebuoy. See how it keeps their skin free from little irritations, keeps it glowing with health.

The odor tells why

The "health" odor in Lifebuoy is found in no other soap. It is not a perfume—not the odor of a medicine—but a pure, hygienic odor that tells you instantly why Lifebuoy purifies and protects—why it improves your skin.

Get Lifebuoy at any grocery, drug or department store. Use it always for the children's faces, hands, and baths. Lever Bros. Co., Cambridge, Mass.

NATIONAL BISCUIT COMPANY

If your appetite needs encouragement, there is nothing quite so certain to entice it as N. B. C. Graham Crackers. Golden brown, cookie-like crackers, with a flavor that is simply delicious.

The reliance that womenkind has upon sugar-filled wafers which they succoured to put in crackers is being corrected. There was no question about the given for returning soldiers and sailors, as the fragrance of the fresh wafers which she served added has in her journey a generous supply of the National Biscuit Company's always useful and universal wafers. Another favorite at the tea hour—Nettie, a young woman, who is the daughter of a naval officer, is the one who sees them almost as much as the Graham Crackers. It seems to her that the Graham Crackers are indispensable in modern housekeeping. People have been so thoroughly entertained by them that they have found it very difficult to get on without them. The Graham flour that including several of the best of the world's wheat is a wafers. She has every variety of the Graham Crackers. It makes a more mona and lovely. Philadelphia at Chicago.
Brooklyn at Pittsburgh.

BRAVES STOP ST. LOUIS TEAM, 6 TO 4

Boston stopped St. Louis' winning streak yesterday, getting the decision, 6 to 4. An error by Heathcote and a hit batsman by Deak in the eighth inning cost the Cardinals the game. Chicago made it five in a row when Philadelphia was defeated, 7 to 2. The game was called in the eighth inning on account of rain. Pittsburgh again defeated Brooklyn, 3 to 2, and passed the Dodgers in the league standing. Cadore was invincible for seven innings, but wilted before a sharp Pirate attack in the eighth which netted three runs and the game. Ruchter and Schupp and then Peritt met in a close battle of pitchers yesterday, the Reds winning out, 2 to 1. Each team was held to three hits, but New York could only get one safety after the second inning.

WILLARD AND DEMPSEY GET EASY MONEY

TOLEDO, Ohio, June 12.—Jess Willard and Jack Dempsey are reaping a rich harvest as a result of the big crowds which continue to pay to visit their training camps on the shores of Maumee Bay. The contest for the heavyweight championship is still more than three weeks away, yet the business representatives of the boxers are planning to enlarge the canvas enclosed arena, to accommodate 5,000 persons expected to crowd the camps for the last week preceding the match.

DENY ROCAP TO REFEREE BIG BOUT

TOLEDO, Ohio, June 12.—It looks very much as if Ollie Roop of Toledo would referee the heavyweight title bout, July 4. The bloomer from New York yesterday which named Bill Roop of Philadelphia as Maj. J. J. Drexler, Biddle's appointment was short-lived, as Biddle's denial followed closely upon the appearance of the original story. Before the denial appeared, however, Tex Ricard declared himself in favor of the Toledo man as referee. If Roop is not appointed he must at least be named as alternate, to act in case of an accident or illness. He is entitled to the honor on his record and the fact that this is his home, Ricard said with emphasis.

Bob Edgren, New York sporting editor, said yesterday that he would not mind refereeing the bout just for the pleasure it would give him to turn the amount of the fee over to blinded soldiers.

GIBBONS AND CHIP DRAW

TERRE HAUTE, Ind., June 12.—Mike Gibbons of St. Paul and George Chip of Newcastle, Pa., contenders for the middleweight championship, fought 10 fast rounds to a draw before a big crowd here last night.

CHISOX MAKES IT TWO STRAIGHT IN HUB

Chicago made it two straight from the Red Sox yesterday mainly through the fine pitching of Williams, who shut out the world champions, 3 to 0. Barry, playing second base in place of Dave Shean, made two errors, making a total of five in two days. Dutch Leonard was knocked out of the box by the Yankees yesterday, New York beating the Tigers, 7 to 0. Quinn was practically unhit in the eighth distance hitting featured the Philadelphia-St. Louis game, won by the latter club, 4 to 3. Shocker had the better of Ross in the eighth which netted three runs and the game. Ruchter and Schupp and then Peritt met in a close battle of pitchers yesterday, the Reds winning out, 2 to 1. Each team was held to three hits, but New York could only get one safety after the second inning.

OPEN TOURNAMENT AT METHUEN

On Tuesday, June 11, Bunker Hill day, the Merrimack Valley Country Club in Methuen will hold an open mixed foursome golf tournament, selected drive, 18 holes medal handicap. Prizes will be awarded for the best gross and best net scores. Luncheon will be served between 12 and 2 o'clock, tea at 3:30 and dinner at 6 p. m.

DIAMOND NOTES

Bill Phoenix, for a number of seasons with Lawrence in the old New England league, has been signed by Fitchburg to play an infield position.

This fellow Boyce, pitching for Fitchburg, is all wool and several arms wide, according to the umpires who have watched his work around the circuit.

To date, however, we have yet to lamp a hurler who shows as much stuff as Bob Clark. Steady Clark down a hit and he will be a sure winner in practically every start.

Red Torphy, who used to cavort around third base in other days, now playing for New Haven in the Eastern league, has been shifted to first base.

Hayden's team will have to spot its pitchers at least ten runs to feel sure of a victory, the way the hurlers are going.

There has not been very much balm for Harvard on the diamond this year, but yesterday's victory over Princeton helped some.

Haverhill fans are waking up. There was a big crowd out yesterday and several thousand are expected to see Lowell play there again on Saturday.

Before taking your train home from Boston get The Sun at either newsstand in the North station.

Portland 10, Lawrence 7.
Lewiston 6, Fitchburg 2.

GAMES TOMORROW

Lewiston at Lowell.
Portland at Haverhill.
Fitchburg at Lawrence.

LOWELL SLIPS AGAIN WITH BIG LEAD

Lowell again yesterday against Haverhill made enough runs in the first three innings to win any ordinary game, but weak pitching could not hold the advantage and Burkett's team batted out a victory in the fifth, sixth and seventh frames and won 12 to 8. Hayden used Gaudette, Penfold and Merritt and finally called on Weafer, first baseman to stem the flood of hostile runs. Lowell hit Dubois and Werre hard but not frequently enough in the closing innings.

Bosio was the heavy stickler, getting a triple and a home run, and Eckstein made his customary contribution of two. A big crowd saw the game and showed a distinct revival of interest in the sport. The score:

Team	ab	r	h	po	a	e
Lowell	35	12	11	27	9	5
Haverhill	35	12	11	27	9	5

WHAT COUNTS FOR MOST IN BUYING A NEW SUIT?

RELIABILITY—It's the Most Important Part of the Whole Transaction

It Is Too Bad

All suits look so nearly alike when they are new. A poorly made suit of cotton and shoddy fabric can be pressed and stiffened into a smart, trim affair by a man clever with the iron.

It sometimes takes an expert to recognize it for what it is at first. But it doesn't take long after the suit is worn. When the test of service comes, the pressed into shape suit soon shows itself.

Have we made the point clear?

It is too bad all suits look so nearly alike when they are new, because it gives unscrupulous dealers an opportunity to fool the public.

Merrimack Clothes

Insure you against dissatisfaction. There are hundreds of men in Lowell who come to this store season after season for their clothing. That is because they get satisfaction.

Merrimack Suits are real values. You don't get a \$50 Suit for \$35 at the Merrimack—but you get the best \$35 Suit made in the United States for \$35. You get good, honest, sound value for your money—you get satisfaction.

Merrimack Suits

Are Priced

\$20 to \$50

With the emphasis on the \$30 and \$35 grades.

DRIVE ON FOOD PRICES

Cong. Fitzgerald Renews

Fight—Says People Should

Get Surplus Army Beef

WASHINGTON, June 12.—In the debate on the military bill in the house yesterday Representative Fitzgerald of Boston described a recent visit he had made to New York for the purpose of interviewing a representative of the food administration in reference to the price of flour. Mr. Fitzgerald secured the floor during the discussion of the item carrying an appropriation to provide means for the disposal of \$60,000,000 of surplus food products which the war department now has. He said:

"We are appealed to, and properly so, by hundreds of thousands of government employees who have seen the cost of living increase 100 per cent during the last four years while their wages have increased on an average 20 per cent. And yet the government

controls this increased amount of food products, has controlled it since the armistice was signed, and because it may occasion a glut on the market which would lower the price of beef across the water, or because of the manner in which the warehouses of the country are distributed, the people cannot have this beef."

"This is a situation we cannot dodge. People are hungry in every part of the United States because they cannot afford to pay the price for beef, and it is a crime if the government at Washington cannot organize brains enough to put this meat where the people can get it."

"The democratic party is not responsible for this situation. The men who are in charge of these supplies have been brought in as experts. These experts go with the party in power to prey upon the public of the United States. It is not the republican party that is responsible nor the democratic party, unless we fail to rise to our responsibilities."

"The other day in New York I spoke to Mr. Barnes and attempted to get some information about flour. I attempted to get some information from the committee on agriculture and from the food administration in Washington, but I was told I must go to Mr. Barnes in New York, so I humbly got on a train and took a journey of six hours, went over to New York and went into Mr. Barnes' office and I said to him:

"What is the condition of the

wheat crop? Are we to have \$15 flour while it is being sold for \$10 in England?"

"He replied, 'England takes the loss.'"

"I said, 'I think the United States takes the loss. Wheat is the staff of life. It is fundamental to the welfare of the people of the country. Every day there are strikes for more wages. Why? Because people cannot live because of the cost of living. You must cut down the price of flour if you want the business of this country to proceed along normal lines.'"

"But he said he did not believe that. He was the government and though I was elected a representative, I walked out of the door."

LOS ANGELES, June 12.—George A. Fox, convicted of obtaining money by false pretences, prevented the sale of President Wilson's farm land in Riverside county for delinquent taxes by paying them himself. This became known here when Fox, who is in the county jail, yesterday received a telegram of thanks from J. P. Tumulty, the president's secretary.

"I considered it my patriotic duty," was the only comment Fox made.

The tax bill was \$37.21. The tract consists of 61 acres, and was purchased before Mr. Wilson became president. Fox read a notice of the delinquent tax sale in a newspaper.

LOWELL ELKS TO

HAVE SOME TEAM

Jimmy Boland, for several years prime factor in the development of the South End and the formation of the team's schedule, is hard at work rounding out a team representative of the Lowell lodge of Elks, which he will match against the Beverly Elks at the carnival to be held at Medford, June 17. Boland is being assisted by Frank McCarthy in rounding out his aggregation. The team will meet a strong picked nine on the South coast in a twilight game tomorrow evening, six innings being the limit. If there are any Elks who would like to try out for the club they are earnestly requested to step around tomorrow night, pitchers in particular.

If you want to buy, sell or exchange anything try a Sun want adv.

EXCELLENT RACING ON OPENING DAY

The opening races at Combination park in Medford yesterday brought out a good-sized crowd and the three events resulted in excellent sport and fast time. The wise people showed excellent judgment in picking winners, all three races going to favorites in straight heats, a rather unusual happening for races so early in the season. It was a decidedly poor day for those who like to take a chance on the field, but though the winners had very little trouble in making good they had to keep hustling as the times will show.

Tevison, of Billy Crozier's stable was the choice of the 2:15 trot and though she had to step three merry heats to win, the race was really easy for her and racegoers have yet to learn how good the daughter of Walnut Hall really is. She appeared to be going well within the limit of her speed at the finish of her three fast miles. It was a right good field for the 2:15 trot so early in the year.

In selecting the big chestnut stallion Minor Hal to win the 2:17 pace no mistake was made. He easily outfooted the grey mare Edna Davis the first two heats and was an easy winner over Miss Rito in the final battle. It has been said that the winner would not fight out a race to the finish, but he was surely full of fight yesterday.

The 2:10 pacers looked to be a harder lot from which to pick the winner, but James Albert, the popular choice, made good, though others took turns in trying him out. Today's card is an even more attractive one than that on the opening day. The feature event will be the free-for-all pace in which the well-known cracks, Ben Earl, 2:00½; May Bird, 2:01½; Oro Fino, 2:03½; and Roan Hal, 2:08½, come to gather. The other events on the card will be the 2:15 pace and the 2:12 trot, with good fields ready to start. The summary:

Class A, Trotting—Won by Tevison, bm, by Walnut Hall (Crozier); Chester, chg (Brusie), second; Ontario Stout, bm (Fox), third. Lucy Van, bm, Alfred King, big, Alie Delmar, chg, Leo Todd also started. Best time, 2:13½.
Class B, Pacing—Won by Minor Hal, chh; by Eddie Hal (Brusie); Edna Davis, gmn (Kingsley), second; Miss Rito, bm (Crozier), third. Bill Gentry also started. Best time, 2:11¼.
Class C, Pacing—Won by James Albert, by Capt. Bryson (Fleming); Sam Hurst, hg (Fox), second; Lady Gamage, bm (Prigge), third. Sellers D. The Ideal Lady, Helen March Zonbrino and Sister Pearl also started. Best time, 2:12¼.

FOUR CLASSY BOUTS AT C.A.A. TONIGHT

A classy card is scheduled for tonight's meeting of the Crescent A. A. Every one of the four numbers arranged promises abundant action and strenuous battling. In the main event of 12 rounds Johnny Moran, former champion of the navy and Frank Molins, the hard hitting local lightweight, will meet. Both are Lowell boys, each with a large following, and their friends will be out in large numbers to cheer the men to victory. The winner of this match will be matched to meet Phinney Boyle later in the season, for the championship of Lowell. Young Strona and Billy Woods of Manchester will furnish the interest in a 10-round affair. Both are strong, fast fighters and the bout should be full of action. Chick Suggs of Newport and Young Drew of Lawrence will have at it in an eight-round frame and this set-to should make these boys travel at a fast gait in order to get the award, as they are evenly matched in every way. Young Crilly of Lawrence will meet Joe Solsberg of New Bedford in the opener of the program in six rounds. The pair are fast youngsters who are aggressive and always provide plenty of action. They met here before and their "offering" was one of the best preliminaries of the season.

AMATEUR BASEBALL

The Young Ledgers and Glendale Juniors will meet on the North common Saturday afternoon.

The Unity A.C. will play the Belvidere Stars Saturday afternoon at 2:30 o'clock.

The Lisbon Social club team would like to hear from the Maple St. Paters A.A. or Boot Mills. Answer through this paper.

The Tyler A.C. challenges the Lions to a game to be played Saturday afternoon on the South common. Mr. Foye may be seen at Gallagher's poolroom between 7 and 9 p. m.

The White Eagles defeated the Edison club, 10 to 2, yesterday. Clancy's pitching was too deep for the Edsons to fathom. The Eagles will play the Federals next Saturday.

The manager of the Crystals would like to meet the manager of the Glendales Friday evening at 7 o'clock at Bridge and First streets.

The Young Warriors accept the challenge of the Ottawa Juniors. Tel. 4934--M.

CHINA BUYS AIRPLANES WITH LIBERTY MOTORS

DATTON, Ohio, June 12.—Toy Gon, former director of air service of the Chinese army, member of a special commission appointed by the government, has purchased a number of De Havilland airplanes equipped with Liberty motors here. He has also negotiated with another company for several commercial machines. Arrangements were made for immediate shipment to China.

TROOPS FROM RUSSIA ARRIVE AT BREST

BREST, June 12.—The first contingent of American soldiers being repatriated from Archangel, North Russia, arrived here yesterday afternoon on the steamer Zar. The detachment comprised the 328th Infantry.

The infantry disembarked from the steamer for a few days' rest at Camp Pontaneau. They will proceed for the United States the coming Saturday or Sunday.

Lunn, vice president of the Equitable Life Assurance Society and an executive officer for many years of this and other insurance companies, died of heart disease while attending a dinner at a hotel last night, according to an announcement today by his business associates.

CHANDLER, N. H., June 12.—E. E. Myers of Hinsdale, Ill., was elected captain of the Dartmouth track team today.

INDIANAPOLIS, Ind., June 12.—Portland, Ore., was selected over New Orleans as the 1920 meeting place of the Ancient Arabic Order. Nobles of the Mystic Shrine, at the closing business session here today.

WASHINGTON, June 12.—The senate in two minutes today passed the house bill appropriating \$750,000,000 for deficiency in the railroad administration.

LISBON, June 12.—The Portuguese cabinet has resigned.

NEW YORK, June 12.—Paul A. Newman, head of the Broad Street brokerage firm of Paul A. Newman & Co., was indicted today by the grand jury in connection with his promotion of the stock of the Rangeburn Oil Co. The indictment charges the broker with forgery in the second degree.

COMMISSION CHAIRMAN MAKES STATEMENT

Dr. John H. Lambert, chairman of the new high school annex building commission, speaking for his fellow members, this afternoon issued the following statement certifying what has so far been accomplished by the commission of which he is a member:

"Since its appointment the commission has met, organized and elected a chairman and secretary. It has established relations with the municipal council, the school board and the architect. It has been assured by vote of the municipal committee of the approval of Plan No. 1, to call for the building of the high school annex, with a few slight interior changes.

"Our commission has chosen the present site as selected by the present school committee, for the erection of the new building. In conference with the municipal council and the school committee it has been unanimously endorsed for the commission to ask for admission to the legislature of a bill authorizing the establishment of a sufficient credit to build the new addition.

"Our commission has the site, plans and steel of the original commission, on which to start this building and we believe the desire of the public at large is with us that the building should be built. The commission was created to carry out the wishes of the school committee in regard to this building. The school committee of itself lacks authorized power to erect the building."

MERRY WIDOWS ON HOWARD'S TRAIL

As early as 5.30 this morning Mayor Perry D. Thompson was roused from his slumber to answer the queries of an unknown widow who wanted further information about the Howard Hunter person described in yesterday's editions of The Sun as looking for "a widow between 30 and 40 who was not too fat and who had one child."

Howard, you recall, is the Cascade, Idaho, man who is looking for a bride and has promised the mayor a gold nugget if the latter will procure him the type he wants. Bright and early were Lowell's widows on the job this morning to help His Honor get the nugget. The 5.30 person said she had one child, a boy of 10, and thought she could meet the requirements of Idaho Howard. The mayor referred her to his city hall office where they could talk the matter over. As soon as he reached his office there were more calls from enterprising widows and all had just the ideas fancied by Howard in his matrimonial dream of olives. No decision has been reached yet.

LOWELL SOLDIER DUE IN BOSTON SOON

Among the Lowell men due to arrive on the transport Calamare in Boston next Saturday from St. Nazaire is Private Herbert H. Humphries of 70 Smith street, this city, a member of Co. B, 501st Engineers. Several other Lowell men are also due to arrive on this vessel as the units it is carrying were a part of the 78th Division and trained at Camp Devens.

ROSES SENT LODGE BY IRISH SOCIETY

WASHINGTON, June 12.—A large basket of roses was received by Senator Lodge yesterday at his office in the capitol, from the "Friends of Irish Freedom," intended, it was explained, as an expression of appreciation of the recently adopted report of the resolutions recently adopted in the upper house of congress, in favor of self-determination for Ireland.

STOCK MARKET

NEW YORK, June 12.—There was a partial revival of bullish interest at the opening of the stock market today, at which the shorts took fright and covered extensively. Tobacco continued their recent substantial rise and there was some improvement in the steel and oil groups and Baldwin Locomotive. General Motors gained three points. Elsewhere some slight recessions appeared.

Stocks were supplied on the early rise, but after the list had digested these offerings the advance was resumed. Conspicuous strength was shown by International Harvester, Leather, Fertilizer and food shares, Crucible and Bethlehem. Steel and shipbuilding, tobacco, public utilities and motors, the advances ranging from 1 to 3 points.

Enthusiasm was swayed by the steady accumulation of various stocks. Issues which had a strong influence on the list were bought, and the market presented a better show of general strength than at any time since the money situation intruded itself.

An active selling movement on a rise in money rate in the final hour destroyed a large portion of the earlier gains and put a number of stocks below yesterday's closing. The oil group was decidedly weak. The closing was heavy.

NEW YORK, June 12.—Exchanges \$874,566,095; bid \$65,319,927.

NEW YORK, June 12.—Cotton futures opened steady, July, 31.00; October, 30.20; December, 29.90; January, 29.60; March, 29.30.

Money Market

Time loans strong; 60 days, 90 days and six months 5 1/2% @ 6%.

Call money strong; high 8; low 6; ruling rate 6; closing bid 5 1/2; offered at 6; last loan 6; bank acceptances 4 1/2.

Final prices on liberty bonds today were 1/2% first, 1/4% second, 1/4% third, 1/4% fourth, 1/4% fifth, 1/4% sixth, 1/4% seventh, 1/4% eighth, 1/4% ninth, 1/4% tenth, 1/4% eleventh, 1/4% twelfth, 1/4% BROTHERS REUNITED

James Rhodes Found Brother's Name in List of Men Back From France

Twelve years ago that James Rhodes, traveling salesman for a nationally known yeast concern, last saw his brother, George, now a member of an overseas engineering outfit, and as he sat in a local hotel last Tuesday evening weaving in his mind the pleasant fabric of the experiences they had together as boys, his eye happened to run across a long list of names of men who had just landed in Boston from France.

Down the line his eyes went, first casually and mechanically, then with a little more interest and finally with radiant gleam as he caught a line of letters standing out as though vibrating with life—"Private George Rhodes, 21st Engineers." His own brother!

Immediately James went to a telephone, got Camp Devens on the wire and confirmed the fact that his soldier brother had arrived in Boston Sunday, and docked Monday and was then at Camp Devens. He made arrangements to visit him yesterday morning and as soon as there was sufficient daylight to show him the way over the road in his machine to the cantonment, James set out and greeted his brother before the breakfast dishes, such as they are at Devens, had been cleared away.

It was hard to tell which was the happier. Not since 1904 when the brothers parted at Creston, Iowa, their home, had they seen each other. James took up salesmanship and George went into the railroad game. Business interests turned their steps in different directions until James found himself in the east and George down in Santa Fe, New Mexico, piloting a railroad engine. Years passed and while the brothers heard from each other, not once did they lay eyes on one another.

Finally the war came and there was a demand for railway men in France. George was signed up with the 21st light railway engineers and saw 17 months' overseas experience. Although he had some exciting adventures he fortunately escaped being wounded and was in the pink of condition when greeted by his brother yesterday morning. George has made his permanent home in New Mexico while his brother has been unable to settle anywhere owing to the nature of his work.

The Rhodes boys have a mother at Creston, Iowa, whom George saw just before he went away, but whom the other brother has not seen for many years. There is another brother at home as well as one stationed at Fort Dodge, Iowa. There is also one sister at home.

The re-united brothers celebrated the happy occasion of their meeting in the few hours that George was allowed to be away from Camp Devens. He has not yet received his discharge. As soon as he does, he is going to New Mexico to report to his former employers. It is probable that both brothers will go to Iowa in the near future for a general family reunion.

GEORGE DENMAN IS SOME ELEPHANT TRAINER

How would you like to chaperone two-thirds of all the elephants in America?

George Denman, veteran pachyderm specialist, had that job "wished" on him last winter when the biggest and best features of the Ringling Brothers' and Barnum & Bailey circuses were merged into one institution. He is probably the only living man who could handle this gigantic task. Given the pick of the world's foremost elephant trainers, Denman organized six great herds and trained each herd to execute tricks never before performed in a circus tent. This accomplished, he put all six herds into one mammoth ensemble and taught them to "pyramid" in unison! The management has termed this achievement a "quarter of a million pound act." It is said to surpass anything ever accomplished in animal subjugation.

One might naturally picture Denman as a man of immense stature. On the contrary he is hardly of medium height, almost reticent in disposition and a man of very few words. When he talks there is usually wit in what he says. One day someone asked him how he liked his job. "Oh, all right," he answered. "Only it's a good thing that that lot full of elephants ain't birds. Why? Because it's a known fact that a bird will eat its weight in food every day." It is said that the Ringling Brothers and Barnum & Bailey elephant acts is an index by which the scope of all its departments may be measured. The scenic program consumes almost three hours and introduces hundreds of artists. The manager is the most remarkable ever exhibited. The street parade is longer than any ever seen before. All the main features are to be exhibited here next Monday.

ASKED TO JOIN IN FIGHT AGAINST BOLSHEVISM

HELSINGFORS, June 12.—It is announced that an allied representative has recognized Gen. Judenich as commander-in-chief of all the troops operating from the south against Petrograd. An appeal will be made to all Russian officers abroad to join in the fight against the Bolsheviks and to help establish a new Russia.

TEWKSBURY NEWS

Contract Let on Town Hall—Personal Items

The general contract for the erection of a new town hall in Tewksbury Centre has been awarded to Joseph Nicholson & Son of Boston, and the work is being rushed along. The new building, which is estimated to cost about \$65,000, will be erected on the Foster estate opposite the common in the center village and nothing will be spared to make it one of the most modern structures of its kind in this part of the state.

The preliminary work of demolishing the main building on the estate has already been done, the wooden structure having been sold to Frank Riley, a local plasterer, who has taken it apart and sold most of it for lumber. The ell part of the building has been moved some distance away in the field and later it will be converted into a dwelling house. The surveyors of Nicholson & Co. are now working on the premises and already the batters for the new building are up. It is expected that the digging for the foundation will be started next week. The new structure will be of brick and it is expected it will be completed and ready for occupancy early in the fall.

Proposed New Church
The special committee appointed by the Centre Congregational Church society to look after the erection of a new church in the Centre village to

take the place of the old structure, which a few months ago was destroyed by fire, has issued a call for bids, for it is proposed to erect a new church in the course of the summer. Plans are ready and it is hoped that the general contract will be awarded before the latter part of next week. Ever since the destruction of the old church services have been held in Pickering hall in the high school building and this will continue until the new church is ready for worship.

Children's Night
The Tewksbury Grange held a meeting in Pickering hall last evening, the affair being in the form of a children's night. A brief business session was held in the early part of the evening and the remainder of the evening was turned over to the little ones, who were quite numerous, and who thoroughly enjoyed the courtesies extended them. A varied entertainment program was given, games were played and delicacies were served. The event was in charge of the officers of the organization.

Cheering for Music
Tewksbury Centre has a fine common right in the centre of the village and in the centre of the common is a handsome bandstand, but the residents of that part of the town are complaining because although they have all the facilities wanted, there is very little done in the way of band concerts. There was a band concert on the common by the Reading Band Memorial night and that was the first of the season, and many are inclined to believe it will be the last, unless a protest is entered. It was learned this morning that some of the prominent residents of the district will soon petition the proper authorities for an occasional concert on the common, which will result in keeping the folks at home and in a pleasant mood. Community singing will also be recommended.

Personal Items
Miss Harriet Mason, daughter of Rev. and Mrs. Henry B. Mason of the Centre Congregational church, has returned to her home after graduating from Wheaton college at Norton, Mass.

James McDonald, a prominent young man of the Centre village, is now sporting a new Harley-Davidson motorcycle, and it is said that "Jim" can make some speed.

Mr. and Mrs. E. Sawyer of the East village have received word to the effect that their son, Private Walter Sawyer, who has spent over a year with the A.E.F. in France, landed in Boston Monday and is now at Camp Devens, awaiting his discharge from the service.

William J. Ferris, formerly of Lowell and now of Tewksbury, who has had charge of the consolidating of the electric lighting and electric railways in Panama, and who also acted as food administrator at Panama, was a recent visitor in the town, he being out on a 90 days' leave of absence. He is now visiting at La Crosse, Wis.

DENIED AT THE VATICAN

Report Holy See To Participate in Attempts at Monarchical Restoration

ROME, Wednesday, June 11.—Reports that the Holy See might participate in asserted attempts at a monarchical restoration in Austria, are officially denied at the vatican, according to the Osservatore Romano, the semi-official organ of the vatican.

BRITISH IN OPERATIONS AGAINST PETROGRAD

STOCKHOLM, June 12.—Part of the British troops which recently arrived at Murmansk are participating in operations against Petrograd, according to reports from Archangel. They are now near Petrogradovsk.

SOCIAL AND FRATERNAL

At a meeting of the members of Notre Dame de Bonsecours society, which was held last evening in C.M.A. hall it was voted to donate the sum of \$25 toward the fund for the welcome home reception for the French-speaking sailors and soldiers of this city, which will be held in August. In addition it was also voted to contribute a float for the monster parade to be held in conjunction with the event. Routine business was transacted.

Pythian Sisters

A regular meeting of the members of Dorcas Temple, 12, Pythian Sisters, was held last evening. Routine business was transacted and memorial services were held.

LUXURIANT HAIR FOR YOU?

Of course you desire it. Then read of this wonderful hair elixir, KOTALKO

Worry no more about your hair, Miss, Mrs. or Sir. Throw away those mindless notions that are only dry, brittle, and doing no good whatsoever. Don't chance the natural oil out of your scalp. There's a hair elixir that is meeting with increasing favor, for it is altogether different from the treated, injured, conditioned, and washed. It is KOTALKO, compounded from the Three Kingdoms of Nature and including twelve ingredients, one of which is the genuine bear oil, which you have heard of as marvelous in fertility hair.

No matter what condition your hair is in—do not despair. KOTALKO is compounded on the principle of the hair which grows in a full growth of hair, which is just what Nature needed as aid in producing a splendid growth of hair.

RUMANIAN PRINCE SHOOTS HIMSELF

PARIS, June 12.—Crown Prince Charles of Rumania is suffering from a bullet wound in the leg, self-inflicted, according to news reaching Paris. It is not regarded as serious.

The crown prince created consternation in Rumanian royal circles last year, by marrying at Oradea, Mlla, Cella (2123) Lamie, the daughter of a retired major in the Rumanian army. For the escape King Ferdinand ordered that he be given 75 days' solitary confinement "for absconding himself without leave from his garrison." All efforts at the time to have the crown prince leave his wife were without avail. The crown prince's latest act, which has caused a sensation in Bucharest, is said to have been prompted by the king's insistence that he make a six months' trip to Japan, to forget the girl, from whom he was forced by his royal parents to obtain a divorce because she was neither titled nor wealthy.

The queen has done her utmost to divert the prince's mind from Cella by trying to interest him actively in her charitable works, but Charles is still deeply attached to his former wife and has frequently been seen in her company. She lives in Bucharest and recently gave birth to a child, which started gossip about succession to the throne, the heir to which some say is Prince Nicholas, studying in England, the crown prince having renounced his succession, according to reports.

FREE INSURANCE FOR EMPLOYEES

Nearly 1200 Lowell men and women will be beneficiaries of the group insurance plan the American Woolen Company announces it will start at its five manufacturing plants in Lowell and vicinity June 15, in conformity with the free insurance for employees being put in force at all the plants of the American Woolen Co. on that date.

By plans the number who benefit from the insurance at the expense of the employer, will be as follows: Ray State Woolen company, 400; Beaver Brook mills, 400; Ramshead mills, Middlesex village, 200; Wamesit mills, Howe street, 100.

SOCIAL AND FRATERNAL

Gards St. Louis scored another hit last evening when it conducted a whist and social in St. Louis parish hall, the affair being attended by about 400 people. Alfred Hervieux acted as master of ceremonies and under his direction musical numbers were given by the Dion quartet, composed of Misses Bertha, Alice, Ella and Mary Jane Dion, four sisters, who proved to be very good entertainers. Whist was played and the drawing contest was brought to a close with the following results: \$5 gold piece, Mrs. O. B. Brunel, 883 West Sixth street; Mrs. William E. Hunt, 812 Beaulieu street; and Miss Blanche Paineau of Boisvert street. The statue of the Sacred Heart was drawn by A. Belleville of 486 Merrimack street.

The officers of the guards are: Captain, Alfred Grenier; first lieutenant, Edmond Gamache; second lieutenant, Alfred Nadeau. The committee in charge of the affair were: Capt. Alfred Grenier, Lieut. Alfred Nadeau, Napoleon Dineale, Edward Chandonnet and Joseph Dube.

ANNUAL COMBINATION

The annual combination of the members of the C.M.A.C. will take place Sunday morning at the 7 o'clock mass at St. Jean Baptiste church. The members of the association will meet at their headquarters in Pawtucket street at 6:30 o'clock and will march in a body to the church at the close of the mass breakfast will be served in the association rooms and an informal speaking program will be given.

GREENHALGE SCHOOL ANNUAL PICNIC

The annual picnic of the ninth grade pupils of the Greenhalge school was held at Canobie Lake Park today, and 75 young people armed with lunch baskets and "fixins" left Merrimack Square shortly before 9 o'clock this morning for this popular resort. Principal A. E. Whitcomb had charge of the event.

An enjoyable program of sporting events was held at the park during the forenoon, and after the midday meal the party scattered to take in the various amusements for which the park is noted. The return trip was made late in the afternoon, and 75 happy and somewhat tired young folks unanimously voted the event one of the best ever.

ANNOUNCEMENT

The American Woolen Company announces that on June 16, 1919, it will inaugurate a system of group life insurance under which EVERY employee of the American Woolen Company, including both the selling and manufacturing departments, and by that we mean EVERYONE including men, women, girls, boys, and including the officials, will receive absolutely free of cost to them, the company bearing the entire expense, a policy covering their lives for from \$750 to \$1500 depending upon the length of service of the particular employee. The schedule of amounts is given below:

Those employed for a period of less than one year	\$ 750
Those employed for a period of one year and less than one year and a half	850
Those employed for a period of one year and a half and less than two years	950
Those employed for a period of two years and less than two years and a half	1050
Those employed for a period of two years and a half and less than three years	1150
Those employed for a period of three years and less than three years and a half	1250
Those employed for a period of three years and a half and less than four years	1350
Those employed for a period of four years and less than four years and a half	1450
Those employed for four years and a half and more	1500

Not only is the original premium paid by the American Woolen Company but the entire expense thereafter is borne by it. Under no circumstances does any employee pay even one penny of the cost of maintaining the policy on his or her life.

Any employee who happens to be absent on June 16, 1919, will be included in the plan outlined above upon his or her return to work, provided he or she is or has been prior to June 16, 1919, on the payroll of the mill in which he or she is employed. Persons entering our employ after June 16, 1919, will not be entitled to the above privileges until he or she has been for six months continuously on the payroll of the mill in which he or she is employed. There is to be absolutely no cost to any employee. No medical examination is required. These benefits will be given IN ADDITION to any other benefits provided by the Compensation Law of the state.

Certificates of insurance will be provided for each employee just as soon as those certificates can be prepared by the insurance company.

AMERICAN WOOLEN COMPANY

WM. M. WOOD, President
Boston, Mass., June 11, 1919.

RECITAL BY MISS O'BRIEN'S PUPILS

The annual violin and piano recital of the pupils of Miss Angela V. O'Brien was held Tuesday evening in I.O. O.F. hall, Bridge street, before an audience which completely filled the place. Miss O'Brien was assisted by Miss Margaret McDonough, soprano, who added greatly to the enjoyment of the evening by her delightful solos.

She was accompanied by Miss Ella M. Reilly. The ushers were Messrs. Leo R. Quinn and John Toohy and the Misses Mary Dudley, Helen Loftus, Irene Lawlor and Leona Spellman. The program was as follows:
March For Six Hands.....Nekkerlin
Edna Foirier, Lillian St. Peter, Laura St. Peter.
Fluctuating Butterflies.....Gerhardt
Marguerite.....Haechele
Class Recitation (Duet).....Lindsay
Agnes Riley, Grace Keenan.
Summer Smiles.....Greenwald
Shady Dell.....William Cahill.
Minuet in G (Duet).....Beethoven
Isabel Storey, Ruth Dupont.
Fairytale.....Gardner
Little Paraders.....Neil
Liselotte.....Adam
The Myrtles (Duet).....Wachs
Solo Selection.....Julia Furey, Florence Tully
Margaret McDonough; Ella M. Reilly, accompanist.
Intermezzo from Cavalleria Rusticana
Silver Stream.....Goerdeler
Loin du Bon.....Gillet
Mocking Echo.....Schmoll
Orange Blossoms (Duet).....Ludovic
Dorothy Sargent, Miss O'Brien
Song of the Reapers.....Helm
Ruth Dupont
La Brunette.....Severn
Sounds of Spring.....Wenzel
Dancing Shadows.....Englemann
Saint D'Amour.....Elgar
Gitanella.....Ferber
Whisper and I Shall Hear.....Pecchiolom
Violin Obligato.....Margaret McDonough, Miss O'Brien.
Cadets Review.....Lillian St. Peter.
Mazurka.....Osmanski
Lelkem (Hungarian Song).....Lehrer
Madriena.....Wachs
11 Trovatore.....Dorn

Edna Foirier
1st Air Variations on a Theme by Pacini, Darcia Wachs
Nadia.....Wachs
Viola Roy
Hone March.....Pacini
May Peters, Miss Reilly, Catherine Reilly, Julia Furey.
MINSTREL SHOW BY CENTRALVILLE REBEKAH LODGE AT ODD FELLOWS HALL
A minstrel show was presented by Centralville Rebekah lodge, 137, I.O. O.F., at Odd Fellows hall in Bridge street, last evening, and furnished plenty of enjoyment for a large and appreciative audience. The show was put together by the young women of the lodge, ably assisted by a corps of young men, one of whom, L. A. Wells, arranged the musical score and program and inserted much of the humor and action of the entertainment.
The program was as follows: Trio, L. A. Wells, P. W. Webb, and Bert Neild; and songs, R. P. Webb, Waldo Caswell, Leland Wells and Bert Neild; "I'm Forever Blowing Bubbles," E. C. Peaslee; "Peaches," R. P. Wells; "Untill," Bert Neild; parody by Leland Wells, R. P. Webb and Bert Neild; sketch, John Nolan; song, Leland Wells. Interlocutor, E. C. Wells.
The chorus was composed of the following: Fred Tibbets, Samuel Bent, John Nolan, W. I. Caswell, Bert Neild, R. P. Webb, E. C. Peaslee, Frank S. Marshall, E. C. Wells, Mrs. Estabrook, Charlotte Haskell, Anna H. Rametta, Miss Florence Otley, Mrs. Lola V. Bunce, Mrs. Anna Cogswell, Vina Prentiss, Bessie Merrill, Dorothea Wayland, Vanda Cogswell, Mrs. Minnie Wayland, Florence Johnston, Eva Eastman, May Baggis, Mrs. Ethel Atwood, W. J. Anderson, Walter D. Merrill, Mrs. W. I. Caswell and Charles Haskell.

SPENT DAY AT BEACH
"Ho, for the beach!" said the day pupils of Wood's Business college yesterday, and forthwith piled into various automobiles and ordered full speed ahead for Revere. They arrived at the beach early in the forenoon, and after an enjoyable lunch visited the various amusements and followed this with a dip in the ocean. The return trip was made without incident in the early part of the evening. Elliott Wood was in charge of the program.

GREEK COMMUNITY ELECTION
Justice Fox of the superior court refused to grant the injunction asked by a portion of the Greek election committee of May 30 to restrain Christos Zlogos, president-elect, and the directors and other officers from assuming office. As a result of the court's action Mr. Zlogos assumed the presidency of the community Tuesday. The merits of the case will be heard by a master to be appointed later, by Judge Fox. The petition was presented by some 30 members of the committee, who claim that the party headed by Zlogos did not vote fairly at the election.

CHIEF MARSHAL APPOINTED
Sergeant Walter T. Monahan, a veteran of the world war has been appointed chief marshal for the parade which will be conducted with the welcome home reception to the young men of North Chelmsford, who have seen service in the army and navy in the world war. The event will be held next Tuesday and promises to be a notable one in the history of the town.

D.D.D. THE Lotion for Skin Disease

We have witnessed such remarkable results with this soothing lotion of oils that we offer you a bottle on the guarantee that unless it does the same for you, it costs you not a cent. 25c, 50c and \$1.00.

HANDS AND FEET SWOLLEN TO TWICE THEIR NATURAL SIZE

Real Remedy for Rheumatism in Weldona Shaffer Street Woman Sure She Has Found

No preparation ever given to the public has had such record breaking success for rheumatism in so short a time as Weldona, in fact, it has been given the name as the "wonder work."

Lowell people are daily adding their names to the already long list of cures and among those who consented to talk for publication was Mrs. Caroline A. Cheswell of 5 Shaffer street, Lowell.

Snapshot of Mrs. Cheswell, Now Recovered From Rheumatism.

She said:
"I feel sure I have at last found a real remedy for rheumatism in this Weldona. I have suffered from rheumatism for fifteen years. My feet and hands were swollen to almost twice their natural size and it was very difficult to get about. My hands were stiff and sore, and made walking almost impossible."

"The pain I suffered only those who have had the disease can understand—it was torture day and night, my hands were stiff and it was hard to hold anything, or in fact use my hands in any way.
"Friends recommended Weldona to me and I decided to give it a trial—I had only taken the medicine a short time when the swelling commenced to go down, gradually the pain became less and less noticeable and I began to feel like myself again. I want everyone to know what Weldona can do for rheumatism for I am sure it will help others as it has helped me."

Get Weldona Now, today—Every day's delay is another day's suffering. Weldona does not contain alcohol, opiates or harmful drugs, but is composed of herbs, roots and other medicinal ingredients which tend to drive rheumatism from the blood.
Get Weldona at Dorr's, the druggist, and other reliable druggists everywhere.—Adv.

DISCUSS BOLSHIEVISM

Subject Taken Up at Paris
—Position of Bela Kun
Also Considered

PARIS, Wednesday, June 11. (By the Associated Press).—Bolshevism and a discussion of the position of Bela Kun, foreign minister of the Hungarian soviet government, figured prominently in the deliberations of both the Council of Four and the council of foreign ministers today.

The successes of the Hungarian Bolsheviks against the Czech-Slovaks have given the peace conference anxiety for many days and the Council of Four, decided that the boundaries between Hungary and Rumania and between Hungary and Czech-Slovakia must be positively determined in order that Bela Kun may be told specifically to what points his troops must be withdrawn, if he desires to avoid a clash with the five great powers and win a hearing from the peace conference.

While the text of the reply of Bela Kun to the telegram from M. Clemenceau, demanding that he cease hostilities against the Czech-Slovaks or suffer the consequences, has not been published in Paris, it is apparently unsatisfactory. Official denial is made of Bela Kun's statement that he had been invited to the peace conference. He was told in M. Clemenceau's dispatch that he would not be invited to the conference, if he did not cease fighting, and this was twisted into an invitation to Paris.

Military reverses suffered by Admiral Kolchak's troops in southeastern Russia have caused some uneasiness in conference circles, those reported since Bela Kun's successes against the Czechs being viewed with special concern. The strengthening of the Bolshevik hold in Moscow by the interruption of the advance of the Estonians against Petrograd, is also the source of uneasiness.

The Bolshevik peril, which was apparently on the decline a few weeks ago, is again commanding attention from all delegations here. No effort is being made to conceal the menace that the Hungarian Bolsheviks offer to Poland as well as Czech-Slovakia. Austria is looked upon as a fertile ground for Bolshevism and if it went under Bolshevik control, with a part of Czech-Slovakia, the Bolsheviks would hold the wedge in central Europe, which would put them on three sides of Poland, which is already hard pressed by the Germans on the west.

Gas in the Stomach
Is Dangerous

Recommends Daily Use of
Magnesia To Overcome
Trouble

Gas and wind in the stomach, accompanied by that full, bloated feeling after eating are signs of certain evidence of so-called "acid indigestion." Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of folly to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bisulphate of Magnesia and take a teaspoonful in a quarter glass of water right after eating. This will drive the gas, wind and bloated right out of the body, soothe the stomach, neutralize the excess acid and prevent its formation and there is no sourness or pain. Bisulphate of Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive, and is used by thousands of people who enjoy their meals with no more fear of indigestion.

Liggett's-Riker-Jaynes and other leading druggists.

COLORS PEOPLE APPEAL

Boston Man Submits Request
For "Protection" Clause
in Covenant

PARIS, Wednesday, June 11.—William Monroe Trotter of Boston, secretary of the National Equal Rights league, has presented every member of the peace conference a petition from colored citizens of America, asking that a clause assuring all citizens "full liberty in the rights of democracy and protection of life without distinction based on race, color or previous condition," be inserted in the covenant of the League of Nations.

DISCUSS SITES FOR
AIRPLANE LANDING

An explanation of the possibilities of developing a landing place for commercial airplanes in this city featured the first meeting of the recently elected directors of the board of trade, held last evening at the board rooms. The subject was discussed by a Mr. Long, representing the Curtiss Airplane Co.

The board had previously named a committee to take up this matter, of which Stephen Kearney is chairman. The latter introduced Mr. Long, who said that the sites which best meet the requirements of a field 1000 to 1200 feet square were in Andover street, between Buttrick road and Clark road or on the Pawtucket boulevard. The Andover street site is preferable, he said.

If the project were to be carried through, the city would have to obtain the land, level buildings, and then the company would erect hangars. The company would reserve the right to conduct an aviation school on the field and he assured those present that the field would not be productive of undue noise. The matter was left in the hands of the board's committee.

Other matters taken up at the meeting were of a more or less routine nature. John J. O'Rourke was unanimously re-elected secretary to serve his second year.

President John M. O'Donoghue announced his executive committee. This will include, besides the president and secretary, the following: George Bowens, Paul B. Chandler, John C. Leggat, George H. Runels, James P. Owens and Fred C. Weld.

Reports were received from the home building and Merrimack river navigation committees. It was voted to appropriate a sum not exceeding \$50, to be at the disposal of the school board workers of the city.

A vote of approval for the Boy Scout campaign now being held here was passed.

It was also voted to urge the commission of streets and highways to consider the establishment of a permanent repair gang.

The executive committee was instructed to make plans for a board of trade outing this summer and to report at an early date.

The following new members were elected: Winchester Laundry Corp., Daniel S. O'Brien, Fred J. Crowley, John W. Fraser, J. C. Mangan, Albert J. Ryan, Christos Chikouras, W. Weinstein and William B. Kierman.

The personnel of the various administrative committees as chosen by President O'Donoghue was as follows: Committee on public improvements, George Bowens, chairman; George C. Fairburn, vice chairman; Dr. A. J. Gagnon, Harvey B. Greene, Alonzo G. Walsh, Dr. C. E. Shinn, S. H. Thompson, Jesse H. Shepard, Otto Hockmeyer, James H. Leighton, Hon. Walter S. Watson, Hon. Perry D. Thompson.

Committee on administration and finance, George H. Runels, chairman; Fred F. Hayward, vice chairman; Ar-

thur L. Kno, George H. Hart, Arthur T. Safford, Arthur C. Spaulding, George F. Wagner, James C. Reilly.

Committee on transportation, Paul B. Chandler, chairman; Stanley E. Qua, vice chairman; Daniel F. Carroll, Fred J. Crowley, Dennis A. Murphy.

Committee on new industries, James F. Owens, chairman; John H. Murphy, vice chairman; Robert F. Marden, Albert D. Milliken, John A. Hunnewell, George F. Wagner.

Committee on commercial affairs, John C. Leggat, chairman; Allan D. Parker, vice chairman; L. A. Derby, Elbert J. Gilmore, John J. Hanlon, Jude C. Wadleigh, John K. Whittier, E. A. Wilson, A. B. Woodworth, David Ziskind, D. S. O'Brien.

Committee on legislative affairs, Hon. John J. Rogers, honorary chairman; Fred C. Weld, chairman; Horbert J. Call, vice chairman; Frank J. Campbell, George M. Harrigan, Patrick J. Reynolds, Henry A. Smith.

Americanization and educational committee, John J. Mahoney, chairman; Jude C. Wadleigh, vice chairman; F. A. Flather, R. B. Walsh, Hugh J. Molloy, Robert F. Marden, Manuel E. Sousa, Joseph H. Guillot, Herbert D. Bixby, Vasileos Glavis.

"Build your own home" committee, Daniel F. Carroll, chairman; George Bowens, vice chairman; Rene J. B. Delys, Lucius A. Derby, John F. Dwyer, Perley F. Gilbert, Frederick F. Meley, James C. Reilly, Henry L. Sourke, George H. Runels, Edwin T. Shaw, Jude C. Wadleigh, A. D. Milliken.

Aircraft landing field committee, Stephen Kearney, chairman; Gardner D. Dumas, John A. Stephens.

Waterways committee, George Bowens, chairman; Robert F. Marden, vice chairman; Gen. Butler Ames, F. A. Flather, John H. Harrington, Hon. John J. Hogan, James J. McMahon, George S. Molley, John H. Murphy, Hon. James E. O'Donnell, Hon. John J. Rogers, Capt. William P. White U.S.N. (retired).

FASTEST DESTROYER IN
WORLD OFF FOR BOSTON

BATH, Me., June 12.—The torpedo boat destroyer Maia, unofficially said to be the fastest destroyer in the world, as the result of covering the mile course at Rockland at the rate of 33.38 knots an hour, left today for her preliminary official trials and delivery tonight at the Boston navy yard, just two weeks from the day of her launching from the Bath Iron Works.

The destroyer when outside the Kennebec river, started on a four hour run at full speed, which would take her to the eastward, where she would circle Monhegan Island, then to the westward, terminating the run at Boston light. The backing and ruddor tests then will be held.

This is the fourth destroyer from Bath to be tried and delivered on the same day and the seventh to be delivered to the navy department since July.

BLISS NATIVE
HERB
TABLETS

Have you noticed the rugged, healthy complexion of our soldier boys? Their elastic step, and strong, manly bearing? This condition is due to outdoor life, plenty of exercise, regular habits and wholesome food.

Your responsibilities may not permit you to work, live and play outdoors. You may have to grind away at a machine, a desk, or other employment, until your condition becomes stale. Indigestion, constipation, headaches and general debility follow. Your liver and kidneys fail to act properly, and your blood becomes poor and sluggish. Don't be a health-slacker. Take Bliss Native Herb Tablets. They will relieve constipation, remove indigestion, help to prevent rheumatism and make you fit. Look for trade mark. Our money back guarantee on every box.

Sold by leading druggists and local agents everywhere.

LOWELL CHORAL SOCIETY

The Lowell Choral society held its annual meeting last evening and elected its officers for the coming year. Arthur C. Spaulding was re-elected president and the following men and women will serve with him: Vice president, George S. Drew; treasurer, Samuel Kershaw; secretary, James L. King; executive committee, Thomas P. Boulger, David Hird, Noble Charlton, Miss Winifred C. Haggerty, Miss Marion McKnight, Harry H. Pascal, Mrs. L. J. Hanson, Miss Mary E. Reilly, Mrs. H. R. Hanson, Miss Margaret M. Sparks, Mrs. C. H. McIntire, Miss Vera S. Thompson and George Maguire. E. G. Hood of Nashua, the present conductor, was unanimously chosen for next year and Winifred Kershaw was retained as pianist. The treasurer reported all bills paid and a satisfactory working balance on hand.

BELGIUM AND HOLLAND
TO SUBMIT CLAIMS

BRUSSELS, Wednesday, June 11.—The peace conference in Paris will invite Belgium and Holland to submit their differences as to waterways to a commission composed of representatives of the United States, Great Britain, France, Italy and Japan, but no suggestion for a transfer of territorial sovereignty, nor the creation of new international obligations will be considered.

This was outlined in the Belgian chamber of deputies this afternoon by Paul Hymans, foreign minister, who came here for that purpose from Paris. M. Hymans added that, while Belgium had agreed to go before such a commission, it was well understood that the outlined procedure would not prevent an examination of measures necessary to obviate danger which the peace conference admitted on March 8 to menace Belgium by reason of the terms of the treaty of 1839. He also intimated that the negotiations would be protracted.

BOGUS ARMY OFFICER
ARRESTED AT NEWTON

BOSTON, June 12.—George T. Murphy, 25, a discharged army aviator, wanted in Long Beach, Cal., on a charge of passing worthless checks, was taken into custody yesterday afternoon at the Brae-Burn Country club by Newton police and army intelligence officers after he had been trailed from coast to coast by Pinkerton detectives. He was held on a technical charge of unlawfully wearing an army uniform.

Dressed in a perfectly-tailored uniform bearing the insignia of a captain, two round stripes, overseas service chevrons, croix de guerre and distinguished service cross ribbons, Murphy was parading proudly before the spectators at the golf tournament when the officer found him.

They had no difficulty in locating him in the crowd, for his much-decorated uniform made him conspicuous. Across his left breast were pinned the silver wings of a military aviator, he wore a pair of full dress boots and twined a stylish cane carved with dates of his supposed aerial triumphs.

Since his arrival here recently Murphy has been under surveillance of detectives who have been tracing him from California, where he is alleged to have jumped his bail and eluded the police following his arrest in Detroit last February. The Pinkerton agency learned that he was at Brae-Burn yesterday and requested the northeastern department to send intelligence officers there to aid in establishing his identity.

The officers took Murphy aside and had started to question him when he broke away suddenly and made a dash for the woods lining the golf course.

Special Officer Edward P. O'Neill, of the Newton department, a former crack high school athlete, who has just returned from service overseas, pursued and overtook the fugitive.

Murphy was handcuffed and taken by automobile to Northeastern department headquarters, where his record was investigated. Harry J. Murray, assistant superintendent of the criminal department of the local Pinkerton agency, charged that Murphy, between Feb. 1 and Feb. 8 at Long Beach, Cal., had written three worthless checks totalling \$2500, using the names Sidney Johnson, J. M. Bennell and J. Oliver.

He then disappeared, it is alleged, and was traced to Detroit, where he was arrested Feb. 17, after he had married a Detroit girl. Taken back to Long Beach to face trial, Murphy was released on bail and again vanished, but was finally located here, after he had been trailed across the continent.

Murphy is said to have originally lived in Detroit, although he has a permanent address at present. He was a second lieutenant in the air service during the war, but had never been overseas. He had served as an instructor of cadets at Berkeley, Cal., after receiving his commission.

From northeastern department headquarters Murphy was taken to the federal building and arraigned before United States Commissioner Hayes on a charge of unlawfully wearing an army uniform. He was held in \$100 bail for the federal grand jury. It is possible that the charge upon which he is wanted in California will open some action against him here.

SOLDIERS' INSURANCE

All discharged soldiers and sailors should be advised to keep up the payment of the premiums due on the war risk insurance, applied for while in the military service. Within short time those who have kept up such payments will be permitted to convert their present insurance to other forms without another physical examination. Any discharged soldier who has permitted his insurance to lapse should correspond with or call at the office of Major T. J. Johnston, department insurance officer, headquarters Northeastern department, room 717, 2 Chauncery street, Boston, Mass., as soon as possible, as it is not yet too late to be reinstated. Information may also be obtained there with reference to the new kinds of insurance to be issued and the premium rates therefor. In writing, in addition to asking the information desired, the person should indicate the date of his discharge, whether he has paid any premium since such discharge. The officer also mentioned will also be pleased to assist the allottee of soldiers in cash where allotments and government allowances are not being received.

FOUR SHIPS IN COLLISIONS

Transport Rammed off Sandy Hook Being Towed Into Port—Crew Safe

Steamer Yankee Sank After Collision With Italian Vessel—No Lives Lost

NEW YORK, June 12.—Several members of the crew of the naval transport Graf Waldersee, formerly of the Hamburg-American line, were injured when the vessel was rammed last night by the steamship Redondo, in a collision off Fire Island, which the Redondo's captain declared was unavoidable.

The latter vessel, entering port this morning, reported all the Graf Waldersee's company, including 10 officers and 400 men of the crew and nine army officer passengers, safe aboard the transport Patricia, which was towing the damaged vessel, her hold partly flooded, toward this harbor, keeping close to the Long Island shore.

The commander of the Redondo declared that the crash was "simply a case of two ships meeting in the fog; the collision was unavoidable."

Observers reported a wrecking tug alongside the Graf Waldersee. The ship had a light list to port and was settled heavily.

Transport Beached

NEW YORK, June 12.—The transport Graf Waldersee formerly of the crack passenger liners of the Hamburg-American line was rammed last night by the steamship Redondo, was beached shortly after 11 o'clock this morning on the sands of Long Beach, Long Island.

She was saved from sinking in deep water by the steamship Patricia which came to her rescue at the scene of the collision off Fire Island about 11 o'clock last night and with the assistance of wrecking tugs, took her in tow and rubbed for the shore.

The transport touched bottom directly opposite the fashionable summer colony at Long Beach.

Steamer Yankee Sank

NEW YORK, June 12.—The steamship Yankee, operated by the United States shipping board, sank early today off Fire Island after having been in collision with the Italian steamship Argentina late last night. The crew of the Yankee was taken aboard the Argentina.

Immediately after being struck by the Argentina, the Yankee began to list heavily and all hope of saving the vessel was abandoned. The captain and crew were taken aboard the Argentina which stood by for several hours until the Yankee went down.

The Yankee was built for the shipping board at Cleveland in 1915 and was engaged in coastwise trade, having sailed for this port from Newport News on June 6. She was a 2415-ton vessel.

The Argentina, continuing on her course across the Atlantic, reported that she would transfer the Yankee's crew to the Cardinal lights.

ESTIMATE OF BIG INCREASE IN UNITED STATES WOMEN WORKERS

BY BIDDY BIE

One million women workers—that sounds like a lot. But as a matter of fact it is only a moderate estimate of the increase in women workers in the United States since the beginning of 1915.

According to Miss Maria Ohenauer, chief woman examiner of the national war labor board, who made this estimate in October, 1915, 500,000 women of this number are in clerical work, and 400,000 in industrial.

An increase of nearly 50,000 in the one year, 1918, the number of women employed on the railroads, is disclosed by the annual report of the director general of railroads, which states that the number of women employed in this work increased from 60,555 to 101,206, in the past year. Although the majority of these were doing clerical work, many were in the signal service, or tending switches, doing yard work, trucking or working in the roundhouses. The report goes on to say that the women have been equal to these jobs, not only in processes requiring little skill, but in some of the trades calling for a high degree of intelligence and training. They are, for instance, doing electric welding, having advanced from flat work to welding of all kinds. The fact that some are earning the full mechanic's rate is a proof of their efficiency.

In all occupations, the total number of women employed at gainful work approaches 12,000,000. Of those who entered such occupations during the war, a great many, especially those in clerical government service, were undoubtedly girls who had never worked before. A large number of mothers and wives of soldiers went to work, some urged by economic necessity, and others by patriotism. Another group of war workers is that of the women who changed from non-essential work to war industry, including in large numbers domestic servants. School teachers, to the possible number of 100,000, left their class rooms to enter more definitely related and highly paid war work.

Children are gratified and benefited by INSTANT POSTUM the pure food drink

HOUSEWIVES' SHARE IN MONTH OF BRIDES

June is here! No need of calendar to remind anyone, when the trees and birds, and even the dust rising from the curve of the road in the wake of "switching" motor cars, proclaim it.

And since it is here, let's remember several attentions it should be paid in the first place, stay out of doors in the real June as much of the time as an efficient housewife can plan.

When the children want an outing in the woods, or by the shore of lake or river, by all means fix a tempting picnic dinner for them—but don't send them off for the day. "Take them, yourself. Most any household duty can wait while the mistress of that house absorbs June sunshine and breeze to give her fresh impetus, both mental and physical. Possibly, if mending must be done, a sewing bag will not spoil the party, and the work will go twice as fast outside as it would in a stuffy room.

There are lots of ways to curtail the indoor hot work—and the word "shutless" does not apply to them. "Take the matter of laundry work. It is too hard and tiring for a woman to do alone in the same quantity during the winter months; and service is almost too expensive. One of the easiest ways to save laundering is by the use of inexpensive little Turkish towels instead of the usual linen and towels. They are easy to wash and really require no ironing. In the same way, crepe underwear is a summer boon, and can be extended to the children's play dresses and house gowns for the mistress of the house.

Laundry saving can go further than the wash tub, and towels, though. If it is within the range of the pocketbook, a mangle will remove half the task of ironing. If that is out of the question, don't be ashamed to let the breeze "rough-dry" sheets and pillow cases.

Do the children ever get tired of home-made gingerbread? It isn't much of a task to keep them supplied, if the baking is done early in the morning. As soon as that is done, why not cook a large enough supply of potatoes to last for at least two servings, with one of them a salad; and try to cook enough vegetables of any kind for two servings, a hot and a cold. As for salads, there are too many to speak of now, but summer is their hey-day, and every housewife can concoct new departures that will turn left-overs and odd bits into delicacies. Then you have the food that is every child's delight. Either in combination with fruits, or alone, serve ready-prepared cereals, instead of hot, cooked cereals. Another change from hot to cold is in the use of soups. Cold soups, with gelatin to give them body, will give the right start to any June dinner, especially when they are assembled highly.

To drop from dainty foods to something that sounds more "grubby," June is the month to begin a fresh battle against refractory iceboxes and garbage pails, if May has slipped by without such a start. Be sure that the lining, trap and drain of the icebox are clean. The food compartments should be wiped out with cold soda water, and then wiped dry. Food should not be put in until the compartments are cold. Cold soda water, applied with a long-handled brush will keep the trap, pan and drain-pipe clean too. If the ice man can be persuaded, keep a supply of clean ice in the ice chamber, which should be washed out frequently. Need it be added? Keep the doors tightly closed?

No mystery about the garbage pail—the beginning of the season is the time to kill all possible mosquitoes and flies. And their especial summer resort is the garbage pail. A strong play of the hose on the pail after it has been scrubbed out with hot suds and an old broom, remove its attractions most effectively, if done often enough. Don't put in the garbage pail anything that can be disposed of otherwise, such as peapods, corn husks or dried potato peels. If there is a garden, do double service by putting them in with the fertilizer supply.

The house may be near a stable. If it is, and flies are numerous, a solution of formaldehyde, with water and brush, may be scattered in a room at night and swept up early in the morning. If the room is closed during the night, no harm and much good will be accomplished.

But whatever else—live in June—no mystery about the garbage pail—the beginning of the season is the time to kill all possible mosquitoes and flies. And their especial summer resort is the garbage pail. A strong play of the hose on the pail after it has been scrubbed out with hot suds and an old broom, remove its attractions most effectively, if done often enough. Don't put in the garbage pail anything that can be disposed of otherwise, such as peapods, corn husks or dried potato peels. If there is a garden, do double service by putting them in with the fertilizer supply.

SERVED TWO YEARS WITH CANADIANS

Alexandre Gourdeau, formerly of this city and now of Montreal, Que., is visiting his parents, Mr. and Mrs. Frank Gourdeau of 45 East Merrimack at the young man is attired in the Canadian army uniform and it was only a few days ago that he was discharged from the service after spending two years in the Canadian army.

Free To Asthma Sufferers

A New Home Method That Anyone Can Use Without Discomfort or Loss of Time.

We have a new method that controls Asthma and we want you to try it at our expense. No matter whether your case is of long standing or recent development, whether it is present as Hay Fever or chronic Asthma, you should send for a free trial of our method. No matter what your age or occupation, if you are troubled with asthma, our method should relieve you promptly.

We especially want to send it to those apparently hopeless cases, where all forms of inhalers, douches, opium preparations, fumigations, patent medicines, etc., have failed. We want to show everyone at our expense, that this new method is designed to end all difficult cases of wheezing, and all those terrible paroxysms at once.

This free offer is too important to neglect a single day. Write now and receive the method at once. Send no money. Simply mail coupon below. Do it today.

FREE TRIAL COUPON FRONTIER ASTHMA CO. Room 862-F, Niagara and Hudson Sts., Buffalo, N. Y. Send free trial of your method to:

Children are gratified and benefited by INSTANT POSTUM the pure food drink

ing 17 months in the trenches in France.

Mr. Gourdeau left Lowell about seven years ago and located in Montreal. It was there that he enlisted in the 22d Battalion, French-Canadian regiment about two years ago. Overseas he saw active service at the front, but fortunately was never wounded or gassed. He returned to Canada a few weeks ago and brought back with him several interesting souvenirs, among which is a belt taken from a dead German soldier. The young man will spend a couple of weeks in this city, after which he intends to go back to France for a couple of years with a large construction company.

SEC. DANIELS PROTESTS

Says Cut in Appropriation
Hard Blow to Extension
of Naval Aviation

WASHINGTON, June 12.—Abandonment of the navy's extensive plans for experiments with rigid and non-rigid types of lighter-than-air flying machines was said by naval officers today to be a blow to the extension of the house naval affairs committee in cutting the aviation appropriation for the navy from \$15,000,000 to \$15,000,000.

Secretary Daniels said it would take the navy a long time to recover from the effects of the setback naval aviation would receive should the revised figures stand.

"We had outlined a program for the coming year," Mr. Daniels said, "that would have placed the United States navy on a footing with other navies of the world with regard to aviation and it followed up consistently for the next few years, probably would have made the United States the leader in the field of naval aviation. If we are limited to the sum set in the house bill we will hardly be able to benefit from the lessons learned from the NC-4's flight across the Atlantic, and will certainly not be able to carry on the experiments with aircraft of the Zeppelin type that we had planned."

"The Zeppelin type of aircraft constitutes the eyes of the modern fighting fleet," said Captain T. T. Craven, director of naval aviation, "and our navy stands practically alone among those of the world powers in its lack of this indispensable type of aircraft."

MISS DOYLE HONORED
A farewell party was given Miss Adelaide Doyle Tuesday evening, when her many friends gathered at the home of her sister, Mrs. A. Curry in Andrews street to wish her success in her work at St. John's hospital, which she is about to enter as a nurse. In remembrance of friendship and happy acquaintance, Miss Doyle was the sur-

prised recipient of a large and beautiful traveling bag. Although quite overcome at such an unexpected testimonial, Miss Doyle managed to express her deep appreciation of the thoughtful kindness on the part of her friends which had prompted such an expression of their affection and good-will. During the evening games were enjoyed, piano selections were given by the Misses Nora Olson and Loreta Doyle. Solos were sustained by a quartet consisting of James Doyle, James Breakley, Harry Brennan and John Conway, Jr. Miss Mary Connelly favored the gathering with a clever program of fancy dancing. In the partaking of refreshments and the enjoyment of friendship's good cheer, the evening spent itself almost unnoticed. The lateness of the hour, however, finally saw the many friends of Miss Doyle bidding her farewell with the earnest hope that a true success may be hers in the noble calling she has elected to follow. The success of the affair was due to the untiring efforts of the Misses Lillian Hart, Minnie Dillworth and Jennie Hart.

DEDUCT CONTRIBUTIONS
IN PAYING TAXES

NEW YORK, June 12.—Individuals who contributed to the League to Enforce Peace may have such contributions deducted from gross incomes in income tax returns, according to a ruling received here today from Daniel C. Roper, commissioner of internal revenue.

Commissioner Roper decided that the league qualifies as a "corporation organized and operated exclusively for educational purposes," under a section of the revenue act of 1918.

In announcing this ruling today, the national headquarters of the league said that it would affect more than 4000 persons in every state of the Union. Contributors to the league number more than 5500, the average individual contribution being \$33.

GAS FAMINE IS NEAR
IN WORCESTER

WORCESTER, June 12.—After a lengthy conference with Bernard E. Supple, secretary of the state board of arbitration, at which representatives of the Worcester Gas Light company were present, the striking gas workers in this city yesterday afternoon flatly refused to arbitrate their differences, and an appeal to Governor Coolidge was recommended by Secretary Supple.

The situation in the city is hourly growing more acute. With little more than 12 hours' supply of gas in the tanks of the company, a gas famine will occur before this noon.

The strikers insist on a straight 25 per cent increase in wages and double time on Sundays and holidays. These are the only two issues at which the principals are at differences. Secretary Supple immediately after the failure to bring about an adjustment at yesterday's conference, advised an appeal to Governor Calvin Coolidge to order a public hearing by the state board of conciliation and arbitration as the only possible means whereby the state authorities could deal with the situation.

In the absence of Mayor Holmes, Acting Mayor Fred A. Malnor is endeavoring to reach the governor as speedily as possible and request that the public hearing be ordered.

"The company is putting forth every effort to avert great damage to the gas plant which would result, if the events were permitted to cool suddenly."

In case this occurred the events would crack and regardless of the strike or its settlement the city would be without gas for at least 10 days before the damages could be repaired.

In this endeavor officials of the company and a large number of the office help gassed overalls and went to work at the plant, and a very small amount of gas was being manufactured late last night.

The strikers have volunteered the services of an emergency crew to make any repairs which might occur from a bursting of pipes or serious leaking.

CLARK SICK OF NAGGING

Sharp Attack on Republicans
Who Find Fault With
Everybody and Everything

WASHINGTON, June 12.—Continued republican attacks on the administration's conduct of the war drew a sharp speech in the house yesterday from ex-Speaker Clark.

"Two can play at this game of political harpooning," Mr. Clark declared. "It has been one-sided long enough. We democrats have sat here day after day and listened to you nag and nag and nag. I, for one, am sick of it. You have found fault with everybody and everything, basing your charges on groundless assumptions."

"An investigation of war activities has been started. Of course you will find things that were not exactly as they might have been, but I will assure that you will find nothing of major importance if the investigation is conducted fairly."

INVITE MARSHAL FOCH TO
LEGION CONVENTION

WORCESTER, June 12.—Marshal Foch and other leaders of the armies and navies allied with America in the great war will be invited to attend the first convention of the American Legion to be held at Minneapolis in November, Col. John P. J. Herbert, temporary chairman of the Massachusetts branch, announced yesterday, on his return from a two-day session of the national executive committee in New York.

A committee composed of Col. Hendry D. Linsley, temporary chairman; Lt. Col. Eric Fisher Wood, temporary secretary, and Lieut. Col. Theodore Roosevelt, was delegated to extend the invitation.

Col. Herbert brought back last night the approved charters of the first 31 posts organized in Massachusetts.

No Titles

NEW YORK, June 12.—Henry D. Linsley, chairman of the national executive committee of the American Legion, announced last night that the organization had determined to drop from the names of all members not in active service the military titles held during the war, as a means of fostering a democratic and American spirit. Mr. Linsley added that the legion would seek to influence its members to abandon "the custom handed down from the Civil war, of preserving an officer's military rank after he has returned to civil life."

BRITISH DIRIGIBLE TO
STAY HERE FEW HOURS

WASHINGTON, June 12.—Because of a lack of suitable housing accommodations on the Atlantic coast for the British dirigible R-34, the big craft will remain in the United States only six or eight hours after it arrives from England this month on the first transatlantic flight undertaken by a lighter than air craft.

In making this announcement today the British air attaché said his government had accepted the invitation of the navy department to land the ship at Cape May, N. J., the home "port" of American naval dirigibles. The crew will rest there and gas lost during the trip will be replaced.

Cleans Furniture

WILSON TO AID
IRISH CAUSE

President Will Do What He
Can To Bring Question
Before Peace Envoys

Has Already Taken Action,
He Tells Messrs. Walsh
and Dunne

PARIS, June 12.—(By Associated Press).—President Wilson yesterday told representatives of Irish societies in America that he would do what he could, unofficially, to bring the Irish question to the attention of the other peace commissioners.

Announcement to this effect was made by Frank P. Walsh and Edward F. Dunne, representatives of the Irish-Americans, after they had had a 30-minute conference with the president.

The promise made by the president was in reply to a question from Messrs. Walsh and Dunne as to what the president intended doing in view of the resolution adopted by the senate urging that the American delegation take steps to have representatives of Ireland heard by the peace conference.

Messrs. Walsh and Dunne said that they went over the situation in Ireland generally in their talk with the president.

Has Already Taken Steps

The following statement was given out after the conference yesterday: "We had a conference with the president today in which he stated that the American commissioners could not take up the case of Ireland officially with the peace conference, but that he himself and others had done, and would continue to do, unofficially, what they could in the interests of Ireland; that the American commission had not yet taken up the senate resolution requesting them to use their efforts to securing a hearing for De Valera, Griffith and Plunkett."

"Of course we will take no further steps until the American commission passes on the senate resolution. If a hearing is granted De Valera and his associates, and international recognition is secured for the Irish republic, then our work is at an end. "If the request of the senate is denied, we will proceed with our efforts to present the case of Ireland to the whole peace conference."

PLAN TO ORGANIZE
OFFICE MANAGERS

SPRINGFIELD, June 12.—Decision to organize a national association of office managers was reached at today's session of a conference of such men from all parts of the country east of the Mississippi. A. Miller, office manager of the Willis-Overland Co. of Toledo, Ohio, and Walter D. Fuller,

A WORKING GIRL'S LIFE

Day in and day out, month after month, she toils. Often she is the breadwinner of the family and must work that others may live. Tired, worn, and nervous, she must be at her place of employment on time. A great majority of such girls are on their feet from morning until night, and symptoms of female troubles are early manifested by weak and aching backs, dragging-down pains, headaches and nervousness. Such girls are asked to try that most successful of all remedies for woman's ills, Lydia E. Pinkham's Vegetable Compound, which for more than forty years has been giving girls strength to do their work.—Adv.

office manager of the Curtis Publishing Co. of Philadelphia, were the chief speakers today.

BARNEY LAWYER
FREED BY COURT

BOSTON, June 12.—Thomas F. Murphy of Cambridge, counsel for Herman L. Barney, alleged murderer, was freed by Judge Thomas H. Connelly in Brighton district court yesterday afternoon after a three-day trial on the charges that he with others were ac-

cessories after the fact in the escape of Barney from the Charles street jail. "As far as this court is concerned, you are given a clean bill of health, and you may now go out and face the world with no compunctions and with no stain on your name," said Judge Connelly on dismissing the complaint against Murphy.
